Receiver General for Canada

Government-wide Chart of Accounts: 2019 to 2020
Chapter 6: Program codes: Summary

Updated : 2020-02-06

www.pwgsc-tpsgc.gc.ca

Table of contents

6.1 Introduction

As of fiscal year 2019 to 2020 and under the new Treasury Board Secretariat [Policy on Results](#), most of the departments will be implementing the new Departmental Results Framework. This framework, which replaces the Program Alignment Architecture (PAA), consists of departmental core responsibilities and their related program inventory. These codes are used to reflect the resources allocated to the achievement of government objectives.

Example:

ZZZ00 - represents a core responsibility. The first three digits are capital letters and the last two digits are zeros.

ZZZ01 - this five digits alphanumeric code represents an individual program from the program inventory. The first 3 digits identify the core responsibility to which the program corresponds and the last two numbers is a combination between 01 and 99.

Please note that the following departments will still be using the old Program Alignment Architecture (PAA) in fiscal year 2019 to 2020 consisting in program codes (PROG):

- Royal Canadian Mounted Police
- Royal Canadian Mounted Police External Review Committee
- Civilian Review and Complaints Commission for the Royal Canadian Mounted Police

The format of these PROG is indentical to the core responsibility format.

6.2 Program codes Summary for 2019 to 2020

Agriculture and Agri-Food

Agriculture and Agri-Food (Department of)

BWN00 Domestic and International Markets

BWN01 Trade and Market Expansion

BWN02 Sector Engagement and Development

ISS40	2018-12-18	Modify	Internal services code adjusted for the Office of the Correctional Investigator of Canada.

Footnotes

1. Most departments and agencies are to substitute the letter A by a zero (0). **However**, in rare cases, where a department or agency has more than one vote per kind of vote (Program, Operating, Capital Expenditures), or another department or agency is allowed to function within a host departmental financial system and the accounting is included in the host department's Central Financial Management and Reporting System (CFMRS) trial balance, the A would be substituted sequentially by 1 for the first vote/organization and by 2 for the second vote/organization, etc.
2. The note related to the ISSA0 code applies.
3. This department is not required to use specific program codes to allocate the internal service expenses between the following groups: Management and Oversight Services; Communications Services; Legal Services; Human Resources Management Services; Financial Management Services; Information Management Services; Information Technology Services; Real Property Services; Materiel Services; Acquisition Services; and Other Administrative Services. This department will exclusively use the internal services code.
