1. Introduction

The purpose of the *Privacy Act* is to extend the present laws of Canada that protect the privacy of individuals with respect to personal information about themselves held by a government institution and that provide individuals with a right of access to that information.

This annual report was prepared and submitted in accordance with section 72 of the *Privacy Act* and covers the period from April 1, 2016 to March 31, 2017.

2. Mandate of the Office of the Superintendent of Financial Institutions (OSFI)

Under its legislation, OSFI's mandate is:

Fostering sound risk management and governance practices

OSFI advances a regulatory framework designed to control and manage risk.

Supervision and early intervention

OSFI supervises federally regulated financial institutions and pension plans to determine whether they are in sound financial condition and meeting regulatory and supervisory requirements.

OSFI promptly advises financial institutions and pension plans if there are material deficiencies, and takes corrective measures or requires that they be taken to expeditiously address the situation.

Environmental scanning linked to safety and soundness of financial institutions

OSFI monitors and evaluates system-wide or sectoral developments that may have a negative impact on the financial condition of federally regulated financial institutions.

Taking a balanced approach

OSFI acts to protect the rights and interests of depositors, policyholders, financial institution creditors and pension plan beneficiaries while having due regard for the need to allow financial institutions to compete effectively and take reasonable risks.

OSFI recognizes that management, boards of directors and pension plan administrators are ultimately responsible for risk decisions and that financial institutions can fail and pension plans can experience financial difficulties resulting in the loss of benefits.

In fulfilling its mandate, OSFI supports the government's objective of contributing to public confidence in the Canadian financial system.

The Office of the Chief Actuary is an independent unit within OSFI that provides a range of actuarial valuation and advisory services to the Government of Canada. In conducting its work, the OCA plays a vital and independent role towards a financially sound and sustainable Canadian public retirement income system.

3. Strategic Outcomes

Primary to OSFI's mandate and central to its contribution to Canada's financial system are two strategic outcomes:

1. A safe and sound Canadian financial system
2. A financially sound and sustainable Canadian public retirement income system.

For the purposes of the *Privacy Act*, the head of OSFI is the Superintendent and the responsible minister is the Minister of Finance.

4. Administration of the *Privacy Act*

4.1 Access to Information and Privacy (ATIP) Unit

The Access to Information and Privacy (ATIP) Unit is part of the Enterprise Information Management (EIM) directorate within the Information Management/Information Technology (IM/IT) Division. The unit is responsible for administering the *Act* for the Office of the Superintendent of Financial Institutions. As such, the ATIP unit coordinates the timely processing of requests under the legislation, handles complaints lodged with the Privacy Commissioner, and responds to informal inquiries. The ATIP unit also provides advice and guidance to Office staff on matters involving the *Act*.

Of particular note, OSFI has created and staffed a new position in the ATIP Unit. The Manager, Privacy and Access to Information reports to the Director, EIM and is supported by the ATIP Coordinator, a backup resource and an administrative coordinator. Due to the extended absence of the ATIP coordinator during this reporting period the ATIP unit also relied upon the support of contract resources.

4.2 Institutional changes to the administration of the *Privacy Act*

In July 2016, the *Privacy Act* Designation Orders were updated to reflect the changes in privacy governance at OSFI. The Assistant Superintendent, Corporate Services has assumed responsibility and been delegated full powers by the Superintendent. The new role of Manager, Privacy and Access to Information has also been added.

4.3 Education and Training

Training efforts over the last year have been focused on continued privacy awareness building with staff in service areas supporting project delivery in Information Management/Information Technology, with Regulatory Data Governance, and within the Office's senior and operational governance committees. Training efforts also focused on ATIP awareness for all OSFI staff as part of an Information Management and ATIP awareness program. Five (5) awareness sessions were held and 70 employees attended.

4.4 Processing of Privacy Requests

All formal privacy requests are submitted to the ATIP Coordinator, who checks them for completeness. The Coordinator requests the information from the head of the division or divisions concerned. In gathering the material and subsequently reviewing it, the Coordinator provides advice and direction to ensure that the provisions of the *Act* are respected.

The assembled material is reviewed by the ATIP Coordinator, the Manager, Privacy and Access to Information and by Legal Services, as appropriate. The material and the recommendations pertaining to each request are then submitted to the program area for validation. Once agreed to, the release package is submitted to the Assistant Superintendent, Corporate Services for review and approval.

Employees have the right to review their personal records at intervals specified in the various collective agreements. To exercise this right, an employee contacts the appropriate official in the Human Resources and Administration Division. The review of personal records is considered informal and no data on these requests is compiled. The employee, however, does have the option of submitting a formal request under the privacy legislation. Employees of the Human Resources and Administration Division are aware of the provisions of the *Privacy Act* as they relate to the use and disclosure of personal information.

4.5 Delegation of Authority

Delegation orders set out what powers, duties and functions for the administration of the *Privacy Act* have been delegated by the head of the institution and to whom. Administration of the *Privacy Act* at OSFI is the responsibility of the Superintendent. The authority to claim exemptions and to issue various statutory notices has been delegated to the Assistant Superintendent, Corporate Services. The authority to issue various statutory notices has also been delegated to the Director, Enterprise Information Management, the Manager, Privacy and Access to Information and the Access to Information and Privacy and the ATIP coordinator.

4.6 Monitoring Compliance

The time taken to process personal information requests and requests for the correction of personal information is tracked in the ATIP tracking system. The ATIP case load is reviewed bi-weekly with the Director, EIM and the anticipated responses to privacy requests are ultimately reviewed and approved by the Assistant Superintendent, Corporate Services. Concerns are raised as appropriate throughout the lifecycle of the request and priority is given to fulfilling OSFI's statutory obligations.

4.7 Summary of significant changes to programs, operations, policies or procedures

Work continues to strengthen OSFI's EIM Governance Framework. OSFI's Privacy Impact Assessment Framework has been implemented and a new Privacy Protocol process introduced for the assessment of non-administrative use of personal information. Privacy risk assessment and risk management serve as a formalized component of OSFI's established project governance model. Through their membership on the Architecture Review Board and the Change Advisory Board, the

Manager, Privacy and Access to Information and the Director, Enterprise Information Management, respectively, ensure that privacy-related project risks are assessed early in the project cycle and that appropriate assessment tools (Privacy Impact Assessment or Privacy Protocols) are applied. As such, material privacy risks are mitigated at the appropriate project gates and accountability for residual risks duly documented through OPI sign-off at the appropriate level. This early detection process also contributes to OSFI's Clockspeed initiative, aimed at creating efficiencies in the delivery of IT solutions to clients.

As part of the eSpace (OSFI's Enterprise Document and Records Management System) project, the Project team led a review of OSFI's legacy (pre-2014) information holdings for the Supervision and Regulation Sector groups to identify personal information and ensure that appropriate safeguards were in place before migrating information from the older system. This review provided an inventory of personal information holdings at a macro level and helped strengthen privacy awareness within the Office.

In order to enhance the accountability for the *Privacy* program, OSFI has further strengthened the internal approval process to ensure Executive Management from the responsible program area has reviewed and understood the proposed disclosure of personal information under their purview. This concurrence is now reflected in the formal approval process.

4.8 Number of New Data Matching and Sharing Activities Undertaken

No data matching and sharing activities were undertaken during this reporting period.

4.9 Exempt banks

The Office holds no personal information in its Personal Information Banks that requires designation under section 18 of the Act.

4.10 Reading room

In accordance with the *Privacy Act*, a public reading room is available in Ottawa. It is located at 255 Albert Street, on the 16th floor.

5. Interpretation of the Statistical Report

Part 1 – Requests under the *Privacy Act*

Due to the nature of OSFI's work – regulating financial institutions and private pension plans under federal jurisdiction – much of the information in the Office's possession is third-party information. As such, OSFI has relatively little personal information in its record holdings.

In 2016-2017, two (2) new requests were received. Since the inception of the *Privacy Act*, July 1, 1983, OSFI has received a total of 58 privacy requests.

Part 2 – Requests closed during the reporting period

The following table summarizes the actions taken with respect to the completed requests:

Disposition	Number of requests
All disclosed	0
Disclosed in part	2
All exempted	0
All excluded	0
No records exist	0
Request abandoned	0
Neither confirmed nor denied	0
Total	2

Parts of some of the records were subject to exemptions. In every case, where applicable, the applicant was given access to the remaining portion of the records relevant to the request.

Exemptions

OSFI has only applied exemptions to withhold information under subsections 22(1)(b), 26 and 27 of the *Act*, as applicable.

Exclusions

No exclusions were cited.

Format of information released

Paper documents were disclosed in both requests.

Relevant pages processed and disclosed

One hundred and sixty-eight (168) pages were processed and forty-seven (47) pages were disclosed.

Relevant pages processed and disclosed by size of requests

During this reporting period, OSFI disclosed 47 pages of the 168 relevant pages processed.

Other complexities

Consultations with another institution and interwoven information were complexities encountered during the processing of both requests. Legal advice was sought in the processing of one of these requests.

Deemed refusal

There was 1 request for which a response was provided past the statutory deadline as appropriate consultations were required.

Request for translation

No requests for translation were made.

Part 3 – Disclosures under Subsections 8(2) and 8(5)

No disclosures were made pursuant to subsections 8(2)(e), 8(2)(m) or 8(5) of the *Privacy Act* during this reporting period.

Part 4 – Request for correction of personal information and notations

No requests for correction of personal information and notations were made during this reporting period.

Part 5 – Extensions

Two requests required an extension of 30 days in accordance with section 15(a)(i) as a result of the need for appropriate consultation.

Part 6 – Consultations received from other government institutions and organizations

No consultations from other government institutions and organizations were received during the reporting period.

Part 7 – Completion time of consultations on Cabinet confidences

No consultations with respect to Cabinet confidences were required.

Part 8 – Resources related to the *Privacy Act*

The cost to administer the *Act* during this reporting period was \$101,557. The ATIP Coordinator was on extended leave during this reporting period. As a result, this represents the work of one employee at the RE-06 level, one employee at the REX-07 level as well as consultants (which is a 0.05 full time equivalents (FTE)) and includes the related professional development costs for these employees. Costs incurred in this reporting period reflect staff and contractor times for the development of Privacy Impact Assessments, drafting of Privacy frameworks and training and awareness building.

6. Complaints and Investigations

The Office did not receive any complaints pursuant to the *Privacy Act* during this reporting period, and no formal investigations regarding OSFI were carried out.

7. Privacy Breaches

There were no material privacy breaches reported during the 2016-2017 fiscal year.

8. Appeals to the Federal Court of Canada

8.1 Major changes implemented as a result of concerns or issues raised by the Privacy Commissioner of Canada in her annual report to Parliament

The Privacy Commissioner of Canada did not raise any concerns or issues related to OSFI, therefore no major changes were implemented.

8.2 Major changes implemented as a result of concerns or issues raised by other agents of Parliament

No major changes were implemented by OSFI as other agents of Parliament did not raise any concerns or issues.

8.3 Number of applications or appeals to the Federal Court or the Federal Court of Appeal during the fiscal year

There were no applications or appeals to the Federal Court or the Federal Court of Appeal during this fiscal year related to OSFI.

9. Completed Privacy Impacts Assessments

In 2016–2017, a privacy impact assessment of the HR Director program was completed and submitted to the Office of the Privacy Commissioner of Canada. OSFI has historically managed its human resources (HR) information in a system/database called HRManager. Since 1998, HRManager has stored and processed information related to basic HR administrative support services: employee tombstone information, classification, and position information. Within these areas, OSFI used HRManager to track its personnel, assist in reporting to Treasury Board Secretariat (TBS) as required, and manage the positions, language requirements, salary, and other basic needs of the agency's HR program. In anticipation of the eventual onboarding to a common GC PeopleSoft solution, it was necessary for OSFI to upgrade its HR Manager system to HR Director. This upgrade provided a more stable environment and enhanced functionality to support OSFI's HR administrative practices.

The HR Director PIA summary will be posted shortly.
