

TABLE OF CONTENTS

	PREFACE	i
CHAPTER ONE	INTRODUCTION	
	The Risks of Offshore Drilling	3
	<i>Seminar: Risk Analysis</i>	11
CHAPTER TWO	ENVIRONMENT	
	Ice and Ice Management	15
	Marine Climatology	25
	Weather Forecasting Services	31
	Wave Climatology	37
	Oceanographic Information	45
	Seabed Information	51
	<i>Seminar: The Environment</i>	55
CHAPTER THREE	DESIGN	
	Mobile Offshore Drilling Unit Design Evolution	61
	Continuity from Design To Operation	69
	Jack-up Rig Design	77
	<i>Seminar: Model Testing</i>	82
CHAPTER FOUR	SAFETY MANAGEMENT	
	Industry Safety Management	87
	Command Structures	91
	Communications	95
	<i>Seminar: Safety Management</i>	98
CHAPTER FIVE	TRAINING	
	Marine and Safety Training	103
	<i>Seminar: Offshore Training</i>	111

CHAPTER SIX	HEALTH	
	Occupational Health and Safety	117
	<i>Seminar: Occupational Health</i>	125
CHAPTER SEVEN	ESCAPE AND SURVIVAL	
	Escape and Survival Systems	131
CHAPTER EIGHT	RESCUE	
	Search and Rescue Operations	141
CHAPTER NINE	REGULATIONS	
	Offshore Regulatory Systems	155
	Canadian Regulatory Management	165
	APPENDICES	
	<i>Seminar Participants:</i>	
	A. Risk Analysis	175
	B. The Environment	177
	C. Model Testing	181
	D. Safety Management	183
	E. Offshore Training	185
	F. Occupational Health	187
