

TABLE OF CONTENTS

	PAGE
Foreword.....	xix
 PART I—PRINCIPLES AND RECOMMENDATIONS	
Chapter 1. Basic Concepts.....	3
Individual Responsibility for Health.....	3
Public Interest in Individual Health.....	4
Public and Group Responsibility.....	7
Objective.....	10
<i>Health Charter for Canadians</i>	11
Course of Action.....	13
Chapter 2. Recommendations.....	17
I. Health Services.....	18
1. Health Services Programme: Principles and Policies.....	18
2. Mental Health, Alcoholism, and Drug Addiction.....	21
3. Medical Services.....	28
4. Dental Services.....	35
5. Prescription Drug Services.....	39
6. Optical Services.....	45
7. Hospital Services (The Hospital Insurance and Diagnostic Services Act).....	51
8. Prosthetic Services and Appliances.....	58
9. Home Care Services.....	60
II. Health Personnel, Facilities and Research.....	62
10. Nurse Education and Recruitment.....	62
11. Medical Education and Recruitment.....	69
12. Dental Education and Recruitment.....	73
13. Health Professions University Grant.....	77
14. Health Facilities Development Fund.....	78
15. Health Sciences Research Council.....	79
16. Health Statistics.....	82
III. Financing and Priorities.....	83
17. Over-all Financing.....	83
18. National Health Grants.....	88
19. Priorities.....	91
Implications of Recommendations.....	92
Conclusion.....	95
Chapter 3. Changing Concepts of Health and Health Care.....	97

	PAGE
PART II—THE PEOPLE, THEIR HEALTH STATUS	
Chapter 4. Changing Structure of Population and Income.....	107
Population Growth.....	107
Age and Sex Structure.....	113
Implications for Health Needs.....	113
Implications for Labour Force Projections.....	116
Urban—Rural Distribution.....	121
Changing Incomes of Canadians.....	122
Chapter 5. Health Status of the Canadian People.....	139
Introduction.....	139
Mortality and the Life Span.....	142
Main Health Problems.....	154
Relative Magnitude of the Problem.....	211
Impact of Illness at Various Ages.....	217
Health Problems of the North.....	220
Concluding Summary.....	225
PART III—THE EXISTING HEALTH SERVICES COMPLEX	
Chapter 6. Development of Health Services.....	229
Chapter 7. Health Manpower.....	237
Medical Profession.....	237
Dental Profession.....	256
Nursing Profession.....	263
Paramedical Personnel.....	280
Paradental Personnel.....	283
Pharmaceutical Profession.....	289
Optometrists.....	290
Current Supply of Health Personnel.....	292
Chapter 8. Health Facilities and Services.....	297
Hospitals.....	298
Mental Health Facilities.....	309
Tuberculosis Facilities.....	319
International Comparison, Hospital Facilities.....	322
Health Services.....	323
Summary of Developments.....	338
Chapter 9. Drugs as a Health Service.....	339
Definition of Drugs.....	343
Role of Drugs in Modern Health Service.....	344
Public Interest.....	350
Consumer Expenditures on Prescription Drugs.....	352
Financing of Expenditures on Drugs.....	355

Drug Advisory Committee.....	370
Pharmacopocia and National Drug Formulary.....	372
Drug Information Service.....	377

	PAGE
Chapter 10. The Evolution of Health Insurance in Canada.....	381
Beginnings.....	381
Voluntary Health Insurance in Canada.....	386
Public Health Insurance in Canada.....	393
National Health Grants Programme, 1948.....	404
Public Hospital Insurance.....	405
Concluding Summary.....	420
Chapter 11. Cost of Health Services.....	423
Record of Health Spending.....	423
Demand for Health Services.....	436
Further Determinants of Spending on Health Services.....	446
Expenditures on Individual Health Services.....	457
Sources of Funds for Health Expenditures.....	473
Canadian Government Expenditures on Health Care by Level of Government.....	480
International Comparison.....	482
Health Expenditure Trends in Perspective.....	492
Chapter 12. Economic Benefits of Health Services.....	495
Health Services and Economic Growth.....	495
Employment Effects of Health Services.....	496
Health Spending — Consumption or Investment.....	499
Economic Benefits of Health Care.....	501
Indirect Benefits of Health Services.....	507
Value of Health Services.....	508
Estimated Cost of Illness.....	509
Costs and Benefits.....	516

PART IV—PRESENT PROBLEMS AND FUTURE REQUIREMENTS

Chapter 13. Personnel.....	521
Introduction.....	521
Future Supply of Physicians.....	523
Future Supply of Dentists.....	552
Future Supply of Nurses.....	576
Conclusion.....	592
Chapter 14. Hospitals.....	595
Hospital Care.....	595
Future Utilization Rates.....	596
Bed Needs.....	614
Conclusion.....	619
Chapter 15. Home Care and Rehabilitation.....	624
Organized Home Care.....	624
Rehabilitation.....	633
Conclusions.....	638

	PAGE
Chapter 16. Drug Industry.....	641
Existing Patterns of Manufacture and Distribution.....	643
Domestic Production and Imports.....	657
Advertising and Promotion.....	658
Research and Development.....	666
Physician and Drug Prescription.....	671
Chapter 17. Drug Costs and Prices.....	675
Components of Prices and Costs.....	675
Drugs Imported and Manufactured in Canada.....	690
Price Trends.....	693
International Comparison of Drug Prices (Selected).....	696
Patent Act.....	701
Trade Marks Act.....	710
Tariffs.....	712
Other Legislation.....	716
Voluntary Price Restraint.....	719
Chapter 18. Health Insurance and Government Action.....	723
Objectives and Methods of Government Action.....	723
Ability of Voluntary Insurance to Provide Comprehensive Coverage.....	727
Problems Involved in Subsidies.....	734
Issue of Compulsion.....	740
Summary and Conclusions.....	740
 PART V—FUTURE HEALTH COSTS AND THE CANADIAN ECONOMY 	
Chapter 19. Projected Output and Government Spending in Canada, 1961-1991 ..	749
Meaning of Economic Projections.....	749
Making of Economic Projections.....	751
Labour Force.....	752
From Labour Force to Production.....	758
Projected Growth of Total Real Output.....	763
Current Dollar Projections of Gross National Product.....	765
Allocation of Output.....	766
Alternative Projections of Output.....	769
Public Sector in the Canadian Economy.....	771
Projected Government Spending.....	777
Government Expenditures on Transfer Payments and Subsidies..	782
Projected Total Government Expenditures.....	784
Conclusion.....	786
Chapter 20. Projected Health Expenditures, 1961-1991.....	789
Projection of Output of Health Services and Health Capital, 1961-1991.....	790
Current Dollar Projections of Spending on Health Services and Health Capital, 1966 and 1971.....	800

	PAGE
