PART ONE Introduction.....	1
Section I The Work of the Commission.....	3
Appointment of the Commission.....	3
The Commission's Interpretation of Its Terms of Reference.....	4
The Public Hearings.....	5
The Commission's Research Program and Staff	6
Consultation and Advice.....	9
Administrative Staff.....	9
The Reports of the Commission.....	10
The Appendices.....	11
Translation.....	11
Section II Some Preliminary Observations.....	12
The Problems Involved in Non-Medical Drug Use.....	12
The Importance of Multi-Drug Use.....	13
Social Policy and Individual Policy.....	13
Governmental and Non-Governmental Action.....	14
The Objectives of Social Policy.....	15
The Means of Social Response.....	19
The Appropriateness and Effectiveness of the Various Instruments of Social Policy.....	21
The Wise Exercise of Freedom of Choice.....	21
Section III The Causes of Non-Medical Drug Use.....	23
Section IV The General Proportions of the Problem.....	36
PART TWO Legal Controls.....	45
Section V The Use of the Criminal Law Against Non-Medical Drug Use.....	47
The Issue of Principle.....	47
The Effectiveness of the Criminal Law.....	53
The Costs of the Criminal Law.....	56
The Creation of an Illicit Market.....	56

	<i>Page</i>
Effect on Resort to Treatment.....	57
Effect on Drug Education.....	57
Demand on Law Enforcement Resources.....	57
The Stigma of Criminal Conviction.....	58
The Effect of Imprisonment.....	58
Notes.....	61
Section VI Control of Availability.....	63
Introduction.....	63
International Control Policy.....	64
International Drug Control Agencies.....	64
The Requirements of the International Agreements.....	65
Canadian Legislative and Administrative Provisions with Respect to the Control of Availability.....	71
The Narcotic Control Act.....	71
Licensed Dealers.....	71
Pharmacists.....	72
Practitioners.....	72
Hospitals.....	73
Special Regulations Governing Methadone.....	73
Administrative Action in the Case of Violation of the Regulations by Practitioners or Pharmacists.....	73
Authorizations for Purposes of Research and Drug Identification and Analysis.....	73
Summary of Persons Authorized to be in Possession of Narcotics.....	74
“Prescription Shopping”.....	74
Penalty for Violation of <i>Narcotic Control Regulations</i>	74
The Prohibitions in the <i>Narcotic Control Act</i>	74
The Food and Drugs Act.....	74
Special Controls on the Medical Use of the Amphetamines and Amphetamine-Like Drugs.....	77
Schedule F Drugs.....	77
Over-the-Counter Drugs.....	79
Prohibited Drugs.....	79
The Criteria Governing the Scheduling of Drugs for Control Purposes.....	80
Administration of the Canadian Controls on Availability for Medical and Scientific Purposes.....	80
Other Legal Controls on Availability.....	81
Law Enforcement Against Illicit Production and Trafficking.....	82
International Cooperation.....	82

Contents

	<i>Page</i>
Enforcement in Canada.....	82
The R.C.M. Police.....	82
Customs.....	83
Convictions and Seizures Involving Narcotics.....	83
Restricted Drugs.....	86
Controlled Drugs.....	87
Conclusions and Recommendations.....	88
Relative Effectiveness of Law Enforcement Against Trafficking....	88
Whether Canadian Law Is Sufficiently Severe.....	89
The Effect of Parole.....	91
Minor Distribution Between Users.....	91
Controls on the Availability of Drugs for Medical Purposes.....	91
Protection Against Loss or Theft.....	91
Controls on Schedule F Drugs.....	92
Limitations on Production and Uses for Medical Purposes....	93
Controls on Prescribing Practices.....	95
Drug Classification for Control Purposes.....	96
Is a New Legislative and Administrative Codification Desirable?	97
Should Canada Become a Party to the <i>Convention on Psychotropic Substances?</i>	103
Notes.....	105
 Section VII Control of the User.....	108
The Requirements of the International Conventions.....	108
Canadian Law and Law Enforcement with Respect to Control of the User.....	110
The Prohibitions.....	110
Penalties.....	111
Convictions.....	111
The Opiate Narcotics.....	111
The Restricted Drugs.....	114
Other Legislation with Respect to the User.....	114
The Issues with Respect to Control of the User.....	115
Conclusions and Recommendations with Respect to Control of the User.....	127
The Offence of Simple Possession.....	127
The Use of Control for the Management of Opiate Dependence..	134
Whether There Should Be an Offence of Use.....	138
Notes.....	141

	<i>Page</i>
PART THREE Treatment and Rehabilitation.....	145
Section VIII General Observations Concerning Treatment.....	147
Section IX Opiate Maintenance.....	152
Methadone Maintenance.....	152
Growing Support for Methadone Maintenance.....	152
Concerns About Methadone Maintenance.....	153
The Commission's Position on Methadone Maintenance.....	155
The Methadone Control Program of the Federal Government.....	157
Jurisdictional Issues.....	158
Commentary on the Federal Control Program.....	160
Responsibility for Establishing the Necessary Treatment Capacity.....	164
Monitoring of Methadone Patients.....	166
Relationship of Methadone Maintenance to Other Treatment Programs.....	167
Heroin Maintenance.....	168
Notes.....	171
Section X The Therapeutic Community.....	172
Section XI Social Rehabilitation.....	177
PART FOUR Non-Coercive Influences.....	179
Section XII Research and Information.....	181
Introduction.....	181
Research.....	183
Perspectives and Recommendations of Previous Commission Reports.....	184
The Non-Medical Use of Drugs Directorate and Related Federal Programs: An Overview.....	185
General Observations and Recommendations.....	188
Illicit 'Street Drug' Analysis Facilities.....	192
Overview of Issues and Recommendations.....	195
Scientific and Technical Information.....	196
Perspectives and Recommendations of Previous Commission Reports.....	197
The Range of Information Services Needed.....	199
The Non-Medical Use of Drugs Directorate Information Program.....	199
The Role of Existing Information Resources.....	200
Government Statistics.....	201

	<i>Page</i>
Further Observations and Recommendations Regarding the NMUD Programs.....	203
Notes.....	206
Section XIII Drug Education.....	207
Section XIV The Mass Media.....	216
Section XV Innovative Services.....	232
Section XVI The Family and Spiritual Influences.....	234
The Family.....	234
Spiritual Influences.....	237
PART FIVE Additional Conclusions and Recommendations.....	239
Additional Conclusions and Recommendations of Marie-Andrée Bertrand	241
Introduction.....	241
The Futility of the Offence of Simple Possession as a Deterrent to Drug Use.....	242
Compulsory Treatment: An Illusion.....	245
Control and Limitation of Hard Drug Use without Recourse to Criminal Law.....	247
Measures for Combatting Illegal Importation, Manufacture and Sale of Hard Drugs.....	250
Better Use of Police Resources.....	250
Additional Penalties for Illegal Importation, Manufacture and Distribution.....	251
The Dangers of Immoderate Use of Mood-Changing Substances	251
Recommendations.....	252
Additional Conclusions and Recommendations of Ian L. Campbell.....	254
Introduction.....	254
The Context for Social Policy.....	254
The Rapid Increase in the Use of and Addiction to the Opiate Narcotics.....	254
Principal Causes of the Increase of Opiate Narcotic Use.....	255
The Availability of Opiate Narcotics.....	255
The Presence of Opiate Narcotic Users.....	258
Increase in the Size of the Population at Risk to Opiate Narcotic Use.....	259
The Nature of the Opiate Narcotics.....	261

	<i>Page</i>
The Objectives of Social Policy.....	264
The Priorities of Social Policy.....	264
The Efficacy of Existing Laws as a Device of Control.....	265
Recommendations with Reference to the Law Respecting the Opiate Narcotic User.....	265
The Treatment of Opiate Narcotic Users.....	271
Additional Recommendations Concerning the Opiate Narcotics.....	272
Thebaine.....	272
Cocaine.....	273
APPENDICES.....	275
Appendix A <i>The Drugs and Their Effects</i>	277
A.1 <i>Introduction</i>	277
Overview.....	277
The Definition of Psychotropic Drugs.....	278
The Role of Science.....	279
The Classification of Drugs.....	280
The Identity of Illicit Drugs.....	284
Psychological Considerations.....	285
Pharmacological Considerations.....	286
The Importance of Dose.....	287
The Importance of Time.....	288
Main Effects and Side Effects.....	289
Drug Interaction.....	289
Tolerance, Dependence and Addiction.....	290
Tolerance.....	290
Physical Dependence.....	291
Psychological Dependence.....	292
The Concept of Addiction.....	293
Scientific Methods.....	294
The Role of Statistics and the Problem of Sampling.....	294
Experimental Methods.....	295
Clinical Observations and Adverse Reactions.....	297
A.2 <i>Opiate Narcotics</i>	299
Introduction.....	299
Medical Use.....	302
Chemical Analysis of Illicit Samples in Canada.....	303
Administration, Absorption, Distribution and Physiological Fate.....	305
Detection of Opiate Narcotics in Body Fluid and Tissue.....	305

	<i>Page</i>
Psychological Effects.....	307
Physiological Effects.....	309
Acute Toxic Reactions and Death.....	310
Tolerance and Dependence.....	315
Opiate Narcotics and Crime.....	321
Opiate Narcotics and Other Drugs.....	322
Pharmacological Interaction.....	322
Progression to Heroin from Cannabis and Other Drugs.....	323
An Overview of Methadone and Long-Acting Methadone Derivatives.....	325
Introduction.....	325
Medical Use.....	326
Administration, Absorption, Distribution and Physiological Fate.....	326
Effects, Tolerance and Dependence.....	326
Opiate Narcotic Antagonists.....	331
A.3 Amphetamines and Amphetamine-Like Drugs.....	334
Introduction.....	334
Medical Use.....	336
Chemical Analysis of Illicit Samples in Canada.....	337
Administration, Absorption, Distribution and Physiological Fate	338
Moderate-Dose Effects.....	339
High-Dose Effects.....	340
"Speed Kills".....	344
Driving.....	345
Tolerance and Dependence.....	346
Amphetamines and Other Drugs.....	347
Antagonists.....	347
A.4 Cocaine.....	348
Introduction.....	348
Medical Use.....	350
Chemical Analysis of Illicit Samples in Canada.....	350
Administration, Absorption, Distribution and Physiological Fate.....	350
Psychological Effects.....	351
Physiological Effects.....	352
Tolerance and Dependence.....	353
Cocaine and Other Drugs.....	353
A.5 Hallucinogens.....	353
Introduction.....	353
Medical Use.....	359

	<i>Page</i>
Chemical Analysis of Illicit Samples in Canada.....	359
Overview.....	362
Administration, Absorption, Distribution and Physiological Fate.....	363
Psychological Effects.....	364
Adverse Psychological Reactions.....	369
Physiological Effects.....	380
Chromosome and Birth Effects.....	382
Physical Toxicity and Death.....	383
Tolerance and Dependence.....	384
Hallucinogens and Other Drugs.....	385
 A.6 Alcohol.....	 386
Introduction.....	386
Medical Use.....	389
Chemical Analysis of Illicit Samples in Canada.....	389
Administration, Absorption, Distribution and Physiological Fate.....	390
Short-Term Effects.....	391
Driving.....	393
Long-Term Effects.....	395
General Physical Health.....	396
Adverse Psychological and Neurological Reactions.....	399
Alcohol and Death.....	401
Alcohol and Crime.....	402
Tolerance and Dependence.....	404
Alcohol and Other Drugs.....	406
Pharmacological Interaction.....	406
Barbiturates.....	406
Non-Barbiturate Sedatives and Minor Tranquilizers....	406
Volatile Solvents.....	407
Major Tranquilizers.....	407
Anti-Depressants.....	407
Opiate Narcotics.....	407
Stimulants.....	408
Cannabis and Hallucinogens.....	408
Non-Psychotropic Drugs and Antagonists.....	408
Patterns of Multiple Drug Use.....	410
 A.7 Barbiturates.....	 412
Introduction.....	412
Medical Use.....	414

	<i>Page</i>
Chemical Analysis of Illicit Samples in Canada.....	415
Administration, Absorption, Distribution and Physiological Fate.....	416
Psychological Effects.....	417
Driving.....	417
Psychiatric Complications.....	418
Crime.....	419
Physiological Effects.....	420
Self-Poisoning, Suicide and Accidental Death.....	421
Tolerance and Dependence.....	424
Barbiturates and Other Drugs.....	426
A.8 Minor Tranquillizers and Non-Barbiturate Sedative-Hypnotics....	428
Introduction.....	428
Medical Use.....	432
Chemical Analysis of Illicit Samples in Canada.....	433
Administration, Absorption, Distribution and Physiological Fate.....	433
General Effects.....	434
Driving.....	434
Toxicity, Poisoning and Death.....	435
Tolerance and Dependence.....	437
Minor Tranquillizers, Non-Barbiturate Sedatives and Other Drugs.....	438
A.9 Volatile Substances: Solvents and Gases.....	439
Introduction.....	439
Medical Use.....	442
Administration, Absorption, Distribution and Physiological Fate.....	442
Effects.....	442
Tolerance and Dependence.....	445
Solvents and Other Drugs.....	446
A.10 Tobacco.....	447
Introduction.....	447
Medical Use.....	449
Administration, Absorption, Distribution and Physiological Fate.....	449
Physiological Effects.....	450
Acute Effects.....	450
Chronic Effects.....	451
Psychological Effects.....	452
Tolerance and Dependence.....	454
Tobacco and Other Drugs.....	456
