

APPENDIX A:

Study Questionnaire

(English and French)

GENERAL INSTRUCTIONS:

- ▶ Interviewer must read each set of instructions for each part of this questionnaire.
- ▶ Interviewer must record all responses clearly and verbatim where required.
- ▶ Interviewer must avoid paraphrasing or rewording responses.

RECORD FOLLOWING INFORMATION:

Respondent's Name: _____
Telephone #: _____
CRA ID: _____

Hello, my name is and I work with Corporate Research Associates, a national research company. We are surveying adults on behalf of the Government of Canada. I'd like to speak to the person in your household who is 18 years of age or older, and who had their birthday last. **ARRANGE CALL-BACK IF 'NEXT BIRTHDAY' HOUSEHOLD MEMBER IS UNAVAILABLE.** All your answers will be kept strictly confidential. Your participation is voluntary and confidential, and your individual responses will not be identified to anyone.

No one who answers the survey questions is ever identified by name to the Government of Canada, and no one from the Government will contact you after the survey. This survey is registered with the national survey registration system, should you wish to know more about the survey. The survey should take approximately 15 minutes to administer.

IF RESPONDENTS SEEK MORE INFORMATION REGARDING PRIVACY, SAY: All information that is collected falls under the guidelines of the federal Privacy and Access to Information Acts.

IF RESPONDENT SEEKS MORE INFORMATION ABOUT THE SURVEY, INVITE HIM/HER TO: A) CALL THE NATIONAL SURVEY REGISTRATION SYSTEM AT 1-800-554-9996; 2) OFFER TO RECORD NAME AND NUMBER AND FORWARD THIS INFORMATION TO PETER MACINTOSH AT CORPORATE RESEARCH ASSOCIATES; AND/OR 3) GIVE RESPONDENT NAME OF HRSDC CONTACT: JEREMY PLAUNT AT 1-819-994-9679 AND/OR COLLECT RESPONDENT CONTACT INFORMATION AND OFFER TO HAVE JEREMY CONTACT THE RESPONDENT.

TABLE 4: FIRST MENTION

The Government of Canada desires to build a stronger and more competitive Canada, to support Canadians in making choices that help them live productive and rewarding lives, and to improve Canadians' quality of life. In your opinion, what issues should the government address to accomplish these goals?

2010 Annual Departmental Survey

TABLE 6n:

I'd like to ask you how satisfied you are with the performance of the federal government to date on the following issues. Again, using a scale of 0 to 10, where 0 means extremely dissatisfied and 10 means extremely satisfied, how about:

Helping newcomers to Canada find work?

	OVERALL %	COMMUNITY		REGION					AGE			GENDER		HOUSEHOLD INCOME			EMPLOYMENT STATUS		EDUCATION			CHILDREN UNDER 18

Results are based on two-sided tests with significance level .05. For each significant pair, the key of the category with the smaller column proportion appears under the category with the larger column proportion.

1. Tests are adjusted for all pairwise comparisons within a row of each innermost subtable using the Bonferroni correction.

2. Cell counts of some categories are not integers. They were rounded to the nearest integers before performing column proportions tests.

Results are based on two-sided tests with significance level .05. For each significant pair, the key of the category with the smaller column proportion appears under the category with the larger column proportion.

1. This category is not used in comparisons because its column proportion is equal to zero or one.

2. Tests are adjusted for all pairwise comparisons within a row of each innermost subtable using the Bonferroni correction.

3. Cell counts of some categories are not integers. They were rounded to the nearest integers before performing column proportions tests.

Results are based on two-sided tests with significance level .05. For each significant pair, the key of the category with the smaller column proportion appears under the category with the larger column proportion.

1. This category is not used in comparisons because its column proportion is equal to zero or one.

2. Tests are adjusted for all pairwise comparisons within a row of each innermost subtable using the Bonferroni correction.

3. Cell counts of some categories are not integers. They were rounded to the nearest integers before performing column proportions tests.

Results are based on two-sided tests with significance level .05. For each significant pair, the key of the category with the smaller column proportion appears under the category with the larger column proportion.

1. This category is not used in comparisons because its column proportion is equal to zero or one.

2. Tests are adjusted for all pairwise comparisons within a row of each innermost subtable using the Bonferroni correction.

3. Cell counts of some categories are not integers. They were rounded to the nearest integers before performing column proportions tests.

MEAN	.								B	C		B											B

Results are based on two-sided tests assuming equal variances with significance level .05. For each significant pair, the key of the smaller category appears under the category with larger mean.

1. Tests are adjusted for all pairwise comparisons within a row of each innermost subtable using the Bonferroni correction.
2. Cell counts in some subtables are not integers. They were rounded to the nearest integers before performing pairwise comparisons.

MEAN

Results are based on two-sided tests assuming equal variances with significance level .05. For each significant pair, the key of the smaller category appears under the category with larger mean.

1. Tests are adjusted for all pairwise comparisons within a row of each innermost subtable using the Bonferroni correction.

2. Cell counts in some subtables are not integers. They were rounded to the nearest integers before performing pairwise comparisons.

MEAN	.								B C			B			B								B

Results are based on two-sided tests assuming equal variances with significance level .05. For each significant pair, the key of the smaller category appears under the category with larger mean.

1. Tests are adjusted for all pairwise comparisons within a row of each innermost subtable using the Bonferroni correction.

2. Cell counts in some subtables are not integers. They were rounded to the nearest integers before performing pairwise comparisons.

MEAN	.					B				A	A		A										

Results are based on two-sided tests assuming equal variances with significance level .05. For each significant pair, the key of the smaller category appears under the category with larger mean.

1. Tests are adjusted for all pairwise comparisons within a row of each innermost subtable using the Bonferroni correction.

2. Cell counts in some subtables are not integers. They were rounded to the nearest integers before performing pairwise comparisons.

MEAN	.							C	C							A B	B			A	A	B	

Results are based on two-sided tests assuming equal variances with significance level .05. For each significant pair, the key of the smaller category appears under the category with larger mean.

1. Tests are adjusted for all pairwise comparisons within a row of each innermost subtable using the Bonferroni correction.

2. Cell counts in some subtables are not integers. They were rounded to the nearest integers before performing pairwise comparisons.

MEAN	.								C	C			A			A	B			A	A	B	

Results are based on two-sided tests assuming equal variances with significance level .05. For each significant pair, the key of the smaller category appears under the category with larger mean.

1. Tests are adjusted for all pairwise comparisons within a row of each innermost subtable using the Bonferroni correction.

2. Cell counts in some subtables are not integers. They were rounded to the nearest integers before performing pairwise comparisons.

HRSDC

2010 Annual Departmental Survey

TABLE 7k:

How important would each of the following things be to you when looking for a job? Please respond on a scale of 0 to 10 where 0 means it would be of no importance, and 10 means it would be of very great importance.

Whether the job has training opportunities to upgrade your skills.

I don't ever expect to retire/fully retire	.			.1	.1				.1					.1		.1		.1	.1				
Other	.																						
Don't know/No answer	.																						

Results are based on two-sided tests with significance level .05. For each significant pair, the key of the category with the smaller column proportion appears under the category with the larger column proportion.

1. This category is not used in comparisons because its column proportion is equal to zero or one.

2. Tests are adjusted for all pairwise comparisons within a row of each innermost subtable using the Bonferroni correction.

3. Cell counts of some categories are not integers. They were rounded to the nearest integers before performing column proportions tests.

Results are based on two-sided tests with significance level .05. For each significant pair, the key of the category with the smaller column proportion appears under the category with the larger column proportion.

1. This category is not used in comparisons because its column proportion is equal to zero or one.

2. Tests are adjusted for all pairwise comparisons within a row of each innermost subtable using the Bonferroni correction.

3. Cell counts of some categories are not integers. They were rounded to the nearest integers before performing column proportions tests.

MEAN	.										A												A

Results are based on two-sided tests assuming equal variances with significance level .05. For each significant pair, the key of the smaller category appears under the category with larger mean.

1. Tests are adjusted for all pairwise comparisons within a row of each innermost subtable using the Bonferroni correction.

2. Cell counts in some subtables are not integers. They were rounded to the nearest integers before performing pairwise comparisons.

Results are based on two-sided tests assuming equal variances with significance level .05. For each significant pair, the key of the smaller category appears under the category with larger mean.

1. Tests are adjusted for all pairwise comparisons within a row of each innermost subtable using the Bonferroni correction.

2. Cell counts in some subtables are not integers. They were rounded to the nearest integers before performing pairwise comparisons.

		(A)	(B)	(A)	(B)	(C)	(D)	(E)	(A)	(B)	(C)	(A)	(B)	(A)	(B)	(C)	(A)	(B)	(A)	(B)	(C)	(A)	(B)
MEAN	.	B				A B	B				A				A	A B				A	A B		

Results are based on two-sided tests assuming equal variances with significance level .05. For each significant pair, the key of the smaller category appears under the category with larger mean.

1. Tests are adjusted for all pairwise comparisons within a row of each innermost subtable using the Bonferroni correction.

2. Cell counts in some subtables are not integers. They were rounded to the nearest integers before performing pairwise comparisons.

Comparisons of Column Proportions^{3,4}

	OVERALL % (A)	COMMUNITY		REGION					AGE			GENDER		HOUSEHOLD INCOME			EMPLOYMENT STATUS		EDUCATION			CHILDREN UNDER 18	
		Urban	Rural	Atlantic	Quebec	Ontario	Prairies	B.C.	18- 34	35- 54	55+	M	F	L.T. \$45k	\$45k - L.T. \$75k	\$75k+	Employed	Not Employed	Sec. School or less	Some P.S./ College/ Vocation/ Trade	Grad Univ.	Yes	No
		(A)	(B)	(A)	(B)	(C)	(D)	(E)	(A)	(B)	(C)	(A)	(B)	(A)	(B)	(C)	(A)	(B)	(A)	(B)	(C)	(A)	(B)
Yes	.			.1	C	B			C	C	A B				.2	.2	.1,2	.1,2					
No	.			.1					C	C					.2	.2	.1,2	.1,2					

Results are based on two-sided tests with significance level .05. For each significant pair, the key of the category with the smaller column proportion appears under the category with the larger column proportion.

1. This category is not used in comparisons because the sum of case weights is less than two.
2. This category is not used in comparisons because its column proportion is equal to zero or one.
3. Tests are adjusted for all pairwise comparisons within a row of each innermost subtable using the Bonferroni correction.
4. Cell counts of some categories are not integers. They were rounded to the nearest integers before performing column proportions tests.

Results are based on two-sided tests with significance level .05. For each significant pair, the key of the category with the smaller column proportion appears under the category with the larger column proportion.

1. This category is not used in comparisons because its column proportion is equal to zero or one.

2. Tests are adjusted for all pairwise comparisons within a row of each innermost subtable using the Bonferroni correction.

3. Cell counts of some categories are not integers. They were rounded to the nearest integers before performing column proportions tests.

Don't know/No answer	.	.1		.1	.1	.1		.1		2,1	.1			.1	.1	2,1					.1		

Results are based on two-sided tests with significance level .05. For each significant pair, the key of the category with the smaller column proportion appears under the category with the larger column proportion.

1. This category is not used in comparisons because its column proportion is equal to zero or one.

2. This category is not used in comparisons because the sum of case weights is less than two.

3. Tests are adjusted for all pairwise comparisons within a row of each innermost subtable using the Bonferroni correction.

4. Cell counts of some categories are not integers. They were rounded to the nearest integers before performing column proportions tests.

MEAN	.			D								A	B										

Results are based on two-sided tests assuming equal variances with significance level .05. For each significant pair, the key of the smaller category appears under the category with larger mean.

1. Tests are adjusted for all pairwise comparisons within a row of each innermost subtable using the Bonferroni correction.

2. Cell counts in some subtables are not integers. They were rounded to the nearest integers before performing pairwise comparisons.

No	.				C D E				B C					B C	C								
Don't know/No answer	.			1										C									

Results are based on two-sided tests with significance level .05. For each significant pair, the key of the category with the smaller column proportion appears under the category with the larger column proportion.

1. This category is not used in comparisons because its column proportion is equal to zero or one.

2. Tests are adjusted for all pairwise comparisons within a row of each innermost subtable using the Bonferroni correction.

3. Cell counts of some categories are not integers. They were rounded to the nearest integers before performing column proportions tests.

No	.	B			D							B		C					B	C			
Don't know/No answer	.			. ¹				. ¹	. ¹					. ¹					B	C	. ¹		

Results are based on two-sided tests with significance level .05. For each significant pair, the key of the category with the smaller column proportion appears under the category with the larger column proportion.

1. This category is not used in comparisons because its column proportion is equal to zero or one.

2. Tests are adjusted for all pairwise comparisons within a row of each innermost subtable using the Bonferroni correction.

3. Cell counts of some categories are not integers. They were rounded to the nearest integers before performing column proportions tests.

Yes	.					B	B				A B		A										
No	.				C D				B C	A													
Don't know/No answer	.		1							C													

Results are based on two-sided tests with significance level .05. For each significant pair, the key of the category with the smaller column proportion appears under the category with the larger column proportion.

1. This category is not used in comparisons because its column proportion is equal to zero or one.

2. Tests are adjusted for all pairwise comparisons within a row of each innermost subtable using the Bonferroni correction.

3. Cell counts of some categories are not integers. They were rounded to the nearest integers before performing column proportions tests.

MEAN	.								A	A									B	C				

Results are based on two-sided tests assuming equal variances with significance level .05. For each significant pair, the key of the smaller category appears under the category with larger mean.

1. Tests are adjusted for all pairwise comparisons within a row of each innermost subtable using the Bonferroni correction.

2. Cell counts in some subtables are not integers. They were rounded to the nearest integers before performing pairwise comparisons.

Results are based on two-sided tests with significance level .05. For each significant pair, the key of the category with the smaller column proportion appears under the category with the larger column proportion.

1. This category is not used in comparisons because the sum of case weights is less than two.

2. This category is not used in comparisons because its column proportion is equal to zero or one.

3. Tests are adjusted for all pairwise comparisons within a row of each innermost subtable using the Bonferroni correction.

4. Cell counts of some categories are not integers. They were rounded to the nearest integers before performing column proportions tests.

 - Check Facebook or other social networks 9
- } **Participants must do a minimum of 3 activities**

10. How comfortable are you with using a computer? Are you...

- Very Comfortable 1
 - Somewhat Comfortable 2
 - Somewhat Uncomfortable..... 3
 - Very Uncomfortable..... 4
 - Don't Know 5
- } **Thank & Terminate (unless do at least 4 activities in Q9)**

11. Which Internet browser do you use?

- Internet Explorer 1 **CONTINUE**
- Safari 2 **CONTINUE**
- Firefox 3 **CONTINUE**
- Other 4 **Thank & Terminate**

Finally.....

12. Have you ever attended a focus group discussion for which you received a sum of money?

- Yes..... 1 **Continue**
- No 2 **Go to Invite**

13. When was the last time you attended a focus group? _____

14. How many focus groups have you attended? _____

**IF THEY HAVE BEEN TO A GROUP IN THE PAST 6 MONTHS, THANK & TERMINATE,
IF THEY HAVE BEEN TO 3 OR MORE GROUPS, THANK & TERMINATE,**

INVITATION

I would like to invite you to participate in a small group discussion that will be conducted over the telephone and online at _____(time) on _____(date) – see schedule above (**Ensure participants are given their LOCAL start time**). You would need to have access to a computer and a phone at the same time in a quiet location. This conference call will be used to gather your thoughts and opinions on retirement, employment and other social issues. You would simply dial a toll-free number and log on to a secure website from your computer to join the discussion. The discussion will consist of 4 to 6 people and will be very informal. This discussion will last no more than an hour and fifteen minutes and you will receive \$65 as a thank you for participating in the discussion. Would you be interested in participating?

- Yes 1 Continue
- No 2 Thank and Terminate

The discussion will be audio recorded for research purposes only. Please be assured your comments and responses are strictly confidential. Are you comfortable with the discussion being audio taped?

- Yes 1 Continue
- No 2 Thank and Terminate

There may also be observers who will listen to the discussion, for research purposes only. They will not be given the last names of any participants. Are you comfortable with having observers?

- Yes 1 Continue
- No 2 Thank and Terminate

These are very small groups. With even one person missing, the overall success of the group may be affected. I would ask that once you have decided to attend that you make every effort to do so. In the event you are unable to attend, please call _____ (collect) at _____ as soon as possible in order that a replacement may be found.

Could we have an email address where we can send you the detailed conference call instructions for logging in to the group?

Record email address (and verify): _____.

We will send you the instructions at least 2 days in advance of the group, at which time you'll be asked to test a link to ensure your computer is compatible with the software. You'll then be asked to confirm the link works.

When joining the discussion, please call in 15 minutes before the beginning of the conference call. If you arrive late, we will not be able to include you in the discussion, and will not provide you with the \$65 incentive.

As mentioned, we will be pleased to provide everyone who participates in the discussion with a \$65 cheque, in appreciation of your time, after the group discussion. Could I have the mailing address where you would like the cheque mailed?

Mailing address: _____

City: _____

Province: _____ Postal Code: _____

And please confirm the spelling of your name: _____

Thank you very much in advance for your participation.

ATTENTION RECRUITERS

1. Recruit 6 participants for each group
2. CHECK QUOTAS
3. Ensure participant has a good speaking (overall responses) ability-If in doubt, DO NOT INVITE
4. Do not put names on profile sheet unless you have a firm commitment.
5. Repeat the date, time and bridge instructions before hanging up.

CONFIRMING – DAY BEFORE GROUP

1. Confirm in person with the participant – do not leave a message
2. Confirm the day prior to the group
3. Confirm all key qualifying questions
4. Confirm they received the email detailing conference call instructions

Aperçu des spécifications :

12 groupes Netfocus, 6 participants recrutés par groupe
2 dans chacune des six régions
2 en français (Québec)

6 groupes de gens de 18 à 35 ans
6 groupes de gens de 36 ans et plus

Tous les groupes doivent être composés à la fois d'hommes et de femmes
4 participants dans chaque groupe doivent avoir un emploi
Aucun participant ne peut être complètement à la retraite
Tous les groupes doivent être composés à la fois de résidents urbains et ruraux

Bonjour, je m'appelle ____ et je travaille pour Corporate Research Associates, une société d'étude de marché et de sondage d'opinion publique. Vous avez récemment participé à un sondage téléphonique pour le compte du gouvernement du Canada et vous avez indiqué que vous seriez intéressé à participer à une discussion de suivi sur la retraite, l'emploi et d'autres questions d'ordre social.

Pourriez-vous m'accorder X minutes afin que je puisse vous poser rapidement quelques questions pour déterminer votre admissibilité? Vous êtes libre de participer ou non à ce sondage. Notez aussi que les résultats demeureront strictement confidentiels. Merci.

Sexe (par observation) :

Féminin 1

Masculin 2

Un mélange dans chaque groupe est requis

Pour commencer :

1. Parmi les membres de votre foyer, y compris vous-même, y a-t-il quelqu'un qui travaille ou a déjà travaillé dans l'un des secteurs suivants?

Marketing / études de marché 1

Relations publiques 2

Publicité 3

Médias (télévision, radio, journaux) 4

Fonction publique (Gouvernement fédéral, provincial ou municipal) 5

SI LA RÉPONSE À L'UNE DES OPTIONS CI-DESSUS EST « OUI », REMERCIER ET TERMINER L'ENTREVUE

2. Quelle est votre situation professionnelle actuelle? Êtes-vous... :

LIRE LA LISTE - CODER UNE SEULE RÉPONSE

Employé à temps plein 1

Employé à temps partiel 2

Personne au foyer 3

Sans emploi 4

Étudiant 5

Complètement à la retraite 6

S'assurer que 4 personnes par groupe ont un emploi

Maximum de 2 par groupe

Remercier et terminer

3. Si la personne a un emploi, demander...

Quelle est votre profession actuelle? _____

TERMINER S'IL S'AGIT D'UNE PROFESSION SEMBLABLE À CELLES ÉNUMÉRÉES À LA QUESTION 1

-- RECRUTER DES PERSONNES DE PROFESSIONS DIFFÉRENTES -

4. Selon vous, la région dans laquelle vous vivez est-elle

- | | | |
|---------------|---|--|
| Urbaine | 1 | } S'assurer que chaque groupe comporte les deux |
| Rurale..... | 2 | |

5. Dans quelle province habitez-vous?

- | | | |
|------------------------------|----|--|
| C.-B..... | 1 | À envisager pour les groupes 1 ou 2 |
| Alberta | 2 | À envisager pour les groupes 3 ou 4 |
| Saskatchewan | 3 | À envisager pour les groupes 5 ou 6 |
| Manitoba | 4 | À envisager pour les groupes 5 ou 6 |
| Ontario..... | 5 | À envisager pour les groupes 7 ou 8 |
| Québec..... | 6 | À envisager pour les groupes 9 ou 10 |
| Nouveau-Brunswick | 7 | } À envisager pour les groupes 11 ou 12 |
| Nouvelle-Écosse..... | 8 | |
| Î.-P.-É..... | 9 | |
| Terre-Neuve-et-Labrador..... | 10 | |

6. Dans laquelle des catégories d'âge suivantes vous situez-vous? Avez-vous...?

- | | | |
|--------------------------|---|--|
| Moins de 18 ans | 1 | Remercier et terminer |
| Entre 18 et 24 ans | 2 | À envisager pour les groupes 1, 3, 5, 7, 9, 11 |
| Entre 25 et 35 ans | 3 | À envisager pour les groupes 1, 3, 5, 7, 9, 11 |
| Entre 36 et 50 ans | 4 | À envisager pour les groupes 2, 4, 6, 8, 10, 12 |
| 51 ans ou plus | 5 | À envisager pour les groupes 2, 4, 6, 8, 10, 12 |

7. Avez-vous accès à Internet à domicile?

- | | | |
|----------|---|---|
| Oui..... | 1 | |
| Non..... | 2 | Remercier et terminer l'entrevue |

8. Avez-vous une connexion Internet haute vitesse ou utilisez-vous plutôt un accès commuté?

- | | | |
|----------------------|---|---|
| Haute vitesse..... | 1 | |
| Accès commuté..... | 2 | Remercier et terminer l'entrevue |
| Je ne sais pas | 3 | Remercier et terminer l'entrevue |

9. **Que ce soit à la maison ou au travail**, à quelles activités en ligne parmi les suivantes vous adonnez-vous régulièrement?

- | | | |
|--|---|--|
| Envoyer et recevoir des courriels..... | 1 | } Les participants doivent faire au moins 3 activités |
| Rechercher des nouvelles ou des renseignements sur Internet | 2 | |
| Télécharger de la musique | 3 | |
| Regarder des vidéos en continu..... | 4 | |
| Faire des achats en ligne à l'aide d'une carte de crédit (des livres, par exemple) | 5 | |
| Payer des factures en ligne | 6 | |
| Jouer à des jeux en ligne | 7 | |
| Regarder des vidéos sur des sites comme YouTube ... | 8 | |
| Consulter Facebook et d'autres sites de réseaux sociaux | 9 | |

10. À quel point vous sentez-vous à l'aise avec un ordinateur? Êtes-vous....?

- Tout à fait à l'aise..... 1
- Plutôt à l'aise 2
- Plutôt mal à l'aise..... 3
- Très mal à l'aise 4
- Je ne sais pas..... 5

Remercier et terminer l'entrevue (sauf si au moins 4 activités sont mentionnées pour la question 9)

11. Quel navigateur Internet utilisez-vous?

- Internet Explorer 1 **CONTINUER**
- Safari 2 **CONTINUER**
- Firefox 3 **CONTINUER**
- Autre 4 **Remercier et terminer l'entrevue**

En terminant...

12. Avez-vous déjà participé à une discussion de groupe pour laquelle vous avez été rémunéré?

- Oui 1 **Continuer**
- Non 2 **Passer à l'invitation**

13. À quand remonte votre dernière participation à un groupe de discussion?

14. Combien de fois avez-vous participé à un groupe de discussion? _____

SI LA PERSONNE A PARTICIPÉ À UN GROUPE DE DISCUSSION AU COURS DES SIX DERNIERS MOIS, REMERCIER ET TERMINER L'ENTREVUE.

SI LA PERSONNE A PARTICIPÉ À TROIS GROUPE OU PLUS, REMERCIER ET TERMINER L'ENTREVUE.

INVITATION

J'aimerais vous inviter à participer à une discussion au sein d'un petit groupe. La discussion se déroulera au téléphone et en ligne à _____ (heure), le _____ (date) – voir l'horaire plus haut (***S'assurer d'indiquer aux participants l'heure de début selon le fuseau horaire de leur LIEU DE RÉSIDENCE***). Il vous faudra avoir accès à un ordinateur et à un téléphone dans un endroit tranquille. Cette conférence téléphonique nous permettra d'obtenir vos opinions et réflexions sur la retraite, l'emploi et d'autres questions d'ordre social. Il vous suffira de composer un numéro sans frais et d'ouvrir une session sur un site Web sécurisé à l'aide de votre ordinateur pour vous joindre à la discussion. Cette discussion ne sera pas formelle et regroupera de quatre à six personnes. Elle ne durera pas plus d'une heure et quinze minutes et vous recevrez 65 \$ en guise de remerciement pour votre participation. Seriez-vous intéressé à participer?

- Oui 1 Continuer
- Non 2 Remercier et terminer l'entrevue

La discussion sera enregistrée à des fins de recherche uniquement. Soyez assuré que vos commentaires et réponses demeureront strictement confidentiels. Êtes-vous à l'aise avec le fait que la discussion sera enregistrée?

- Oui 1 Continuer
- Non 2 Remercier et terminer l'entrevue

Certains observateurs pourraient également écouter la discussion à des fins de recherche. Ils n'auront cependant pas accès au nom de famille des participants. Êtes-vous à l'aise avec la présence d'observateurs?

- Oui 1 Continuer
- Non 2 Remercier et terminer l'entrevue

Il s'agit de très petits groupes. Par conséquent, une seule personne manquante pourrait compromettre la réussite globale de l'étude. Si vous acceptez de participer, nous vous demandons de fournir tous les efforts possibles afin de respecter votre engagement. Si jamais vous étiez dans l'impossibilité de participer, veuillez communiquer avec _____ (appel à frais virés) au _____ dès que possible afin que nous puissions trouver un autre participant pour vous remplacer.

Pourriez-vous également nous donner votre adresse électronique afin que nous puissions vous envoyer des instructions précises sur la façon de participer à la conférence téléphonique de votre groupe?

Noter l'adresse électronique (et la vérifier) : _____.

Nous vous enverrons les instructions au moins 2 jours avant la discussion de groupe. Vous serez alors invité à mettre à l'essai un lien électronique pour vous assurer que votre ordinateur est bien compatible avec le logiciel. Puis, vous devrez confirmer que le lien fonctionne.

Enfin, nous vous prions de composer le numéro 15 minutes avant le début de la conférence téléphonique. Si vous êtes en retard, nous ne pourrons pas vous inclure dans la discussion, ni vous verser la récompense de 65 \$.

Comme je vous l'ai déjà mentionné, nous offrirons à tous les participants un chèque de 65 \$ pour les remercier du temps qu'ils nous auront accordé, après la discussion de groupe. Pourrais-je avoir l'adresse postale où vous aimeriez que ce chèque soit envoyé?

Adresse postale : _____

Ville : _____

Province : _____ Code postal : _____

Veuillez également confirmer l'orthographe de votre nom : _____

Merci à l'avance de votre participation.

AVIS AUX RECRUTEURS

1. Recrutez 6 participants par groupe.
2. VÉRIFIEZ LES QUOTAS.
3. Assurez-vous que chaque participant a de bonnes habiletés d'expression orale - En cas de doute, NE PAS L'INVITER.
4. N'inscrivez pas les noms sur la feuille de profils à moins d'avoir obtenu un engagement ferme.
5. Répétez la date, l'heure et la façon de se connecter avant de raccrocher.

CONFIRMATION – LA VEILLE DE LA DISCUSSION

1. Confirmez en personne avec le participant – ne laissez pas de message.
2. Confirmez la veille de la discussion.
3. Confirmez toutes les questions clés d'admissibilité.
4. Confirmez que le participant a reçu les instructions détaillées par courriel.

APPENDIX D:

Moderator's Guide

(English and French)

Final Moderator's Guide
HRSDC Departmental Issues Research
March 2010

Project Objectives (not to be shared with participants)

- An examination of three emerging issues:
 - *Employment*
 - *Retirement Income System, and*
 - *Social Partnerships*
- The research results will ultimately inform policy direction as well as communications regarding these emerging priority areas.
- More specific project objectives include to:
 - *Understand unaided levels of concern regarding the three subjects, and aided reactions to key pieces of information;*
 - *Understand key barriers to planning for retirement and volunteering.*

Introduction & Warm-up:

5 minutes

- **Welcome** – Introduction of self and role as moderator.
- **Study sponsor:** Human Resources and Skills Development Canada –a Federal Government Department.
- **Explain purpose** – Today we are going to discuss three key subjects pertaining to Canadians.
- **Explain process** – *Netfocus* group discussion; audio taping of session for reporting purpose only, tapes will not be used for any other purpose, and will be destroyed after a specified time; observation; all opinions are important; important to understand agreement/disagreement; talk one at a time; no right/wrong answers; individual comments are anonymous. This format gives me the opportunity to show you things on screen, and it also lets you send me notes during our discussion – that shows up as a ‘chat’ box on the bottom right hand side of the screen, and *only I* will be able to see what you send me.
- **Length:** Our discussion will be about an hour in length.
- **Participant introductions** - first name, where you live and what you like to do in your spare time. After you’ve done that verbally, *I’d like each of you to send me a ‘chat’ message telling me: what you do for a living (this is just to get you used to using the chat function).*

General perceptions:

10 minutes

The Government of Canada wants to build a stronger and more competitive Canada, to support Canadians in making choices that help them live productive and rewarding lives, and to improve Canadians’ quality of life.

Moderator to show on screen:

The Government of Canada wants to:

- Build a stronger and more competitive Canada
- Support Canadians in making choices that help them live productive and rewarding lives
- Improve Canadians’ quality of life

To start, I’d like to understand what issues you think the Government should be addressing to accomplish these goals, and why. On your screens I’m going to show you a list of many different issues, and *I’d like each of you to send me a ‘chat’ message telling me: which one, or two social issues you think are most important for the Government to be addressing right now, given these goals, and why. If you think an issue that isn’t listed is most important, feel free to type that in and send it as well. I’ll give you a moment. [Moderator to record responses on screen]*

Moderator to show on screen:

CHAT MESSAGE: Given the goals we just discussed, which issues are most important for the Government to be addressing right now, and why?

Healthcare	Environmental issues	Pensions / retirement	Military / war	Government accountability
Access to post-secondary education/training	Economy	Aging Population	Housing	Cost of gas
Taxes	Crime / violence	Employment / unemployment	Immigration	Deficit/ budget
(Public) transportation	Equality rights / issues	Volunteerism and community involvement	Child care / daycare	Poverty/ low income families / homelessness

Moderator to circle the issues chosen on screen.

- Tell me a little more about the issue you chose and why.

Employment	15 minutes
-------------------	-------------------

We're now going to focus on three key issues, the first of which is employment.

- To start, I'd like you to each answer two questions that will appear as a poll on your screen:
 1. It will be easier, the same, or harder, for Canadians to find a good job five years from now, as compared to today?
 - Easier
 - The same
 - Harder
 2. The Canadian employment situation in the next five years will directly impact my family
 - Yes
 - No

[Moderator to show poll on screen. When participants are finished, moderator to share results.]

- Before we discuss, to what extent is this something you are personally worried about? Why / why not?
- What's going to be different five years from now?
- Why will it be easier / as hard / harder for Canadians to find a good job?
- How do you think these changes might affect you and your family?
- What, if anything, do you think the Federal Government should be doing to address this issue?

I'm going to share a few pieces of information with you. **[Moderator to show on screen and read out loud]:**

It is possible that, likely due to demographics, over the next decade there is going to be slower growth in both our economy and employment. Three quarters of new workers will simply be replacing those who are retiring. Further, the potential growth of our economy will be limited by the availability of trained workers.

- What do you think needs to be done to prepare for the future?
- Who should be responsible for preparing our workforce for future needs?
- What role should the Federal Government have?
- Are you concerned about this issue? Why / why not?

Moving on... the next topic we're going to discuss is retirement.

- First, I'd like you to again answer some questions that will appear as a poll on your screen:
 1. I have a plan in place for my retirement.
 - Yes
 - No
 2. My retirement income will include: (choose all that apply)
 - RRSP
 - Other investments
 - Private pension plan from my employer
 - Canada Pension Plan (CPP)
 - Old Age Security (OAS)
 - Another source
 3. I feel prepared for my retirement.
 - Yes
 - No

[Moderator to show poll on screen. When participants are finished, moderator to share results.]

- Before we discuss, to what extent is this something you are personally worried about? Why / why not?
- At what age do you imagine retiring, if at all? Why then?
- Looking at the variety of sources of retirement income you listed... How did you decide what types of retirement plans to make? (i.e. if you have an RRSP, how did you decide to initiate that investment?)
- Which will be the most important source of income for you?
- How prepared do you feel for retirement?
- Whose responsibility is it to provide your retirement income? Why?
- Where does a pension fit now in your priorities of benefits an employer provides? Why?
- (If appropriate) What type of plan do you have with your employer? What does that plan involve? How does it work?
- (If individuals are retired) What type of planning did you do? How is it working?

I'm going to share some information with you. **[Moderator to show on screen and read out loud]:**

Research indicates that roughly one-third of Canadians currently aged 45 to 64 are likely to end up with incomes that fall short of adequate minimum incomes and/or incomes that will allow them to maintain their current standard of living/lifestyle when they retire.

- What do you think needs to be done to prepare for the future?
- Who should be responsible for preparing us for retirement?
- What, if anything, should the Federal Government be doing to encourage Canadians to prepare for retirement?
- Are you concerned about this issue? Why / why not?

Moving on... the next topic we're going to discuss is relates to volunteering and the communities we live in.

- First, I'd like you to again answer some questions that will appear as a poll on your screen:
 1. I currently volunteer.
 - Yes
 - No
 2. I donate to local charities and not-for-profit agencies which provide services in the community.
 - Yes
 - No
 3. Do volunteers provide vital or 'nice to have' services in your community?
 - Vital
 - Nice to haves
 - Don't know
 4. The people that volunteer in my community typically include (choose all that apply):
 - Those who aren't employed
 - Those who are retired
 - Those who are working
 - Don't know
 5. My community has enough volunteers.
 - Yes
 - No
 - Don't know

[Moderator to show poll on screen. When participants are finished, moderator to share results.]

- How important do you think volunteers are to your community?
- Are any of the roles they provide *vital* to society (as opposed to 'nice to haves')? If so, which ones?
- What about community organizations and local not-for-profit organizations – what role do they play in society?
- In your view, what prevents people from volunteering?
- What, if anything, could be done to encourage volunteerism?
- What, if anything, should the Federal Government be doing to encourage volunteerism?

I'm going to show you three different views about how the Government might increase volunteerism and would like your thoughts on each. **[Moderator to show on screen, one at a time]**

1. Governments should encourage and reward volunteerism in order to increase participation.
2. Governments should encourage the private sector to provide financial and other assistance to not-for-profit agencies and that those organizations should then encourage volunteerism and provide services to the community.
3. Governments should work in partnership with private sector and not-for-profit agencies to encourage volunteerism and provide community services.

For each idea, probe:

- What's your view?
- (After all three are discussed) Which one do you think is best?

- In your view, is there anything else, the Federal Government should be doing to help volunteers and community organizations be more effective?
- Any final comments or suggestions?

Close

On behalf of Human Resources and Skills Development Canada, thank you for your participation! We will be sending you your incentives by mail within the next two weeks.

Guide de l'animateur
Recherche sur quelques points de préoccupation du ministère RHDCC
Mars 2010

Objectifs du projet (à ne pas transmettre aux participants)

- Un examen de trois nouveaux points de préoccupation :
 - *Emploi*
 - *Système de revenu de retraite*
 - *Partenariats sociaux*
- Les résultats de la recherche sont destinés à appuyer l'orientation de la politique ainsi que les communications relatives à ces nouveaux points de préoccupation.
- Cette recherche vise notamment les objectifs suivants :
 - *Connaître, dans le mode spontané, les niveaux de préoccupation concernant les trois sujets et, de manière assistée, les réactions aux renseignements clés.*
 - *Comprendre les principaux obstacles à la planification de la retraite et au bénévolat.*

Introduction et mise en train :

5 minutes

- **Accueil** : Présentez-vous et décrivez votre rôle en tant qu'animateur.
- **Commanditaire de l'étude** : Ressources humaines et Développement des compétences Canada – un ministère du gouvernement fédéral.
- **Expliquer le but** – Aujourd'hui, nous allons parler de trois sujets clés qui concernent les Canadiens.
- **Expliquer le processus** – Groupe de discussion *en ligne*, enregistrements audio des séances pour les besoins des rapports uniquement (les enregistrements ne serviront à aucune autre fin et seront détruits après un certain temps), observation, toutes les opinions sont importantes, importance de comprendre les accords et les désaccords, parler une personne à la fois, pas de bonnes ou de mauvaises réponses, les commentaires personnels sont anonymes. Cet outil me donne la possibilité de vous montrer des choses à l'écran et vous permet de m'envoyer des remarques au cours de la discussion. Elles s'affichent sous la forme d'une « boîte de discussion » située du côté droit de l'écran. Les remarques que vous enverrez ne seront visibles que *par moi*.
- **Longueur** : Notre discussion devrait durer environ une heure.
- **Présentation des participants** - Prénom, où vous habitez et ce que vous aimez faire dans vos temps libres. Après vous être présenté verbalement, *j'aimerais que chacun d'entre vous m'envoie un message, en m'indiquant quelle est votre profession (simplement pour s'habituer à utiliser la fonction de discussion).*

Perception générale :

10 minutes

Le gouvernement du Canada souhaite bâtir un pays plus fort et plus concurrentiel, aider les Canadiens à faire les bons choix afin que leurs vies soient productives et gratifiantes et améliorer leur qualité de vie.

L'animateur présente à l'écran :

Le gouvernement du Canada souhaite :

- bâtir un pays plus fort et plus concurrentiel;
- aider les Canadiens à faire les bons choix afin que leurs vies soient productives et gratifiantes;
- améliorer leur qualité de vie.

Pour commencer, je souhaiterais savoir quels sont les problèmes dont vous pensez que le gouvernement doit s'occuper pour atteindre ses objectifs, et pourquoi. Je vais vous montrer une liste de problèmes à l'écran, et je souhaiterais que chacun d'entre vous m'envoie un message pour me nommer un ou deux des principaux problèmes sociaux dont le gouvernement doit s'occuper dès à présent s'il souhaite atteindre ses objectifs, ainsi que la raison pour laquelle vous le pensez. Si vous pensez à un autre problème qui ne figure pas dans la liste, n'hésitez pas à me le signaler dans le message. Je vous laisse le temps de répondre. (L'animateur enregistre les réponses à l'écran.)

L'animateur présente à l'écran :

Message : Étant donné les objectifs dont nous venons de discuter, quels sont les principaux problèmes dont le gouvernement doit s'occuper dès à présent, et pourquoi?

Soins de santé	Questions environnementales	Pensions / retraites	Armée / guerre	Responsabilité du gouvernement
Accès à l'éducation / formation postsecondaire	Économie	Vieillesse de la population	Logement	Coût de l'essence
Impôts	Crime / violence	Emploi / chômage	Immigration	Déficit / budget
Transports (publics)	Droits à l'égalité / questions d'égalité	Bénévolat et aide à la collectivité	Garde d'enfants / garderies	Pauvreté / familles à faible revenu / les sans-abri

L'animateur encercle les problèmes choisis à l'écran.

- Parlez-moi un peu des problèmes que vous avez choisis et de la raison pour laquelle vous les avez choisis.

Emploi	15 minutes
---------------	-------------------

Nous allons maintenant nous concentrer sur trois problèmes clés, dont le premier sera l'emploi.

- Pour commencer, j'aimerais que chacun d'entre vous réponde à deux questions qui apparaîtront à l'écran sous forme de sondage :
 1. Croyez-vous qu'il sera, par rapport à aujourd'hui, plus facile ou plus difficile pour les Canadiens de trouver un emploi dans cinq ans ou est-ce que la situation sera identique à celle d'aujourd'hui?
 - Plus facile
 - Identique
 - Plus difficile
 2. La situation de l'emploi au Canada dans les cinq prochaines années aura un effet direct sur ma famille.
 - Oui
 - Non

(L'animateur présente le sondage à l'écran : lorsque les participants ont terminé, il parle des résultats.)

- Avant que nous en discussions, à quel point ce sujet vous préoccupait-il personnellement? Pourquoi ou pourquoi pas?
- Qu'est-ce qui sera différent d'aujourd'hui dans cinq ans?
- Pourquoi sera-t-il plus facile ou plus difficile de trouver un bon emploi pour les Canadiens ou pourquoi est-ce que rien n'aura changé?
- Comment pensez-vous que ces changements risquent de vous toucher, vous et votre famille?
- Le gouvernement fédéral doit-il faire quelque chose pour s'occuper du problème? Quoi donc?

Je vais vous faire part de quelques renseignements. **(L'animateur présente à l'écran et lit à haute voix):**

Il est possible qu'à cause de facteurs démographiques la croissance de notre économie et de l'emploi ralentisse au cours des dix prochaines années. Les trois quarts des nouveaux travailleurs remplaceront simplement ceux qui prennent leur retraite. En outre, la croissance potentielle de notre économie sera limitée par le manque de travailleurs qualifiés.

- Selon vous, quelles sont les mesures à prendre pour préparer l'avenir?
- Qui doit être chargé de préparer notre main d'œuvre pour qu'elle réponde aux besoins futurs?
- Quel rôle le gouvernement fédéral doit-il jouer?
- Ce problème vous préoccupe-t-il? Pourquoi ou pourquoi pas?

Pensions et retraites

15 minutes

Passons à autre chose... Notre prochain sujet de discussion est la retraite.

- Pour commencer, j'aimerais que chacun d'entre vous **réponde à quelques questions qui apparaîtront à l'écran sous forme de sondage :**
 1. **J'ai personnellement pris des mesures de planification de la retraite.**
 - Oui
 - Non
 2. **Lorsque je serai à la retraite, mes revenus comprendront : (choisir tout ce qui s'applique)**
 - Un REER
 - D'autres investissements
 - Un régime de retraite privé de mon employeur
 - Le Régime de pensions du Canada (RPC)
 - le Régime des rentes du Québec (RRQ)
 - Le Programme de la sécurité de la vieillesse (SV)
 - Une autre source
 3. **Je me sens prêt(e) pour ma retraite.**
 - Oui
 - Non

(L'animateur présente le sondage à l'écran : lorsque les participants ont terminé, il parle des résultats).

- Avant que nous en discutions, à quel point ce sujet vous préoccupait-il personnellement? Pourquoi ou pourquoi pas?
- À quel âge pensez-vous prendre votre retraite, si vous pensez la prendre un jour? Pourquoi à cet âge?
- En examinant la diversité des sources de revenus de retraite que vous avez citées, comment avez-vous décidé du type de planification de la retraite à adopter? (Par exemple, si vous avez un REER, pourquoi avez-vous choisi de faire cet investissement?)
- Quelle sera la plus importante source de revenus pour vous?
- À quel point vous sentez-vous prêt(e) pour votre retraite?
- Qui devrait être chargé de fournir les revenus de votre retraite? Pourquoi?
- À quel point un régime de retraite figure-t-il maintenant dans vos priorités lorsque vous examinez les avantages sociaux offerts par un employeur? Pourquoi?
- (Le cas échéant) Quel type de régime votre employeur offre-t-il? Que comprend ce régime? Comment fonctionne-t-il?
- (Si la personne est à la retraite.) Quel type de planification de la retraite aviez-vous effectué? Cette planification donne-t-elle de bons résultats?

Je vais vous faire part de quelques renseignements. **(L'animateur présente à l'écran et lit à haute voix):**

Les recherches indiquent que près d'un tiers des Canadiens actuellement âgés de 45 à 64 ans sont susceptibles de se retrouver avec des revenus inférieurs au revenu minimum ou des revenus qui ne leur permettront pas de conserver leur niveau de vie actuel lorsqu'ils seront à la retraite.

- Selon vous, quelles sont les mesures à prendre pour préparer l'avenir?
- Qui doit être chargé de nous préparer à la retraite?
- Le gouvernement fédéral peut-il faire quelque chose pour encourager les Canadiens à se préparer à la retraite? Quoi donc?
- Ce problème vous préoccupe-t-il? Pourquoi ou pourquoi pas?

Passons à autre chose... Notre prochain sujet de discussion est le bénévolat et notre rapport à la collectivité dans laquelle nous vivons.

- Pour commencer, j'aimerais que chacun d'entre vous réponde à quelques questions qui apparaîtront à l'écran sous forme de sondage :
 1. Je fais du bénévolat actuellement.
 - Oui
 - Non

 2. Je fais des dons aux œuvres caritatives locales et aux organismes sans but lucratif qui fournissent des services dans ma collectivité.
 - Oui
 - Non

 3. Les services offerts par les bénévoles dans votre collectivité sont-ils essentiels ou importants mais non essentiels?
 - Essentiels
 - Importants mais non essentiels
 - Ne sait pas

 4. Les personnes qui font du bénévolat dans ma collectivité comprennent généralement (choisir tout ce qui s'applique) :
 - Les personnes sans emploi
 - Les personnes à la retraite
 - Les personnes sur le marché du travail
 - Ne sait pas

 5. Il y a assez de bénévoles dans ma collectivité.
 - Oui
 - Non
 - Ne sait pas

(L'animateur présente le sondage à l'écran : lorsque les participants ont terminé, il parle des résultats).

- À quel point les bénévoles sont-ils importants pour votre collectivité?
- Certaines des fonctions qu'ils remplissent sont-elles *essentiels* pour la société (plutôt qu'importantes mais non essentielles au sens strict)? Si oui, lesquelles?
- Parlons des organismes communautaires et des organismes sans but lucratif locaux - quel rôle jouent-ils au sein de la société?
- De votre point de vue, qu'est-ce qui empêche les gens de faire du bénévolat?
- Peut-on encourager le bénévolat? Comment?
- Le gouvernement fédéral doit-il faire quelque chose pour encourager le bénévolat? Quoi donc?

Je vais vous présenter trois opinions sur la façon dont le gouvernement pourrait encourager le bénévolat et j'aimerais votre avis sur chacune. **(L'animateur présente les opinions à l'écran, une à une.)**

1. Les gouvernements doivent encourager et récompenser le bénévolat afin d'accroître les niveaux de participation.
2. Les gouvernements doivent encourager le secteur privé à offrir une aide financière et d'autres aides aux organismes sans but lucratif. Ces organismes doivent ensuite encourager le bénévolat et fournir des services à la collectivité.
3. Les gouvernements doivent travailler en partenariat avec le secteur privé et les organismes sans but lucratif pour encourager le bénévolat et offrir des services communautaires.

Pour chaque idée, approfondir :

- Quel est votre avis?
- (Après avoir discuté des trois opinions.) Quelle opinion est la plus juste, selon vous?
- À votre avis, y a-t-il autre chose que le gouvernement fédéral doit faire pour aider les bénévoles et les organismes communautaires à être plus efficaces?
- Avez-vous des commentaires ou des suggestions?

Clôture

Au nom de Ressources humaines et Développement des compétences Canada, je vous remercie de votre participation. Nous vous enverrons votre récompense par courrier dans les deux prochaines semaines.
