## Table of Contents

Table Description
1 Q1. What comes to mind when you think about pesticides and pesticide use?

2 Q2_1. [Herbicides, which are used against weeds] To what extent do you agree that the following pesticides and pest control products can be used safely?

3 Q2_2. [Insecticides, which are used against bugs] To what extent do you agree that the following pesticides and pest control products can be used safely? Q2_3. [Fungicides and antimicrobial agents, which are used against fungus and other micro organisms] To what extent do you agree that the following $4 \quad$ pesticides and pest control products can be used safely?

5 Q2_4. [Material and wood preservatives] To what extent do you agree that the following pesticides and pest control products can be used safely? Q2_5. [Rodenticides, which are used against mice and rats] To what extent do you agree that the following pesticides and pest control products can be used $\underline{6}$ safely?

7 Q2_6. [Animal and insect repellents] To what extent do you agree that the following pesticides and pest control products can be used safely?
Q2_7. [Insect- and rodent-controlling devices, such as mosquito zappers and mouse traps] To what extent do you agree that the following pesticides and pest 8 control products can be used safely?

Q2_8. [Algicides, which can be used to control algae in pools and spas] To what extent do you agree that the following pesticides and pest control products
$\underline{9} \quad$ can be used safely?
10 Q2. [SUMMARY - TOPBOX (STRONGLY AGREE)] To what extent do you agree that the following pesticides and pest control products can be used safely? Q2. [SUMMARY - TOP2BOX (STRONGLY/ SOMEWHAT AGREE)] To what extent do you agree that the following pesticides and pest control products can be 11 used safely?

Q2. [SUMMARY - LOW2BOX (SOMEWHAT/ STRONGLY DISAGREE)] To what extent do you agree that the following pesticides and pest control products can be
12 used safely?

13 Q2. [SUMMARY - LOWBOX (STRONGLY DISAGREE)] To what extent do you agree that the following pesticides and pest control products can be used safely? Q3. How frequently within the past 12 months have you used a pesticide or pest control product (such as herbicides, insecticides, fungicides, insect repellants 14 and rodent traps)?

Q4_1. [Residential private property, by homeowners] To what extent do you think it is acceptable to use pesticides/pest control products in each of the following areas?

16 Q4_2. [Public green spaces] To what extent do you think it is acceptable to use pesticides/pest control products in each of the following areas?

Q4_3. [Fruits and vegetables, and their products to be sold in Canada or exported] To what extent do you think it is acceptable to use pesticides/pest control

Q4_4. [Food to be imported into Canada] To what extent do you think it is acceptable to use pesticides/pest control products in each of the following areas? Q4_5. [In and around barns where agricultural animals are housed, such as poultry houses and cattle barns] To what extent do you think it is acceptable to 19 use pesticides/pest control products in each of the following areas?

20 Q4_6. [In the commercial forestry sector] To what extent do you think it is acceptable to use pesticides/pest control products in each of the following areas? Q4_7. [On building materials such as plywood and hardwood flooring] To what extent do you think it is acceptable to use pesticides/pest control products in
21 each of the following areas?
Q4. [SUMMARY - TOPBOX (VERY ACCEPTABLE)] To what extent do you think it is acceptable to use pesticides/pest control products in each of the following 22 areas?

Q4. [SUMMARY - TOP2BOX (VERY/ SOMEWHAT ACCEPTABLE)] To what extent do you think it is acceptable to use pesticides/pest control products in each of 23 the following areas?

Q4. [SUMMARY - LOW2BOX (NOT VERY ACCEPTABLE/ NOT AT ALL ACCEPTABLE)] To what extent do you think it is acceptable to use pesticides/pest control 24 products in each of the following areas?

Q4. [SUMMARY - LOWBOX (NOT AT ALL ACCEPTABLE)] To what extent do you think it is acceptable to use pesticides/pest control products in each of the following areas?
26 Q5. Over the last three months, how much have you seen, read or heard about pesticides?
Q6_1. [When I need information about pesticides, I am able to get it] Using a scale from 1 to 7 where " 1 " is not at all and " 7 " is completely, to what extent do you agree with each of the following statements?
Q6_2. [There are natural alternatives to pesticides that are as effective as conventional pesticides ] Using a scale from 1 to 7 where " 1 " is not at all and " 7 " is 28 completely, to what extent do you agree with each of the following statements?

Q6_3. [I can use pesticides safely if required] Using a scale from 1 to 7 where " 1 " is not at all and " 7 " is completely, to what extent do you agree with each of the following statements?
Q6_4. [When I use a pesticide product, I always read the label] Using a scale from 1 to 7 where " 1 " is not at all and " 7 " is completely, to what extent do you 30 agree with each of the following statements?

Q6_5. [Pesticides are necessary and serve a purpose] Using a scale from 1 to 7 where " 1 " is not at all and " 7 " is completely, to what extent do you agree with each of the following statements?
Q6_6. [I am concerned that pesticides and pest control products, even when used as directed, are not safe] Using a scale from 1 to 7 where " 1 " is not at all
32 and " 7 " is completely, to what extent do you agree with each of the following statements?
Q6_7. [I feel I am adequately informed about pesticides and pest control products] Using a scale from 1 to 7 where " 1 " is not at all and " 7 " is completely, to
33 what extent do you agree with each of the following statements?
Q6_8. [I think pesticides currently used in agriculture in Canada are safe when used as directed] Using a scale from 1 to 7 where " 1 " is not at all and " 7 " is
34 completely, to what extent do you agree with each of the following statements?
Q6_9. [I would prefer to use a homemade/ natural/ organic pest control option than a registered pesticide] Using a scale from 1 to 7 where " 1 " is not at all
35 and " 7 " is completely, to what extent do you agree with each of the following statements?

Q6. [SUMMARY - TOP3BOX (5-7)] Using a scale from 1 to 7 where " 1 " is not at all and " 7 " is completely, to what extent do you agree with each of the following statements?
Q6. [SUMMARY - TOP2BOX (6-7)] Using a scale from 1 to 7 where " 1 " is not at all and " 7 " is completely, to what extent do you agree with each of the 37 following statements?

Q6. [SUMMARY - TOPBOX (COMPLETELY AGREE)] Using a scale from 1 to 7 where " 1 " is not at all and " 7 " is completely, to what extent do you agree with 38 each of the following statements?

Q6. [SUMMARY - LOW3BOX (1-3)] Using a scale from 1 to 7 where " 1 " is not at all and " 7 " is completely, to what extent do you agree with each of the 39 following statements?

Q6. [SUMMARY - LOW2BOX (1-2)] Using a scale from 1 to 7 where " 1 " is not at all and " 7 " is completely, to what extent do you agree with each of the 40 following statements?

Q6. [SUMMARY - LOWBOX (NOT AT ALL)] Using a scale from 1 to 7 where " 1 " is not at all and " 7 " is completely, to what extent do you agree with each of the following statements?
41 following statements?
42 Q7. Which of the following products, if any, are regulated as pesticides in Canada?
43 Q8. Overall, how knowledgeable are you about the pesticides regulatory process in Canada?
44 Q9a. Which level (or levels) of government do you think are responsible for regulating pesticides in Canada?
45 Q9B. And which ... department(s) do you think is/are responsible for regulating pesticides in Canada? - Federal government
46 Q9B. And which ... department(s) do you think is/are responsible for regulating pesticides in Canada? - Provincial government
47 Q10. What is your level of understanding about how pesticide regulatory decisions are made?
Q11_1. [Canadian Cancer Society] Thinking about the various people or organizations who may provide information about the risks of pesticides, to what 48 extent do you think you can believe what they say?

Q11_2. [Royal College of Physicians and Surgeons] Thinking about the various people or organizations who may provide information about the risks of 49 pesticides, to what extent do you think you can believe what they say?

Q11_3. [David Suzuki Foundation] Thinking about the various people or organizations who may provide information about the risks of pesticides, to what 50 extent do you think you can believe what they say?

Q11_4. [A university professor] Thinking about the various people or organizations who may provide information about the risks of pesticides, to what extent
51 do you think you can believe what they say?
Q11_5. [A Pesticide Manufacturer Spokesperson] Thinking about the various people or organizations who may provide information about the risks of 52 pesticides, to what extent do you think you can believe what they say?

Q11_6. [A medical doctor] Thinking about the various people or organizations who may provide information about the risks of pesticides, to what extent do 53 you think you can believe what they say?

Q11_7. [A Health Canada Spokesperson] Thinking about the various people or organizations who may provide information about the risks of pesticides, to
54 what extent do you think you can believe what they say?
Q11_8. [The Health Minister] Thinking about the various people or organizations who may provide information about the risks of pesticides, to what extent
55 do you think you can believe what they say?
Q11_9. [A Health Canada Scientist] Thinking about the various people or organizations who may provide information about the risks of pesticides, to what
56 extent do you think you can believe what they say?
Q11_10. [Canadian Environmental Law Association] Thinking about the various people or organizations who may provide information about the risks of
57 pesticides, to what extent do you think you can believe what they say?

| 58 | Q11. [SUMMARY - TOP3BOX (5-7)] Thinking about the various people or organizations who may provide information about the risks of pesticides, to what extent do you think you can believe what they say? |
| :---: | :---: |
| 59 | Q11. [SUMMARY - TOP2BOX (6-7)] Thinking about the various people or organizations who may provide information about the risks of pesticides, to what extent do you think you can believe what they say? |
| 60 | Q11. [SUMMARY - TOPBOX (BELIEVE MOST OF WHAT THEY SAY)] Thinking about the various people or organizations who may provide information about the risks of pesticides, to what extent do you think you can believe what they say? |
| 61 | Q11. [SUMMARY - LOW3BOX (1-3)] Thinking about the various people or organizations who may provide information about the risks of pesticides, to what extent do you think you can believe what they say? |
| $\underline{62}$ | Q11. [SUMMARY - LOW2BOX (1-2)] Thinking about the various people or organizations who may provide information about the risks of pesticides, to what extent do you think you can believe what they say? |
| 63 | Q11. [SUMMARY - LOWBOX (BELIEVE NONE OF WHAT THEY SAY)] Thinking about the various people or organizations who may provide information about the risks of pesticides, to what extent do you think you can believe what they say? |
| 64 | Q12. Before today, to what extent were you aware that Health Canada assesses the safety of pesticides before deciding whether they can be registered for sale and use in Canada? |
| 65 | Q13. What information is considered when a pesticide regulatory decision is made? |
| 66 | Q14. How confident are you that Health Canada's PMRA protects health and the environment as per the Pest Control Products Act? |
| 67 | Q15A_1. [United States ] Based on your current level of knowledge, how do you think Canada's pesticide regulatory system compares to each of the following? |
| 68 | Q15A_2. [European Union] Based on your current level of knowledge, how do you think Canada's pesticide regulatory system compares to each of the following? |
| 69 | Q15A. Why do you say that? - United States |
| 70 | Q15A. Why do you say that? - United States [Better than] |
| 71 | Q15A. Why do you say that? - United States [Same as] |
| 72 | Q15A. Why do you say that? - United States [Worse than] |
| 73 | Q15B. Why do you say that? - European Union |
| 74 | Q15B. Why do you say that? - European Union [Better than] |
| $\underline{75}$ | Q15B. Why do you say that? - European Union [Same as] |
| 76 | Q15B. Why do you say that? - European Union [Worse than] |
| 77 | Q16. Which tasks, if any, do you believe Health Canada's PMRA is responsible for with regards to pesticides? [Making sure a product is effective for controlling pests] |
| $\underline{78}$ | Q17_1. [I am confident that Health Canada"s PMRA has adequate processes in place to keep my food and drinking water safe from pesticide residues ] Using a scale from 1 to 7 where " 1 " is not at all and " 7 " is completely, to what extent do you agree with each of the following statements? |
| 79 | Q17_2. [Health Canada"s PMRA acts quickly enough to remove unsafe pesticides from the market] Using a scale from 1 to 7 where " 1 " is not at all and " 7 " is completely, to what extent do you agree with each of the following statements? |
| $\underline{80}$ | Q17_3. [When pesticides pose unacceptable risks they are removed from the Canadian market] Using a scale from 1 to 7 where " 1 " is not at all and " 7 " is completely, to what extent do you agree with each of the following statements? |

| 81 | Q17_4. [Health Canada"s PMRA keep pace with modern science in its pesticide decisions] Using a scale from 1 to 7 where " 1 " is not at all and " 7 " is completely, to what extent do you agree with each of the following statements? |
| :---: | :---: |
| 82 | Q17. [SUMMARY - MEAN] Using a scale from 1 to 7 where " 1 " is not at all and " 7 " is completely, to what extent do you agree with each of the following statements? |
| $\underline{83}$ | Q17. [SUMMARY - TOP3BOX (5-7)] Using a scale from 1 to 7 where " 1 " is not at all and " 7 " is completely, to what extent do you agree with each of the following statements? |
| $\underline{84}$ | Q17. [SUMMARY - TOP2BOX (6-7)] Using a scale from 1 to 7 where " 1 " is not at all and " 7 " is completely, to what extent do you agree with each of the following statements? |
| $\underline{85}$ | Q17. [SUMMARY - TOPBOX (COMPLETELY AGREE)] Using a scale from 1 to 7 where " 1 " is not at all and " 7 " is completely, to what extent do you agree with each of the following statements? |
| 86 | Q17. [SUMMARY - LOW3BOX (1-3)] Using a scale from 1 to 7 where " 1 " is not at all and " 7 " is completely, to what extent do you agree with each of the following statements? |
| 87 | Q17. [SUMMARY - LOW2BOX (1-2)] Using a scale from 1 to 7 where " 1 " is not at all and " 7 " is completely, to what extent do you agree with each of the following statements? |
| 88 | Q17. [SUMMARY - LOWBOX (NOT AT ALL)] Using a scale from 1 to 7 where " 1 " is not at all and " 7 " is completely, to what extent do you agree with each of the following statements? |
| $\underline{89}$ | Q18. Were you aware that Health Canada's PMRA consults with the public on decisions related to pesticides? |
| $\underline{90}$ | Q19. Do you know how to participate in the pesticide decision making process carried out by Health Canada's PMRA? |
| 91 | Q20A. Have you ever looked for information on pesticides from any of the following sources? |
| 92 | Q20B. You indicated you have looked for information about pesticides on the Internet. From the following list, please indicate which websites you have visited? |
| 93 | Q21. If you were looking for information about pesticides, what would you be most likely to search for? |
| $\underline{94}$ | Q22_1. [Government of Canada websites] If you were looking for information about pesticides, how likely would you be to consult the following sources? |
| 95 | Q22_2. [Health Canada website] If you were looking for information about pesticides, how likely would you be to consult the following sources? |
| $\underline{96}$ | Q22_3. [Pesticide product websites] If you were looking for information about pesticides, how likely would you be to consult the following sources? |
| $\underline{97}$ | Q22_4. [Blogs] If you were looking for information about pesticides, how likely would you be to consult the following sources? |
| 98 | Q22_5. [Environmental groups] If you were looking for information about pesticides, how likely would you be to consult the following sources? |
| $\underline{99}$ | Q22_6. [Home improvement store/garden centre] If you were looking for information about pesticides, how likely would you be to consult the following sources? |
| 100 | Q22_7. [A pesticide service provider] If you were looking for information about pesticides, how likely would you be to consult the following sources? |
| 101 | Q22_8. [Other] If you were looking for information about pesticides, how likely would you be to consult the following sources? |
| 102 | Q22_Codes. If you were looking for information about pesticides, how likely would you be to consult the following sources? |

| 103 | Q22. [SUMMARY - TOPBOX (VERY LIKELY)] If you were looking for information about pesticides, how likely would you be to consult the following sources? |
| :---: | :---: |
| 104 | Q22. [SUMMARY - TOP2BOX (VERY/ SOMEWHAT LIKELY)] If you were looking for information about pesticides, how likely would you be to consult the following sources? |
| 105 | Q22. [SUMMARY - LOW2BOX (NOT VERY LIKELY/ NOT AT ALL LIKELY)] If you were looking for information about pesticides, how likely would you be to consult the following sources? |
| 106 | Q22. [SUMMARY - LOWBOX (NOT AT ALL LIKELY)] If you were looking for information about pesticides, how likely would you be to consult the following sources? |
| 107 | Q23. Would you describe the area you live in as rural, urban or suburban? |
| 108 | QEducation. What is the highest level of formal education that you have completed? |
| 109 | QMother Tongue. What is the language you first learned at home as a child and still understand? |
| 110 | QEmployment Status. Which of the following categories best describes your current employment status? |
| 111 | QHousehold Income. Which of the following categories best describes your total household income? That is, the total income of all persons in your household combined, before taxes? |
