INTRODUCTION

- [7](#) Q2T. On your farm operation, do you produce...?
- [8](#) Q3T. To begin, have you heard of the Canadian Grain Commission?
- [9](#) Q4T. Based on your own experience or what you have read, seen or heard, what is your overall impression of the Canadian Grain Commission? Please use a scale of 1 to 7, where 1 means a very poor impression and 7 means an excellent impression.
- [10](#) Q4T_x. Based on your own experience or what you have read, seen or heard, what is your overall impression of the Canadian Grain Commission? Please use a scale of 1 to 7, where 1 means a very poor impression and 7 means an excellent impression.
- [11](#) Q5T. Using a scale from 1 to 7, where 1 means not at all useful and 7 means very useful, in your opinion, how useful is the Canadian Grain Commission to producers?

CGC PRODUCER SATISFACTION SURVEY

- [12](#) Q6. USEFUL SUMMARY TABLE [Top2Box]
- [13](#) Q6. NOT USEFUL SUMMARY TABLE [Low2Box]
- [14](#) Q6. MEAN SUMMARY TABLE
- [15](#) Q6. I am going to read out a list of some of the activities of the Canadian Grain Commission, using a scale of 1 to 7, where 1 means not at all useful and 7 means very useful, please indicate how useful you think each one is. 1) Grain grading (general)?
- [16](#) Q6. I am going to read out a list of some of the activities of the Canadian Grain Commission, using a scale of 1 to 7, where 1 means not at all useful and 7 means very useful, please indicate how useful you think each one is. 2) Establishing Canada's grain grades?
- [17](#) Q6. I am going to read out a list of some of the activities of the Canadian Grain Commission, using a scale of 1 to 7, where 1 means not at all useful and 7 means very useful, please indicate how useful you think each one is. 3) Providing grain grades to farmers who send in samples?

18	Q6. I am going to read out a list of some of the activities of the Canadian Grain Commission, using a scale of 1 to 7, where 1 means not at all useful and 7 means very useful, please indicate how useful you think each one is. 4) Settling grading disputes between farmers and grain companies/elevator managers?
19	Q6. I am going to read out a list of some of the activities of the Canadian Grain Commission, using a scale of 1 to 7, where 1 means not at all useful and 7 means very useful, please indicate how useful you think each one is. 5) Operating service centres across the prairies that provide grain grading and inspection services?
20	Q6. I am going to read out a list of some of the activities of the Canadian Grain Commission, using a scale of 1 to 7, where 1 means not at all useful and 7 means very useful, please indicate how useful you think each one is. 6) Grading grain for export / at terminal elevators?
21	Q6. I am going to read out a list of some of the activities of the Canadian Grain Commission, using a scale of 1 to 7, where 1 means not at all useful and 7 means very useful, please indicate how useful you think each one is. 7) Grain quality (general)?
22	Q6. I am going to read out a list of some of the activities of the Canadian Grain Commission, using a scale of 1 to 7, where 1 means not at all useful and 7 means very useful, please indicate how useful you think each one is. 8) Conducting the harvest survey to determine crop quality?
23	Q6. I am going to read out a list of some of the activities of the Canadian Grain Commission, using a scale of 1 to 7, where 1 means not at all useful and 7 means very useful, please indicate how useful you think each one is. 9) Conducting grain quality research?
24	Q6. I am going to read out a list of some of the activities of the Canadian Grain Commission, using a scale of 1 to 7, where 1 means not at all useful and 7 means very useful, please indicate how useful you think each one is. 10) Coordinating Canada's grain quality assurance system?
25	Q6. I am going to read out a list of some of the activities of the Canadian Grain Commission, using a scale of 1 to 7, where 1 means not at all useful and 7 means very useful, please indicate how useful you think each one is. 11) Monitoring grain shipments to ensure they are safe?
26	Q6. I am going to read out a list of some of the activities of the Canadian Grain Commission, using a scale of 1 to 7, where 1 means not at all useful and 7 means very useful, please indicate how useful you think each one is. 12) Licensing grain companies?
27	Q6. I am going to read out a list of some of the activities of the Canadian Grain Commission, using a scale of 1 to 7, where 1 means not at all useful and 7 means very useful, please indicate how useful you think each one is. 13) Making sure farmers get paid when they sell grain to licensed grain companies?
28	Q6. I am going to read out a list of some of the activities of the Canadian Grain Commission, using a scale of 1 to 7, where 1 means not at all useful and 7 means very useful, please indicate how useful you think each one is. 14) Upholding the rights of grain producers?
29	Q6. I am going to read out a list of some of the activities of the Canadian Grain Commission, using a scale of 1 to 7, where 1 means not at all useful and 7 means very useful, please indicate how useful you think each one is. 15) Gathering statistics & keeping records of grain movement and grain export sales?
30	Q6. I am going to read out a list of some of the activities of the Canadian Grain Commission, using a scale of 1 to 7, where 1 means not at all useful and 7 means very useful, please indicate how useful you think each one is. 16) Helping grain marketers sell Canadian grain?
31	Q6. I am going to read out a list of some of the activities of the Canadian Grain Commission, using a scale of 1 to 7, where 1 means not at all useful and 7 means very useful, please indicate how useful you think each one is. 17) Allocating producer cars?

[32](#) Q6. I am going to read out a list of some of the activities of the Canadian Grain Commission, using a scale of 1 to 7, where 1 means not at all useful and 7 means very useful, please indicate how useful you think each one is. 18) Crop variety approvals?

GRADING SERVICES

[33](#) Q7T. On a scale of 1 to 7, where 1 means not at all important and 7 means very important, how important is it to you that the Canadian Grain Commission provide grading services to producers - that is when producers can directly send in samples to the CGC and receive a grade for a fee?

[34](#) Q8T. Have you used the Canadian Grain Commission grain grading service for producers any time in the past three crop years?

[35](#) Q9T. On a scale of 1 to 7, where 1 means that you were very dissatisfied and 7 means you were very satisfied, how satisfied were you with the CGC grading services for producers-not the grade you received-but the services you were provided?

[36](#) Q10T. Do you strongly agree, somewhat agree, somewhat disagree or strongly disagree that having the CGC set grain grades and standards help uphold Canada's reputation for consistent and reliable grain quality?

[37](#) Q11T. As part of the CGC's producer protections, if a producer does not agree with the grade and dockage assessed by a primary elevator, the producer can ask the CGC to determine grade and dockage and make a binding decision. On a scale of 1 to 7, where 1 means not at all important and 7 means very important, how important do you find this service?

[38](#) Q12T. And, over the course of the last three crop years, have you asked the Canadian Grain Commission to make a binding decision and determine the grade and dockage of a grain delivery?

[39](#) Q13T. And on a scale of 1 to 7, where 1 means it is not at all useful and 7 means it is very useful, how useful do you think this service is to producers such as yourself?

[40](#) Q14. Why haven't you used this service?

[41](#) Q15. Industry representatives and farm groups have asked the CGC to explore using instrumentation to assess quality parameters. What are the quality parameters you'd like to see assessed via instrumentation rather than by a visual inspection?

SAMPLING, INSPECTION, WEIGHING AND QUALITY

[42](#) Q16T. Do you strongly agree, somewhat agree, somewhat disagree or strongly disagree that having the CGC's sampling, inspection and weighing services help uphold Canada's reputation for consistent and reliable grain quality?

[43](#) Q17T. Why is it that you Strongly/Somewhat agree?

[44](#) Q17T. Why is it that you Somewhat/ Strongly disagree?

[45](#) Q18. Please tell me whether you strongly agree, somewhat agree, somewhat disagree or strongly disagree with the following statement: The Canadian Grain Commission's quality assurance system serves producers well.

LICENSING AND SECURITY

[46](#) Q19T. As part of the Canadian Grain Commission's producer protections, the CGC has a licensing and security program, where grain elevators and grain dealers must post security that covers the amount they owe farmers. If a company or dealer can't or won't pay, eligible producers could be paid from this security. On a scale of 1 to 7, where 1 means not at all important and 7 means very important, how important is it to you that the Canadian Grain Commission provides producers with payment protection?

[47](#) Q20T. Do you strongly agree, somewhat agree, somewhat disagree or strongly disagree that the CGC's licensing and security program protects producers from the risk of not getting paid by a grain company?

PRODUCER CARS

- [48](#) Q21T. Under the Canada Grain Act, grain producers are entitled to order producer cars from the Canadian Grain Commission directly or through an administrator who forwards the application to the Canadian Grain Commission. Did you use producer cars to ship your grain in the past 3 crop years?
- [49](#) Q22T. On a scale of 1 to 7, where 1 means not at all satisfied and 7 means very satisfied, how satisfied were you with how the CGC helps farmers order producer cars?
- [50](#) Q22T_x. On a scale of 1 to 7, where 1 means not at all satisfied and 7 means very satisfied, how satisfied were you with how the CGC helps farmers order producer cars?

SERVICE CENTRES

- [51](#) Q23. YES SUMMARY TABLE
- [52](#) Q23. In the past three crop years, have you used any of the following services at a Canadian Grain Commission service centre: 1) Binding decision on grade and dockage through a submitted sample inspection subject to inspector's grade and dockage ?
- [53](#) Q23. In the past three crop years, have you used any of the following services at a Canadian Grain Commission service centre: 2) Submitted sample for grade, dockage, protein, moisture content, test weight ?
- [54](#) Q23. In the past three crop years, have you used any of the following services at a Canadian Grain Commission service centre: 3) Submitted sample for analytical tests, that is, falling number, entomology, vomitoxin, protein and oil in soybeans ?
- [55](#) Q23. In the past three crop years, have you used any of the following services at a Canadian Grain Commission service centre: 4) Seeking information about grain grades ?
- [56](#) Q23. In the past three crop years, have you used any of the following services at a Canadian Grain Commission service centre: 5) Seeking information about getting paid for a grain delivery ?
- [57](#) Q23. In the past three crop years, have you used any of the following services at a Canadian Grain Commission service centre: 6) Getting help with a complaint about a grain company or grain dealer ?
- [58](#) Q23. In the past three crop years, have you used any of the following services at a Canadian Grain Commission service centre: - Binding decision on grade and dockage through a submitted sample inspection subject to inspector's grade and dockage - Submitted sample for grade, dockage, protein, moisture content, test weight - Submitted sample for analytical tests, that is, falling number, entomology, vomitoxin, protein and oil in soybeans - Seeking information about grain grades - Seeking information about getting paid for a grain delivery - Getting help with a complaint about a grain company or grain dealer
- [59](#) Q24A. On a scale of 1 to 7, where 1 means not at all valuable and 7 means very valuable, how valuable do you think a service centre in your province is to producers such as yourself?

RESEARCH

- [60](#) Q25T. Canada's grain quality system is based on scientific research carried out by the Canadian Grain Commission. Using a scale of 1 to 7 where 1 means not at all important and 7 means very important, in your opinion, how important is it that Canada's grain grading system be based on scientific research?

USER FEES AND COST RECOVERY

- [61](#) Q26. The CGC recovers most of its costs through fees. Currently, for every tonne of grain that is exported, the CGC's grain quality assurance system costs about \$1.80 per tonne. The CGC is proposing to reduce this cost to \$1.50 per tonne. Most of these costs are ultimately paid by grain producers whose grain is exported. Do you agree with this proposed reduction in fees?

SURPLUS

- [62](#) Q27. As a result of higher than expected grain volumes and lower than expected spending, the CGC has accumulated a surplus of \$107 million as of September 30, 2016. In your opinion, what are your top three choices for what CGC should do with this surplus?
-
- [63](#) Q27A. As a result of higher than expected grain volumes and lower than expected spending, the CGC has accumulated a surplus of \$107 million as of September 30, 2016. In your opinion, what are your top three choices for what CGC should do with this surplus?
-
- [64](#) Q27B. As a result of higher than expected grain volumes and lower than expected spending, the CGC has accumulated a surplus of \$107 million as of September 30, 2016. In your opinion, what are your top three choices for what CGC should do with this surplus?

DEMOGRAPHICS

- [65](#) Q28T. AGE:
-
- [66](#) Q29T. What was the highest level of formal education you attained?
-
- [67](#) Q30AT. How many acres did you have under crop this year?
-
- [68](#) Q31T. Which of the following categories best describes what you expect your total farm sales to be in 2016?

Q11T. As part of the CGC's producer protections, if a producer does not agree with the grade and dockage assessed by a primary elevator, the producer can ask the CGC to determine grade and dockage and make a binding decision. On a scale of 1 to 7, where 1 means not at all important and 7 means very important, how important do you find this service?

	TOTAL	FARM OPERATION		AWARE OF CANADIAN GRAIN COMMISSION		TOTAL FARM SALES 2016				FARM SIZE

SAMPLING, INSPECTION, WEIGHING AND QUALITY

Q16T. Do you strongly agree, somewhat agree, somewhat disagree or strongly disagree that having the CGC's sampling, inspection and weighing services help uphold Canada's reputation for consistent and reliable grain quality?

Q19T. As part of the Canadian Grain Commission's producer protections, the CGC has a licensing and security program, where grain elevators and grain dealers must post security that covers the amount they owe farmers. If a company or dealer can't or won't pay, eligible producers could be paid from this security. On a scale of 1 to 7, where 1 means not at all important and 7 means very important, how important is it to you that the Canadian Grain Commission provides producers with payment protection?

PRODUCER CARS

Q21T. Under the Canada Grain Act, grain producers are entitled to order producer cars from the Canadian Grain Commission directly or through an administrator who forwards the application to the Canadian Grain Commission. Did you use producer cars to ship your grain in the past 3 crop years?

Q25T. Canada's grain quality system is based on scientific research carried out by the Canadian Grain Commission. Using a scale of 1 to 7 where 1 means not at all important and 7 means very important, in your opinion, how important is it that Canada's grain grading system be based on scientific research?

Q26. The CGC recovers most of its costs through fees. Currently, for every tonne of grain that is exported, the CGC's grain quality assurance system costs about \$1.80 per tonne. The CGC is proposing to reduce this cost to \$1.50 per tonne. Most of these costs are ultimately paid by grain producers whose grain is exported. Do you agree with this proposed reduction in fees?
