We have received your e-mail and phone call at the Bill & Melinda Gates Foundation.

Your project has been reviewed: unfortunately, it falls outside the strategy of the Global Health Program.

The Foundation's current focus includes:

- The Library program, a \$200 million commitment to provide computer hardware, software, and training to U.S. and Canadian public libraries in low-income communities.
- Advancing student learning and achievement by investing in the professional development of teachers, principals and superintendents and the development of high-achievement model schools and districts.
- Organizational and project funding for community service based programs in the Pacific Northwest.
- Global Health programs focusing on vaccine development, disease elimination and eradication, and reproductive and child health.
- The Gates Millennium Scholarships Program, [www.gmsp.org](http://www.gmsp.org) and the Gates Cambridge Scholarship, [www.gates.scholarships.cam.ac.uk](http://www.gates.scholarships.cam.ac.uk).

If you would like additional information about our programs, please visit our web site at <http://www.gatesfoundation.org>.

We wish you the best in your endeavors and hope this information will be helpful to you.

Dear Bill and Melinda :

Personal and confidential

Disclaimer :

Pls. be advised that following information may be perceived as volatile or of controversial or unconventional nature, or it may appear not to fit the immediate funding guidelines of your foundation. However we are suggesting and entirely new approach to "Global Health"

, which effects all of us and for this reason we are prepared to risk rejection.

Also billions of dollars may be saved that would otherwise be wasted on ineffective programs, that do little if anything, to stop the downward trend toward dis-ease and global warming.

We sincerely hope that your organization will be flexible and open minded to new opportunities for involvement in "Global Health" in a way that will create genuine and irreversible change for the better. The choice is yours.

#### CONGRADULATIONS

As per our messages by phone today, we suggested to be flagged at the monitoring center, to your rep. Mr. Fouad at 10:50 Eastern Standard Time and Subsequently, to your office, to Monica and Cristen at Redmond and also about 45 minutes ago to this foundation.

re: "Global Public Information Network (t.m.)", for "Media Anonymous (t.m.),  
Junk Food Anonymous (t.m.), Z.P.G. NOW\* (t.m.), founding of a Global Technethics  
Department at University of Toronto and  
"George Kasey (tm.) Educational Program Production Fund"  
-Request for 100 M.\$ U.S. and or 2% shares of Msnet.com  
Or which ever is greater, for a "Global Public Information Network (tm.)"  
And /or for "Global Health" education grant.

Your e- philanthropy is impressive and noble work (PBS).

May we suggest that you consider, our concern however

That it may be misdirected funding with little positive effect.

Not enough is channeled to prevention. Our "Z.P.G. NOW (tm.)" is a new direction in population control, based on the current information availability, of our recent disclosures on the subject of "Herbal Birth Control \* (tm.)". Nature has provided (Hu)mankind with herbs that have up until the 16<sup>th</sup> CE. been used to keep populations down.

See "Eve's Herbs" by John Riddle of Harvard University.

All of our modern environmental crisis can be traced to the suppression of this information by

the media interests of the Medical, Sucrose and Church monopolies. The reversal of global warming, famine, dis-ease, the energy crisis and nuclear war can all be stopped by global education and the reversal of the false information that is now the main stream.

That Education will save humanity is not a new idea. These were the ideals of humanists of the enlightenment, philosophers like Helvetius and Condorcet. Unfortunately, like the worlds Religions, this understanding has been perverted and exploited for private gain.

The founding and establishment of a "Global Public Information Network (tm.)", a global bias free info. provider that is not a co-dependent entity influenced by any vested interest group, has been the lifelong dream and objective of the life work of independent thinker, writer and producer George Kasey (tm.). The "G.P.I.N.(tm.)" has ethical guidelines based on the principles of established recovery programs with track records, like The 12 Step Programs. It is an advertising free, global, as yet un registered "\*\*World Services (inc.)", net based not for profit Organization dedicated to "World Health" through education. We are free to deliver the relevant facts about "Herbal Birth Control not concerned with Profit margins of corporations e.g.: pharmaceutical companies. Our policy of corporate poverty does not preclude that we will not be able to manage a 100M.\$ global educational Re-Programming budget, only that we are "renounced"

and have no personal profit motive. The Spiritual Franciscans, Early Templars and other orders bespeak of the great bounty that comes from service rendered without thought of personal glory or fame. As exemplars We intend to channel the return to the human race of its indigenous birth right to information about such essentials to life as natural "Herbal Birth Control (t.m.)" and "Natural Hygiene "

. Some vested interests some endeavor to dismiss such a program.

With your help and personal commitment however there may be a chance that such a reaction

will be neutralized before it happens. This is an invitation to "tell the truth, the whole Truth and nothing but the truth." and a suggestion :  
"know ye the truth And the truth shall set ye free."

Your support for the

Establishment of the "George Kasey (tm.) ", "Global Public Information Network (tm.)" will give scientific unbiased answers to the question :

"...herbal emenagogues can be grown in her own garden and taken when needed at no cost

. Why is the public not informed? ..." in :

<http://www3.sympatico.ca/anonymou/>

at :

<http://www3.sympatico.ca/anonymou/query2.html>

Programs like "Media Anonymous (tm.) and Junk Food Anonymous (tm.) will be represented and media control and Special interest group Domination of issues concerning "Global Health" will finally be addressed in a democratic forum instead of being exploited for glory and profit.

Thank you,

Gk/ Media Anonymous (t.m.) Founding Member
