## **Introduction to the *Public Accounts of Canada***

### **Nature of the *Public Accounts of Canada***

The *Public Accounts of Canada* is the report of the Government of Canada prepared annually by the Receiver General, as required by section 64 of the *Financial Administration Act*. It covers the fiscal year of the Government, which ends on March 31.

The information contained in the report originates from two sources of data:

- the summarized financial transactions presented in the accounts of Canada, maintained by the Receiver General; and
- the detailed records, maintained by departments and agencies.

Each department and agency is responsible for reconciling its accounts to the control accounts of the Receiver General, and for maintaining detailed records of the transactions in their accounts.

The report covers the financial transactions of the Government during the year. In certain cases, parliamentary authority to undertake transactions was provided by legislation approved in earlier years.

### **Format of the *Public Accounts of Canada***

The *Public Accounts of Canada* is produced in three volumes:

**Volume I** presents the audited consolidated financial statements of the Government, as well as additional financial information and analyses;

**Volume II** presents the financial operations of the Government, segregated by ministry; and

**Volume III** presents supplementary information and analyses.

This page has been intentionally left blank.

## **Canadian Grain Commission Revolving Fund**

### Statement of management responsibility

We have prepared the accompanying financial statements of the Canadian Grain Commission Revolving Fund as required by and in accordance with the Receiver General reporting requirements. These financial statements were prepared by the management of the Fund in accordance with the significant accounting policies set out in note 2 of the statements, on a basis consistent with that of the preceding year. Some previous year's figures have been reclassified to conform to the current year's presentation.

Responsibility for the integrity and objectivity of these financial statements rests with the management of the Fund. To assure maximum objectivity and freedom from bias, the financial data contained in these financial statements has been examined by the Departmental Audit Committee. The information included in these financial statements is based on management's best estimates and judgment with due consideration given to materiality. To fulfill its accounting and reporting responsibilities, the Fund maintains a set of accounts which provides a centralized record of the Fund's financial transactions. Financial information submitted to the *Public Accounts of Canada* and included in the department's *Departmental Results Report* is consistent with these financial statements.

The Canadian Grain Commission's Finance Division develops and disseminates financial management and accounting policies and issues specific directives which maintain standards of accounting and financial management. The Fund maintains systems of financial management and internal control which gives due consideration to costs, benefits and risks. They are designed to provide reasonable assurance that transactions are properly authorized by Parliament, are executed in accordance with prescribed regulations, and are properly recorded to maintain accountability of Government funds and safeguard the assets under the Fund's administration. Financial management and internal control systems are augmented by the maintenance of internal audit programs. The Fund also seeks to ensure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

In order to ensure maximum objectivity and freedom from bias, these financial statements have been examined by the external auditors who have provided an independent opinion as to whether the financial statements present fairly the financial position of the Fund as at March 31, 2018 and the results of operations and the change in financial position for the year. This opinion has been appended to these financial statements.

The accounting system and financial statements of the Fund have evolved over the years to meet changing conditions. The Canadian Grain Commission implemented SAP, hosted by the Central Agency Cluster—Shared Services (CAC-SS) run by Treasury Board Secretariat, to collaborate in the interest of more effective and efficient financial management systems and to comply with Government of Canada direction.

## Canadian Grain Commission Revolving Fund—continued

### Independent Auditor's Report

To the Chief Commissioner, Commissioners and the Departmental Audit Committee of Canadian Grain Commission Revolving Fund

We have audited the accompanying financial statements of the Canadian Grain Commission Revolving Fund ("the Fund"), which comprise the statement of financial position as at March 31, 2018, and the statements of operations and net assets, and cash flows for the year then ended, and the related notes, which comprise a summary of significant accounting policies and other explanatory information. These financial statements have been prepared by management of the Fund in accordance with section 8.1 of the *Receiver General for Canada Public Accounts Instructions*.

#### Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with section 8.1 of the *Receiver General for Canada Public Accounts Instructions*, and for such internal controls as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Fund's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal controls. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of the Canadian Grain Commission Revolving Fund as at March 31, 2018, and the results of its operations and net assets and its cash flows for the year then ended in accordance with section 8.1 of the *Receiver General for Canada Public Accounts Instructions*.

#### Basis of accounting and restriction on use

Without modifying our opinion, we draw attention to note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared to assist the Canadian Grain Commission Revolving Fund to meet the requirements of section 8.1 of the *Receiver General for Canada Public Accounts Instructions*. As a result, the financial statements may not be suitable for another purpose. Our report is intended solely for the management of the Canadian Grain Commission Revolving Fund, and should not be used by parties other than the Canadian Grain Commission Revolving Fund or the Treasury Board of Canada.

## Canadian Grain Commission Revolving Fund—continued

Notes to the financial statements for the year ended March 31, 2018

### 1. Authority and purpose

The Canadian Grain Commission Revolving Fund ("CGC", "the Revolving Fund" or "the Fund") derives its authority from the *Canada Grain Act*. The CGC's mandate as set out in the Act is to, in the interest of grain producers, establish and maintain standards of quality for Canadian grain, regulate grain handling in Canada and to ensure a dependable commodity for domestic and export markets.

In order to effectively pursue its mandate, the CGC aims to achieve the following strategic outcome: Canada's grain is safe, reliable and marketable and Canadian grain producers are properly compensated for grain deliveries to licensed grain companies.

The CGC's Program Alignment Architecture has five programs: The Quality Assurance Program, Quantity Assurance Program, Grain Quality Research Program, and Producer Protection Program contribute to making progress to the sole strategic outcome. The Internal Services Program supports all other programs within the CGC.

The Canadian Grain Commission Revolving Fund was established under *Appropriation Act No. 6, 1994–1995*. The Fund has a continuing non-lapsing authority from Parliament to make payments out of the Consolidated Revenue Fund for working capital, tangible capital acquisitions and temporary financing of accumulated operating deficits and drawdown authority of \$2,000,000.

The CGC did not access its net authority provided from Treasury Board for the fiscal year 2017–2018. The CGC received a total of \$5,958,493 through the *Appropriation Acts* approved by Parliament for the fiscal year 2017–2018.

Amendments to the *Canada Grain Act* came into force on August 1, 2013. In response to both legislative changes and restructured fees, the CGC adjusted its workforce, organizational design, and operations. A revised funding model based on full cost recovery through user fees and ongoing appropriations came into effect on August 1, 2013. This sustainable funding model eliminated the CGC's dependence on annual ad hoc federal appropriations. Under the updated fee structure up to March 31, 2018, the CGC accumulated surplus has increased due mainly to higher than expected grain volumes handled. The CGC updated selected key fees as of August 1, 2017, and updated all fees as of April 1, 2018, as a measure to mitigate the further accumulation of surplus funds.

In accordance with the Government's policy on self-insurance, the CGC does not carry its own insurance. The CGC is not subject to income tax.

### 2. Significant accounting policies

The financial statements have been prepared in accordance with the reporting requirements of the Receiver General for Canada for revolving funds. The basis of accounting used in these financial statements differs from Canadian generally accepted accounting principles for the public sector because:

- the net debt indicator and the statement of change in net debt are not presented in the financial statements
- the liabilities for employee termination benefits and severance liability are based on management's best estimate rather than actuarial valuations
- the services received without charge from other government departments and agencies are not reported as expenses
- no liability is recorded for sick leave

The significant accounting policies are as follows:

#### (a) Use of estimates

The preparation of these financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities as at the date of the financial statements and the reported amounts of revenue and expenses during the periods covered by the financial statements. The principal financial statement components, subject to measurement uncertainty, include salaries payable related to unsettled labour contracts, the estimated useful life of capital assets and the liabilities for employee severance benefits and employee termination benefits. Actual results could differ from those estimates. Management's estimates are reviewed periodically and, as adjustments become necessary, they are recorded in the financial statements in the year they become known.

#### (b) Revenue recognition

Revenue is recognized in the accounting period in which it is earned through the provision of goods or services, or when an event giving rise to a claim has taken place. The majority of service fees such as inspection and weighing activities are dependent on grain volumes handled. Revenues that have been received but not yet earned are presented as deferred revenue. Deferred revenue is primarily received for licensing fees which usually covers a 12-month period.

**Canadian Grain Commission Revolving Fund—continued**

Notes to the financial statements for the year ended March 31, 2018—continued

## (c) Expense recognition

Unless otherwise disclosed, expenses are recorded in the period they are incurred.

## (d) Cash in transit

Cash in transit includes cash and cheques received prior to March 31 but not deposited until the subsequent year.

## (e) Parliamentary appropriation

Operations are funded primarily from a permanent authority from Parliament (Revolving Fund) where the CGC is allowed to spend fees collected. Some of the operations of the Grain Quality Research Program and Internal Audit are funded by ongoing Parliamentary appropriation through their annual votes. These appropriations have been recorded as revenue of the Fund.

## (f) Accounts receivable

Accounts receivable are stated at amounts expected to be ultimately realized. Allowances are established for all accounts for which interest or principal payments are 180 days past due and deemed uncollectable.

## (g) Tangible capital assets

Certain assets previously under the custody of the Department of Agriculture and Agri-Food Canada were assumed by the Revolving Fund on April 1, 1995. The assumed assets were considered to be contributed capital and recorded at the Crown's estimated net book value. Assets acquired subsequent to April 1, 1995 were recorded at cost. Proceeds from the disposal of capital assets are retained by the Revolving Fund.

All capital assets and leasehold improvements with a cost equal to or greater than \$10,000 are capitalized at their acquisition cost.

Assets are amortized on a straight-line basis over their estimated useful lives, commencing in the month after they are put into service, as follows:

Scientific equipment	5 years
Office equipment and furniture	5 years
Operational equipment	10 years
Motor vehicles	5 years
Computer equipment and software	3 years
Leasehold improvements	5 years

The costs for assets under construction are capitalized as incurred with amortization commencing in the month after they are put into service.

## (h) Vacation, overtime and compensatory leave

Vacation, overtime and compensatory leave are expensed as the benefits accrue to employees under their respective terms of employment.

## (i) Employee severance benefits

Severance benefits accrue to employees over their years of service with the Government of Canada as stipulated in their collective agreements. The CGC provides for the severance entitlements earned by employees. The obligation relating to the benefits earned by employees is calculated using information derived from management's estimate of the liability.

## (j) Employee termination benefits

Employees affected by the amendments to the *Canada Grain Act* and other operational adjustments are entitled to termination benefits, calculated based on salary levels in effect at the time of termination as stipulated in their collective agreements. The obligation is calculated using information derived from management's estimate of the liability.

**Canadian Grain Commission Revolving Fund—continued**

Notes to the financial statements for the year ended March 31, 2018—continued

## (k) Pension plan

Employees of the CGC are covered by the *Public Service Superannuation Act* and the *Supplementary Retirement Benefits Act*. The Government of Canada's portion of the pension cost is included in the employee benefit charge assessed against the Revolving Fund. The actual payment of the pension is made from the Public Service Superannuation and Supplementary Retirement Benefits Accounts. Current legislation does not require the CGC to make contributions for any actuarial deficiencies of the Public Service Superannuation account.

## (l) Sick leave

Employees are permitted to accumulate unused sick leave. However, such leave entitlements do not vest and may only be used in the event of illness. Unused sick leave upon employee termination is not payable to the employee. No amount has been accrued in these financial statements and payments of sick leave benefits are included in current operations as incurred.

## Canadian Grain Commission Revolving Fund—continued

Notes to the financial statements for the year ended March 31, 2018—continued

### 6. Salaries payable

Due to operational adjustments, a segment of the CGC work force became eligible for the provision of termination benefits. As a result, the CGC has recorded an obligation for termination benefits as part of salaries payable to reflect the estimated workforce adjustment costs.

	2018	2017
	(in thousands of dollars)	
Employee termination liability, beginning of year.....	365	101
Expense for the year.....	202	261
Benefits paid during the year.....	(184)	3
<b>Employee termination liability, end of year .....</b>	<b>383</b>	<b>365</b>
Other salary costs including benefits.....	2,631	5,811
<b>Salaries payable.....</b>	<b>3,014</b>	<b>6,176</b>

### 7. Employee severance benefits liability

The CGC provides severance benefits to its employees based on eligibility, years of service and final salary. These benefits are currently calculated based on the actual severance owed to each employee.

With Budget 2011, the Government of Canada announced its intention to eliminate the ongoing accumulation of severance benefits. All collective agreements for the CGC have been negotiated and severance benefits have ceased to accumulate. The amounts reported are for employees who did not liquidate their severance and will be paid upon their departure from the public service.

	2018	2017
	(in thousands of dollars)	
Employee severance benefits liability, beginning of year.....	2,516	2,659
Expense for the year.....	(3)	83
Benefits paid during the year.....	(275)	(226)
<b>Employee severance benefits liability, end of year .....</b>	<b>2,238</b>	<b>2,516</b>

### 8. Parliamentary appropriation

The CGC is financed by the Government of Canada through a combination of an ongoing Parliamentary appropriation, authority to re-spend fees collected, accumulated surpluses from prior years and a revolving line of credit of \$2,000,000.

The government funding basis is used to recognize transactions affecting Parliamentary appropriations. The statement of operations and net assets is based on accrual accounting. Consequently, items presented in the statement of operations and net assets are not necessarily the same as those provided through appropriations from Parliament. Items recognized in the statement of operations and net assets in one year may be funded through Parliamentary authorities in prior, current, or future years. Accordingly, the CGC has different appropriation authorities for the year on a government funding basis than on an accrual accounting basis. Details on appropriation authorities provided and used are shown in the following tables.

Appropriation authorities provided and used:

	2018	2017
	(in thousands of dollars)	
Total appropriation funds provided.....	5,958	5,418
Frozen allotment		
Underspent (lapse).....	(42)	(117)
<b>Current year appropriation funds provided and used.....</b>	<b>5,916</b>	<b>5,301</b>

**Canadian Grain Commission Revolving Fund—continued**

Notes to the financial statements for the year ended March 31, 2018—continued

**9. Net assets**

Contributed capital represents the value of capital assets financed from capital contributions at the inception of the Fund.

The accumulated surplus is the accumulation of each fiscal year's surplus net of deficits since the inception of the Fund.

The accumulated net charge against the Fund's authority represents the cumulative receipts and disbursements over the life of the Fund.

	2018	2017
	(in thousands of dollars)	
Contributed capital.....	4,941	4,941
Accumulated surplus		
Opening balance.....	118,195	94,398
Net results.....	10,260	23,797
<b>Closing balance.....</b>	<b>128,455</b>	<b>118,195</b>
Accumulated net charge against the Fund's authority		
Opening balance.....	(118,677)	(91,086)
Change in net resources provided.....	(9,313)	(27,591)
<b>Closing balance.....</b>	<b>(127,990)</b>	<b>(118,677)</b>
<b>Total net assets.....</b>	<b>5,406</b>	<b>4,459</b>

**10. Contractual obligations**

The CGC leases its premises primarily under occupancy instruments. An occupancy instrument is a formal agreement between the CGC and Public Services and Procurement Canada, recording the terms and conditions that govern the provision and occupancy of the accommodation. The CGC has a total of 18 separate occupancy agreements with various term lengths up to 10 years. In addition, the CGC has a direct lease agreement with the University of Manitoba for the rental of laboratory and office space.

For the period ended March 31, 2018, the CGC incurred \$5,082,293 in costs associated with its occupancy and lease obligations (2017—\$5,186,048). Expected future payouts are as follows:

	(in thousands of dollars)
2019.....	4,749
2020.....	4,661
2021.....	4,666
2022.....	4,381
2023 and thereafter.....	3,191

**Canadian Grain Commission Revolving Fund—continued**

Notes to the financial statements for the year ended March 31, 2018—continued

**11. Contingent liabilities**

In the normal course of its operations, CGC may become involved in various legal actions. Some of these potential liabilities may become actual liabilities when one or more future events occur or fail to occur. To the extent that the future event is likely to occur or fail to occur, and a reasonable estimate of the loss can be made, an estimated liability is accrued and an expense is recorded in the financial statements. As at March 31, 2018, two claims are outstanding against CGC, as noted below.

Grievances have been filed against the CGC with respect weekend premiums as stated in a collective agreement. The matters are still to be scheduled for adjudication and the outcome of these claim is not determinable at this time. No accrual for this contingency has been made in the financial statements.

A claim has been filed against the CGC by grain producers who allege losses sustained in the failure of a former licensee. The claim alleges total losses asserted against the CGC at \$1,723,637, plus interest and costs. The claim is at an early stage of pleadings, and a defence has been filed on behalf of the CGC. The outcome of the claim cannot be determined at this time. No accrual for this contingency has been made in the financial statements.

**12. Related party transactions**

The CGC is related in terms of common ownership to all Government of Canada departments, agencies and Crown corporations. The CGC enters into transactions with these entities at arm's length in the normal course of business and on normal trade terms.

Services provided by other government departments

During the year, the CGC paid occupancy costs and certain professional services to other government departments or agencies. Employer's health insurance plan contributions and employee benefit plans were also provided by and paid to other government departments. Significant services have been recognized in the CGC statement of operations and net assets as follows:

	2018	2017
	(in thousands of dollars)	
Revenues.....	(733)	(808)
Expenses		
Employer's contribution to employee benefit plans.....	8,441	7,717
Occupancy costs.....	5,092	5,208
Leasehold improvements.....	1,374	1,772
Professional and special services.....	1,939	1,597
Other.....	406	474
	<b>16,519</b>	<b>15,960</b>

Included in accounts receivable, accounts payable, and salaries payable at year-end are the following amounts with related parties:

	2018	2017
	(in thousands of dollars)	
Accounts receivable.....	188	171
Accounts payable.....	606	1,557
Employer's contribution to employee benefit plans payable.....	317	962

## **Canadian Grain Commission Revolving Fund—concluded**

Notes to the financial statements for the year ended March 31, 2018—concluded

### **13. Financial Instruments**

The Revolving Fund's financial instruments consist of cash in transit, accounts receivable, accounts payable and accrued liabilities, salaries payable, vacation, overtime and compensatory leave payable, and employee severance benefits. The carrying values of these financial instruments approximate their fair value because of their short terms to maturity, except for employee severance benefits and employee termination benefits which are based on management's best estimate. Unless otherwise noted, it is management's opinion that the Revolving Fund is not exposed to significant interest, currency or credit risk arising from these financial instruments.

Financial instruments that potentially subject the CGC to concentrations of credit risk consist primarily of trade accounts receivable. For the period ended March 31, 2018, six large integrated organizations accounted for \$4,419,543 or 84% of the CGC's outside parties receivable balances (2017—six organizations, \$2,935,564 or 88%).

### **14. Comparative information**

Certain comparative figures have been reclassified to conform to the current year's presentation.

---

## Canadian Intellectual Property Office Revolving Fund

### Statement of management responsibility

We have prepared the accompanying financial statements of the Canadian Intellectual Property Office Revolving Fund ("the Fund") as required by and in accordance with section 8.1 of the Receiver General for Canada *Public Accounts Instructions*. These financial statements were prepared by the management of the Fund in accordance with the significant accounting policies set out in note 2 of the statements, on a basis consistent with that of the preceding year.

Responsibility for the integrity and objectivity of these financial statements rests with the management of the Fund. The information included in these financial statements is based on management's best estimates and judgement with due consideration given to materiality. To fulfill its accounting and reporting responsibilities, the Fund maintains a set of accounts, which provides a centralized record of the Fund's financial transactions. Financial information contained in the ministerial statements and elsewhere in the *Public Accounts of Canada* is consistent with that in these financial statements, unless indicated otherwise.

The Fund's directorate of financial services develops and disseminates financial management and accounting policies and issues specific directives, which maintain standards of accounting and financial management. The Fund maintains systems of financial management and internal control which gives due consideration to costs, benefits and risks. They are designed to provide reasonable assurance that transactions are properly authorized by Parliament, are executed in accordance with prescribed regulations, and are properly recorded to maintain accountability of Government funds and safeguard the assets under the Fund's administration. The Fund also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

At the request of the Fund, these financial statements have been examined by external auditors, their role being to express an opinion as to whether the financial statements present fairly the financial position as at March 31, 2018 and the results of operations and cash flows for the year then ended in accordance with the significant accounting policies as described in note 2 to the financial statements.

### Independent Auditor's Report

To the Deputy Minister, Innovation, Science and Economic Development Canada

We have audited the accompanying financial statements of the Canadian Intellectual Property Office Revolving Fund ("the Fund"), which comprise the statement of financial position as at March 31, 2018 and the statements of operations and net liabilities, and cash flows for the year then ended, and the related notes, which comprise a summary of significant accounting policies and other explanatory information. These financial statements have been prepared by management of the Fund in accordance with section 8.1 of the Receiver General for Canada *Public Accounts Instructions*.

#### Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with section 8.1 of the Receiver General for Canada *Public Accounts Instructions*, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Fund's preparation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal controls. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of the Canadian Intellectual Property Office Revolving Fund as at March 31, 2018, and the results of its operations and its cash flows for the year then ended in accordance with section 8.1 of the Receiver General for Canada *Public Accounts Instructions*.

#### Basis of accounting and restriction on use

Without modifying our opinion, we draw attention to note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared to assist the Canadian Intellectual Property Office Revolving Fund to meet the requirements of section 8.1 of the Receiver General for Canada *Public Accounts Instructions*. As a result, the financial statements may not be suitable for another purpose. Our report is intended solely for the management of the Canadian Intellectual Property Office Revolving Fund and should not be used by parties other than Canadian Intellectual Property Office Revolving Fund or the Treasury Board of Canada.

## Canadian Intellectual Property Office Revolving Fund—*continued*

Notes to the financial statements for the year ended March 31, 2018

### 1. Authority and purpose

The Canadian Intellectual Property Office ("CIPO") grants or registers exclusive ownership of intellectual property in Canada. In exchange, CIPO acquires intellectual property information and state-of-the-art technology, which it disseminates to Canadian firms, industries and individuals to improve economic performance, competitiveness and to stimulate further invention and innovation.

CIPO is financed through a revolving fund authority ("the Fund"), which was established on April 1, 1994. The authority to make expenditures out of the Consolidated Revenue Fund was granted on February 22, 1994 and had an authorized limit of \$15 million. During the fiscal year ended March 31, 2002, the Fund's authorized limit was reduced from \$15 million to \$5 million. The Fund has continuing non-lapsing authority from Parliament to make payments out of the Consolidated Revenue Fund for working capital, capital acquisitions and temporary financing of accumulated operating deficits. The Fund may retain surpluses to continue to automate operations.

The Fund is not subject to income taxes.

### 2. Significant accounting policies

The financial statements have been prepared in accordance with reporting requirements for revolving funds described by the Receiver General for Canada. The basis of accounting used in these financial statements differs from Canadian generally accepted accounting principles for the public sector because:

- the net debt indicator and the statement of change in net debt are not presented in the financial statements
- expenses are reported by type in the statement of operations and net liabilities and not by function or major program
- services received without charge from other government departments are not reported as expenses
- budgeted expenses are not disclosed in the statement of operations
- no liability is recorded for sick leave
- employee termination benefits liability are based on management's estimates rather than based on actuarial valuations
- contingent liabilities are disclosed rather than recorded

The significant accounting policies are as follows:

#### (a) Revenue recognition

Fees received for processing patent, trademark and industrial design applications are recorded as deferred revenues until services are rendered, at which time they are recorded as revenue. Detailed inventory counts of applications are used to determine the amount of deferred revenue taking into account the fee schedule related to the application. Different rates may be charged depending on the size of the entity. Abandonments during the application process are recorded as earned revenue. When work is completed prior to the receipt of the fee, the amount is recorded as unbilled revenue. Fees are prescribed by various Orders in Council.

#### (b) Tangible capital assets

Tangible capital assets are recorded at cost and are amortized on a straight-line basis over their estimated useful lives, beginning in the month after acquisition, as follows:

Asset class	Years
Leasehold improvements	5 years
Informatics software	3-10 years
Hardware	5-10 years
Machinery and equipment	10 years
Furniture	10 years

The costs for assets under construction are capitalized as incurred with amortization commencing in the month after they are put into service.

## Canadian Intellectual Property Office Revolving Fund—continued

Notes to the financial statements for the year ended March 31, 2018—continued

(c) Employee future benefits

Employee severance benefits

Employees of the Fund are entitled to severance benefits, calculated based on salary levels in effect at the time of termination as provided for under collective agreements and conditions of employment. These benefits are accrued as employees render the services necessary to earn them. In Budget 2012, the Government of Canada announced that it was eliminating the accumulation of severance benefits for voluntary resignation and retirement for federal government employees. As part of the implementation of this measure, collective agreements had provided three options to address the balances accumulated to date. These included:

1. a single payment at the rate of pay of the employee’s substantive position as of the coming into force of the collective agreement, or
2. a single payment at the time of the employee’s termination of employment from the core public administration, based on the rate of pay of the employee’s substantive position at the date of termination of employment from the core public administration, or
3. a combination of (1) and (2)

With the introduction of captions (1) and (3), the Fund had been required to draw down on the obligation for employee future benefits as the collective agreements came into force.

Pension benefits

Employees of the Fund are covered by the Public Service Superannuation Plan administered by the Government of Canada. Under present legislation, contributions made by the Fund to the Plan are limited to an amount equal to the employee’s contributions on account of current service. These contributions represent the total pension obligations of the Fund and are charged to operations on a current basis. The Fund is not required under present legislation to make contributions with respect to actuarial deficiencies of the Public Service Superannuation Account and/or with respect to charges to the Consolidated Revenue Fund for the indexation of payments under the *Supplementary Retirement Benefits Act*.

(d) Use of estimates

The preparation of these financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Revenues, unbilled revenues, deferred revenues, the estimated useful lives of tangible capital assets and salary related liabilities are the most significant items for which estimates are used. Actual results could differ from these estimates. These estimates are reviewed annually and as adjustments become necessary, they are recorded in the financial statements in the period in which they become known.

(e) Sick leave

Employees are permitted to accumulate unused sick leave. However, such leave entitlements do not vest and can be used only in the event of illness. Payments of sick leave benefits are included in current operations as incurred.

**8. Contractual obligations**

CIPO leases its premises under occupancy instruments. An occupancy instrument is a formal agreement between the CIPO and Public Services and Procurement Canada (formerly known as Public Works and Government Services Canada) recording the terms and conditions that govern the provision and occupancy of the accommodation. Expected future payouts by fiscal year are as follows:

	(in thousands of dollars)
2019.....	5,870
2020.....	264
2021.....	204
2022.....	68
	<b>6,406</b>

## **Canadian Intellectual Property Office Revolving Fund—concluded**

Notes to the financial statements for the year ended March 31, 2018—concluded

### **9. Related party transactions**

Through common ownership, the Fund is related to all Government of Canada created departments, agencies and Crown corporations. Payments for accommodation, legal services, compensation and benefits services, mail services, security services and mainframe and computing services are made to related parties in the normal course of business.

### **10. Transfer of the transition payments for implementing salary payments in arrears**

The Government of Canada implemented salary payments in arrears in 2014–2015. As a result, a one-time payment was issued to employees and will be recovered from them in the future. The transition to salary payments in arrears forms part of the transformation initiative that replaces the pay system and also streamlines and modernizes the pay processes. This change to the pay system had no impact on the expenses of the Fund. However, it did result in the use of authorities by the Fund and impacted the Accumulated net charge against the Fund's Authority. In 2014–2015, transition payments for implementing salary payments in arrears were transferred to a central account administered by Public Services and Procurement Canada, who is responsible for the administration of the Government pay system.

---

## Canadian Pari-Mutuel Agency Revolving Fund

### Statement of management responsibility

We have prepared the accompanying financial statements of the Canadian Pari-Mutuel Agency Revolving Fund as required by and in accordance with the Treasury Board *Directive on Charging and Special Financial Authorities* and the Receiver General reporting requirements. These financial statements were prepared by the management of the Fund in accordance with the significant accounting policies set out in note 2 of the financial statements, on a basis consistent with that of the preceding year.

Responsibility for the integrity and objectivity of these financial statements rests with the management of the Fund. The information included in these financial statements is based on management's best estimates and judgement with due consideration given to materiality. To fulfil its accounting and reporting responsibilities, the Fund maintains a set of accounts which provides a centralized record of the Fund's financial transactions. Financial information submitted to the *Public Accounts of Canada* and included in the Agriculture and Agri-Food Canada *Departmental Results Report* is consistent with these financial statements.

The Fund's Management Services division develops and disseminates financial management and accounting policies and issues specific directives which maintain standards of accounting and financial management. The Fund maintains systems of financial management and internal control which gives due consideration to costs, benefits and risks. They are designed to provide reasonable assurance that transactions are properly authorized by Parliament, are executed in accordance with prescribed regulations, and are properly recorded to maintain accountability of Government funds and safeguard the assets under the Fund's administration. Financial management and internal control systems are augmented by the maintenance of internal audit programs. The Fund also seeks to assure the objectivity and integrity of data in its financial statements by careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

Management has presented the financial statements to an external auditing firm, which has audited them and has provided an independent opinion that has been appended to these financial statements.

### Independent auditor's report

To the Assistant Deputy Minister, Corporate Management, Agriculture and Agri-Food Canada

We have audited the accompanying financial statements of the Canadian Pari-Mutuel Agency Revolving Fund ("the Fund"), which comprise the statement of financial position as at March 31, 2018, and the statements of operations and net assets, and cash flows for the year then ended, and the related notes, which comprise a summary of significant accounting policies and other explanatory information. These financial statements have been prepared by management of the Fund in accordance with section 8.1 of the *Receiver General for Canada Public Accounts Instructions*.

### Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with section 8.1 of the *Receiver General for Canada Public Accounts Instructions*, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Fund's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of the Canadian Pari-Mutuel Agency Revolving Fund as at March 31, 2018 and the results of its operations and its cash flows for the year then ended in accordance with section 8.1 of the *Receiver General for Canada Public Accounts Instructions*.

### Basis of accounting and restriction on use

Without modifying our opinion, we draw attention to note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared to assist the Canadian Pari-Mutuel Agency Revolving Fund to meet the requirements of section 8.1 of the *Receiver General for Canada Public Accounts Instructions*. As a result, the financial statements may not be suitable for another purpose. Our report is intended solely for the management of the Canadian Pari-Mutuel Agency Revolving Fund and should not be used by parties other than the Canadian Pari-Mutuel Agency Revolving Fund or the Treasury Board of Canada.

## Canadian Pari-Mutuel Agency Revolving Fund—continued

Notes to the financial statements for the year ended March 31, 2018

### 1. Authority and purpose

The Canadian Pari-Mutuel Agency Revolving Fund (CPMA or "the Fund") was established under *Appropriation Act No. 1, 1970*, which authorized the operation of the Fund in the current and subsequent fiscal years in accordance with terms and conditions prescribed by the Treasury Board of Canada ("Treasury Board") for the purpose of providing race track supervision in Canada. The *Appropriation Act No. 1, 1970* was repealed and replaced by section 2 of the *Revolving Funds Act* in 1985.

CPMA has a continuing non-lapsing authority from Parliament to make payments out of the Consolidated Revenue Fund for working capital, tangible capital asset acquisitions and temporary financing of accumulated operating deficits, the total of which is not to exceed \$2,000,000 at any time.

CPMA's mandate is to regulate and supervise pari-mutuel betting at racetracks across Canada, thereby ensuring that pari-mutuel betting is conducted in a way that is fair to the betting public.

CPMA is not subject to income tax under the provisions of the *Income Tax Act*.

On March 21, 2012, CPMA received an allotment transfer from the Treasury Board Vote 30 (Paylist Requirements) in the amount of \$503,000. This increase in available authority is for the provision to eliminate the accumulation of severance for voluntary termination for CPMA employees who have opted for the immediate cash-out of accumulated severance pay. CPMA is to repay Treasury Board over 10 years, starting in the fiscal year ended March 31, 2013.

### 2. Significant accounting policies

These financial statements have been prepared in accordance with the reporting requirements of the Receiver General for Canada for revolving funds. The basis of accounting used in these financial statements differs from Canadian generally accepted accounting principles for the public sector because:

- the net debt indicator and the statement of change in net debt are not presented in the financial statements
- expenses are reported by type in the statement of operations and not by function or major program
- budgeted expenses are not disclosed in the statement of operations
- the services received without charge from other government departments and agencies are not reported as expenses
- no liability is recorded for sick leave

The significant accounting policies are as follows:

#### (a) Revenue recognition

Pari-mutuel levy revenues are generated through a levy of 0.8% applied to every dollar bet at Canadian racetracks and are recognized as bets are made. Other revenues are recognized in the period in which they are earned.

#### (b) Cash in transit

Cash in transit includes cash and cheques received prior to March 31, but not deposited until the subsequent year.

#### (c) Accounts receivable

Accounts receivable are stated at amounts expected to be ultimately realized; a provision is made for receivables when a recovery is considered uncertain.

#### (d) Tangible capital assets

Tangible capital assets are recorded at cost and are amortized on a straight-line basis over their estimated useful lives, as follows:

Furniture and equipment	10 to 15 years
Electronic data processing equipment	3 to 5 years
Automotive	8 to 10 years
Buildings	20 to 25 years
Assets under construction	Once in service, in accordance with asset class
Leasehold improvements	Lesser of the remaining of the occupancy instrument or useful life of the improvement

**Canadian Pari-Mutuel Agency Revolving Fund—continued**

Notes to the financial statements for the year ended March 31, 2018—continued

## (e) Employee future benefits

## Pension benefits

Eligible employees of CPMA participate in the Public Service Pension Plan, a multiemployer pension plan administered by the Government. CPMA's contributions to the Plan are charged to expenses in the year incurred and represent CPMA's total obligation to the Plan. CPMA's responsibility with regard to the Plan is limited to its contributions. Actuarial surpluses or deficiencies are recognized in the financial statements of the Government of Canada, as the Plan's sponsor.

## Severance benefits

Eligible employees of CPMA are entitled to severance benefits, calculated based on salary levels in effect at the time of termination as provided for under collective agreements and conditions of employment. The cost of these benefits is recorded in the accounts as the benefits accrue to the employees. The liability relating to the benefits earned by CPMA employees is calculated using information derived from the results of the actuarially determined liability for employee severance benefits for the Government of Canada as a whole.

## (f) Vacation pay

Vacation pay is expensed as the benefits accrue to employees under their respective terms of employment.

## (g) Sick leave

Employees are permitted to accumulate unused sick leave. However, such leave entitlements may only be used in the event of an illness. Unused sick leave upon employee termination is not payable to the employee. No amount has been accrued in these financial statements and payments of sick leave benefits are included in current operations as incurred.

## (h) Use of estimates

The preparation of these financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the periods covered by the financial statements. The principal financial statement components, subject to measurement uncertainty, includes the obligation for employee future benefits, accrued liabilities, the allowance for doubtful accounts and the estimated useful lives of tangible capital assets. Actual results could differ from these estimates. These estimates are reviewed annually and as adjustments become necessary, they are recorded in the financial statements in the year in which they become known.

<b>Total accounts payable .....</b>	<b>662</b>	<b>768</b>

**Canadian Pari-Mutuel Agency Revolving Fund—concluded**

Notes to the financial statements for the year ended March 31, 2018—concluded

**6. Net assets**

The accumulated surplus is an accumulation of each fiscal year's surplus net of deficits including the absorption of the opening net assets upon establishment of the Fund.

The accumulated net charge against the Fund's authority represents the cumulative receipts and disbursements over the life of the funds.

	2018	2017
	(in thousands of dollars)	
Accumulated surplus, beginning of year .....	11,213	10,323
Net results .....	487	890
<b>Accumulated surplus, end of year .....</b>	<b>11,700</b>	<b>11,213</b>
Accumulated net charge against the Fund's authority, beginning of year .....	(10,036)	(9,318)
Net financial resources provided (used) and change in the accumulated net charge against the Fund's authority during the year .....	(179)	(718)
<b>Accumulated net charge against the Fund's authority, end of year .....</b>	<b>(10,215)</b>	<b>(10,036)</b>
<b>Net assets, end of year .....</b>	<b>1,485</b>	<b>1,177</b>

**7. Contractual obligations**

CPMA leases its premises under occupancy instruments. An occupancy instrument is a formal agreement between CPMA and Public Services and Procurement Canada recording the terms and conditions that govern the provision and occupancy of the accommodation. Expected future payments by fiscal year are as follows.

	(in thousands of dollars)
2019 .....	161
2020 .....	162
2021 .....	28
2022 .....	5
2023 and thereafter .....	–

**8. Contingent liabilities**

In the normal course of its operations, the CPMA becomes involved in various legal actions. Some of these potential liabilities may become actual liabilities when one or more future events occur or fail to occur. To the extent that the future event is likely to occur or fail to occur, and a reasonable estimate of the loss can be made, an estimated liability is accrued and an expense is recorded in the financial statements.

**9. Economic dependence**

CPMA is funded solely by a federal levy on pari-mutuel betting in Canada on horse racing, a significant portion of which is generated by the largest racetrack in Canada—The Woodbine Racetrack ("Woodbine") in Toronto, Ontario.

Woodbine generated \$6,513,246 (2017—\$6,685,176) or 66% (2017—66%) of CPMA's total pari-mutuel levy for the year ended March 31, 2018. As at March 31, 2018, \$115,176 (2017—\$70,379) or 47% (2017—38%) of CPMA's Accounts receivable—Outside parties were owed from this organization.

## CORCAN Revolving Fund

### Statement of management responsibility

We have prepared the accompanying financial statements of the CORCAN Revolving Fund as required by and in accordance with the Treasury Board of Canada Secretariat *Directive on Charging and Special Financial Authorities* and with the Receiver General reporting requirements. These financial statements were prepared by the management of the Fund in accordance with the significant accounting policies set out in note 2 of the financial statements, on a basis consistent with that of the preceding year.

Responsibility for the integrity and objectivity of these financial statements rests with the management of the Fund. To assure maximum objectivity and freedom from bias, the financial data contained in these financial statements has been examined by the audit committee of the Department. The information included in these financial statements is based on management's best estimates and judgement with due consideration given to materiality. To fulfil its accounting and reporting responsibilities, the Fund maintains a set of accounts which provides a centralized record of the Fund's financial transactions. Financial information submitted to the *Public Accounts of Canada* and included in the *Departmental Results Reports* is consistent with these financial statements.

The Fund's directorate of financial services develops and disseminates financial management and accounting policies and issues specific directives which maintain standards of accounting and financial management. The Fund maintains systems of financial management and internal control which gives due consideration to costs, benefits and risks. They are designed to provide reasonable assurance that transactions are properly authorized by Parliament, are executed in accordance with prescribed regulations, and are properly recorded to maintain accountability of Government funds and safeguard the assets under the Fund's administration. Financial management and internal control systems are augmented by the maintenance of internal audit programs. The Fund also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

Management has presented the financial statements to the Fund's external auditor, Ernst & Young, who audited them and has provided an independent opinion which has been appended to these financial statements.

## CORCAN Revolving Fund—*continued*

### Independent auditors' report

To the Commissioner of Correctional Service Canada

We have audited the accompanying financial statements of the CORCAN Revolving Fund, which comprise the statement of financial position as at March 31, 2018 and the statements of operations and net assets, and the statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information. These financial statements have been prepared by management of the CORCAN Revolving Fund to comply with section 8.1 of the Receiver General *Public Accounts Instructions*.

### Management's responsibility for the financial statements

Management is responsible for the preparation of these financial statements in accordance with section 8.1 of the Receiver General *Public Accounts Instructions*, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditors' responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Opinion

In our opinion, the financial statements of the CORCAN Revolving Fund as at and for the year ended March 31, 2018 are prepared, in all material respects, in accordance with section 8.1 of the Receiver General *Public Accounts Instructions*.

### Basis of accounting and restriction on use

Without modifying our opinion, we draw attention to note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared to assist the CORCAN Revolving Fund to comply with the financial reporting provisions of the Treasury Board of Canada referred to above. Our auditors' report is intended solely for the information and use of the CORCAN Revolving Fund and the Treasury Board of Canada and should not be used by parties other than CORCAN Revolving Fund or the Treasury Board of Canada.

## CORCAN Revolving Fund—*continued*

Notes to the financial statements for the year ended March 31, 2018

### 1. Authority and purpose

The CORCAN Revolving Fund ("CORCAN" or the "Fund") is a special operating agency within Correctional Service Canada ("CSC") financed by way of a Revolving Fund. CORCAN was established under *Appropriation Act No. 4, 1991-1992*, which authorized the operation of the Fund effective April 1, 1992 in accordance with terms and conditions prescribed by the Treasury Board of Canada ("Treasury Board"). CORCAN's purpose is to aid in the safe reintegration of offenders into Canadian society by providing employment and training opportunities to offenders incarcerated in federal penitentiaries and, for brief periods of time, after they are released into the community. The Fund has a continuing non-lapsing authority from Parliament to make payments out of the Consolidated Revenue Fund for working capital, capital acquisitions and temporary financing of accumulated operating deficits, the total of which is not to exceed \$5,000,000 at any time. An amount of \$15,218,000 representing net assets assumed by the Fund was charged to this authority when the Fund became operative on April 1, 1992. The Fund is a non-taxable entity.

### 2. Significant accounting policies

#### (a) Basis of accounting

The financial statements have been prepared in accordance with the reporting requirements of the Receiver General for Canada for revolving funds. The basis of accounting used in these financial statements differs from Canadian public sector accounting standards because:

- budgeted expenses are not disclosed in the statement of operations
- the net debt indicator and the statement of change in net debt are not presented in the financial statements
- termination benefit liability is based on actuarial valuations for the government as a whole provided by the Treasury Board to management
- no liability is recorded for sick leave
- funding for capital assets received from the Treasury Board at inception of the Fund is recorded as contributed capital
- the services received without charge from other government departments and agencies are not reported as expenses

#### (b) Recognition of revenue and expenses

Except as noted below, the Fund recognizes revenue when persuasive evidence of a final agreement exists, delivery has occurred and services have been rendered, the selling price is fixed or determinable and collectability is reasonably assured.

Revenue is accounted for in the period in which the underlying transaction or event occurred that gave rise to the revenue. Revenue that has been received but not yet earned is recorded as deferred revenue.

For construction contracts, the percentage-of-completion method of accounting is used. Degree of completion is determined by comparing direct costs incurred to date to the total direct costs anticipated for the entire contract. The effect of changes to the total estimated income for each contract is recognized in the period in which the determination is made and losses, if any, are recognized fully when anticipated. Expenses are recorded in the period they are incurred. Vacation pay and compensatory leave are expensed as the benefits accrue to employees under their respective terms of employment.

#### (c) Net cash provided by government

CORCAN operates within the Consolidated Revenue Fund, which is administered by the Receiver General of Canada. All cash received by CORCAN is deposited to the Consolidated Revenue Fund. The net cash provided by the federal government is the difference between all cash receipts and all cash disbursements, including transactions between departments of the federal government.

#### (d) Accounts receivable

Accounts receivable are stated at amounts expected to be ultimately realized; an allowance is made for receivables where recovery is considered uncertain.

**CORCAN Revolving Fund—continued**

## Notes to the financial statements for the year ended March 31, 2018—continued

## (e) Inventories

Raw materials, finished goods and work in progress inventories are valued at the lower of cost and net realizable value. The Fund makes provisions for obsolete inventory on a site-by-site basis.

## (f) Capital assets

Capital assets with an initial cost of \$10,000 or greater are recorded at cost and are amortized on a straight-line basis over their estimated useful lives commencing in the month after they are put into service, as follows:

Equipment	10 years
Leasehold improvements	Term of the lease
Vehicle fleet	5 years
Other	3 years

## (g) Pension plan

Employees of the Fund are covered by the Public Service Retirement Pension Plan (the "Plan") administered by the Government of Canada. Under present legislation, contributions made by the Fund to the Plan are limited to an amount equal to the employee's contributions on account of current service. These contributions represent the total pension obligations of the Fund and are charged to operations on a current basis. The Fund is not required under present legislation to make contributions with respect to actuarial deficiencies of the Public Service Superannuation Account and/or with respect to charges to the Consolidated Revenue Fund for the indexation of payments under the *Supplementary Retirement Benefits Act*.

## (h) Employee termination benefits

Employees of CORCAN, as stipulated under their collective agreement, are entitled to termination benefits under labour contracts or conditions of employment. These benefits are accrued as employees render the necessary services. The obligation relating to the benefits earned by employees is calculated using information derived from the results of the actuarially determined liability for employee termination benefits for the government as a whole.

## (i) Sick leave

Employees are permitted to accumulate unused sick leave. However, such leave entitlements may only be used in the event of an illness. As per current government practice, unused sick leave upon employee termination is not payable to the employee. Accordingly, no amount has been accrued in these financial statements.

## (j) Financial instruments

The fair value of the financial instruments approximates costs unless otherwise specified. The Fund's financial instruments consist of accounts receivable and accounts payable. It is management's opinion that the Fund is not exposed to significant interest rate, currency or credit risks arising from these financial instruments.

## (k) Measurement uncertainty

The preparation of these financial statements in accordance with the Treasury Board's accounting policies requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenue and expenses reported in the financial statements. At the time of preparation of the financial statements, management believes the estimates and assumptions used to be reasonable. The most significant items where estimates are used are the liability for employee termination benefits and the useful lives of capital assets. Actual results could significantly differ from these estimates. Management's estimates are reviewed periodically and, as adjustments become necessary, they are recorded in the financial statements in the period they become known.

**CORCAN Revolving Fund—continued**

Notes to the financial statements for the year ended March 31, 2018—continued

**3. Related party transactions**

CORCAN is related as a result of common ownership to all Government of Canada departments, agencies, and Crown corporations. CORCAN enters into transactions with these entities in the normal course of business and on normal trade terms.

During the year, CSC, the parent organization of CORCAN, has provided and will continue to provide CORCAN with the use of existing infrastructure including buildings and shops as well as maintenance of said facilities, financial systems, human resource services and corporate financial services. The cost of these services is not included as an expense in CORCAN's statement of operations and net assets.

The correctional and training fees are provided by CSC to offset salary and operating costs that cannot be recovered by CORCAN through the sale of goods and services due to the correctional environment in which it operates.

The Government of Canada has structured some of its administrative activities for efficiency and cost-effectiveness purposes so that one department performs these on behalf of all without charge. The costs of these services, which include payroll, IT, desktop and other telecommunication support and services, cheque issuance services and legal services provided by Public Works and Government Services Canada, Shared Services Canada and Justice Canada, are not included as an expense in CORCAN's statement of operations and net assets.

CORCAN entered into the following transactions with the CSC and other government departments:

	2018	2017
	(in thousands of dollars)	
Correctional Service Canada		
Trade revenues .....	23,673	22,245
Training, correctional and other fees .....	26,583	21,168
Other government departments

**7. Accounts payable**

Accounts payable consist of the following:

	2018	2017
(in thousands of dollars)		
Government of Canada .....	1,233	2,744
Outside parties .....	12,138	9,090
	<b>13,371</b>	<b>11,834</b>

**CORCAN Revolving Fund—continued**

Notes to the financial statements for the year ended March 31, 2018—continued

**8. Employee future benefits**

## Pension benefits

CORCAN's employees participate in the Public Service Pension Plan ("PSPP"), which is sponsored and administered by the Government of Canada. Pension benefits accrue up to a maximum period of 35 years at a rate of 2% per year of pensionable service, times the average of the best five consecutive years of earnings. The benefits are integrated with Canada/Québec Pension Plans' benefits and they are indexed to inflation.

Both plan members and CORCAN contribute to the cost of the Plan. Effective January 2013, important changes were made to the *Public Service Superannuation Act* (the act governing the PSPP) through the *Jobs and Growth Act, 2012*, including:

- contribution rates for all active and future public service pension plan members were increased effective January 2013 with the objective of reaching a more balanced cost-sharing ratio for employer/plan member contribution of 50:50 over time
- the age at which a new employee who began participating in the public service pension plan on or after January 1, 2013 can receive an unreduced pension benefit was raised from age 60 to 65

CORCAN's responsibility with regards to the Plan is limited to its contributions. Actuarial surpluses or deficiencies are recognized in the financial statements of the Government of Canada, as the Plan's sponsor.

## Termination benefits

Following the ratification of new collective agreements, the unionized employees in the Core Public Administration have accepted the elimination of severance benefits for voluntary separation, namely for retirement or resignation. The Treasury Board had subsequently eliminated severance benefits for voluntary separation for the executive and non-represented employees. As at March 31, 2014, there were no CORCAN employees with collective agreements where severance pay had not been eliminated.

Information about the termination benefits, measured as at March 31, is as follows:

	2018	2017
	(in thousands of dollars)	
Accrued benefit obligation, beginning of the year.....	1,178	1,547
Termination benefits expense.....	30	(195)
Benefits paid during the year.....	(44)	(174)
<b>Accrued benefit obligation, end of the year.....</b>	<b>1,164</b>	<b>1,178</b>

**9. Contractual obligations**

CORCAN is committed to pay under the terms of lease agreements a total amount of \$1,457,938. These commitments are related to the Kingston warehouse, the lease for office space and other minor commitments. The amount paid during the year for the Kingston warehouse was \$1,099,000 (2017 – \$1,100,000).

Future yearly payment amounts are estimated as follows:

	(in thousands of dollars)
2019.....	1,458
2020.....	1,450
2021.....	759
2022 and thereafter.....	6
	<b>3,673</b>

**CORCAN Revolving Fund—continued**

Notes to the financial statements for the year ended March 31, 2018—continued

**10. Net assets**

Net assets consist of the following:

	2018	2017
	(in thousands of dollars)	
Contributed capital.....	30,542	30,542
Accumulated net charges against the Fund's authority .....	(20,488)	(15,622)
Accumulated deficit .....	(9,573)	(13,778)
Other .....	84	4
<b>Net assets, end of year.....</b>	<b>565</b>	<b>1,146</b>

Contributed capital represents the value of capital assets financed from contributed capital at the inception of the Fund.

Accumulated net charge against the Fund's authority represents the amount of the Fund's non-lapsing authority that has been provided (used) since inception of the Fund.

The accumulated deficit is an accumulation of each year's surpluses (losses).

**11. Segmented information**

Segmented information consists of the following:

Other expenditures.....	208	327
Repair and maintenance .....	59	76
Information .....	12	5
	<b>22,489</b>	<b>19,685</b>

### 13. Contingencies

In the normal course of operations, CORCAN is involved in various claims and legal proceedings. It is the opinion of management that no significant claims exist as at March 31, 2018.

### 14. Lease obligations for tangible capital assets

On December 1, 2015, CORCAN entered into an agreement with Giben America Inc to rent equipment under a capital lease. The asset was capitalized at \$120,438 using an implicit interest rate of 8%. The related obligation is liquidated over the lease term of 5 years and is segregated between current and long-term portions on the statement of financial position. No lease payments were made during the current year as the lease was bought out.

## Defence Production Revolving Fund

### Statement of management responsibility

We have prepared the accompanying financial statements of the Defence Production Revolving Fund (the "Fund") as required by the Treasury Board *Directive on Charging and Special Financial Authorities* in accordance with the Receiver General reporting requirements.

There were no financial transactions in the Fund during the year ended March 31, 2018.

Approved by:

<b>Unused authority carried forward .....</b>	<b>–</b>	<b>–</b>

## **Defence Production Revolving Fund—concluded**

Notes to the financial statements (unaudited) for the year ended March 31, 2018

### **1. Authority and purpose**

The Defence Production Revolving Fund (the "Fund") was established by Section 15 of the *Defence Production Act*. It was established in 1951 for the purpose of:

- (a) financing the stockpiling of defence supplies or strategic materials
- (b) making loans or advances to aid in defence procurement, such as working capital loans for advance payments on contracts, but not including loans or advance payments for capital purposes
- (c) permitting initial payments for defence supplies which can be promptly billed to a Government department, agency or an associated government in advance of delivery of goods

The *Adjustment of Accounts Act* (S.C. 1980, c.17) had the effect of creating a separate Defence Production Loan Account for loans or advances authorized under the *Defence Production Act*, item (b) above.

The Fund and the Defence Production Loan Account have a joint continuing non-lapsing authority from the Parliament to make payments out of the Consolidated Revenue Fund, the total of which is not to exceed \$100 million at any time.

---

## Geomatics Canada Revolving Fund

### Statement of management responsibility

We have prepared the accompanying financial statements of the Geomatics Canada Revolving Fund as required by and in accordance with the Treasury Board *Directive on Charging and Special Financial Authorities* and the reporting requirements and standards of the Receiver General for Canada. These financial statements were prepared by management of the Fund in accordance with the significant accounting policies set out in note 2 of the statements, on a basis consistent with that of the preceding year.

Responsibility for the integrity and objectivity of these financial statements rests with the management of the Fund. The information included in these financial statements is based on management's best estimates and judgment with due consideration given to materiality. To fulfill its accounting and reporting responsibilities, the Fund maintains a set of accounts, which provides a centralized record of the Fund's financial statements and benefits from the advice of accounting personnel of Corporate Management and Services Sector (CMSS). Financial information contained in the ministerial statements and elsewhere in the *Public Accounts of Canada* is consistent with that in these financial statements, unless indicated otherwise.

CMSS develops and disseminates financial management and accounting policies and issues specific directives, which maintains standards of accounting and financial management. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities and are properly recorded to maintain accountability of Government funds and safeguard the Fund's assets. Financial management and internal control systems are maintained at appropriate costs and are augmented by the maintenance of internal audit programs. Management also seeks to assure the objectivity and integrity of data in its financial statements. This is accomplished by a careful selection, training and development of qualified staff, organizational arrangements that provide appropriate divisions of responsibility and communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

In order to assure maximum objectivity and freedom from bias, an external auditor has examined the financial data contained in these financial statements. Its role is to express an independent opinion as to whether the Fund's financial statements, considered in their entirety, present fairly, in conformity with stated accounting policies, the Fund's financial condition and transactions. This judgment is based on procedures described in the opinion appended to these financial statements.

## Geomatics Canada Revolving Fund—*continued*

### Independent auditor's report

To the Assistant Deputy Minister and Chief Financial Officer, Natural Resources Canada

We have audited the accompanying financial statements of the Geomatics Canada Revolving Fund (the "Fund"), which comprise the statement of financial position as at March 31, 2018, and the statements of operations and net liabilities, and cash flows for the year then ended, and the related notes, which comprise a summary of significant accounting policies and other explanatory information. These financial statements have been prepared by management of the Fund in accordance with section 8.1 of the Receiver General for Canada *Public Accounts Instructions*.

### Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with section 8.1 of the Receiver General for Canada *Public Accounts Instructions*, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Fund's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of the Geomatics Canada Revolving Fund as at March 31, 2018 and the results of its operations and cash flows for the year then ended in accordance with section 8.1 of the Receiver General for Canada *Public Accounts Instructions*.

### Basis of accounting and restriction on use

Without modifying our opinion, we draw attention to note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared to assist the Geomatics Canada Revolving Fund to meet the requirements of section 8.1 of the Receiver General for Canada *Public Accounts Instructions*. As a result, the financial statements may not be suitable for another purpose. Our report is intended solely for the management of Natural Resources Canada and should not be used by parties other than Natural Resources Canada and the Treasury Board of Canada.

## Geomatics Canada Revolving Fund—*continued*

Notes to the financial statements for the year ended March 31, 2018

### 1. Authority and purpose

The Geomatics Canada Revolving Fund (the Fund) was originally established under *Appropriation Act No 3 1993-1994* as the "Surveys, Mapping and Remote Sensing Sector Revolving Fund" and approval was conditional on specified conditions. The purpose of the Fund was to shift the costs of offering goods and services from taxpayers to those specific users who directly benefit from them. Subsequently, on December 8, 1994, the "Surveys, Mapping and Remote Sensing Sector Revolving Fund" was renamed the "Geomatics Canada Revolving Fund". Having met its specified conditions, permanent continuing authority for the Fund was obtained from and registered with the Treasury Board of Canada on February 9, 1995.

The Fund has received a continuing non-lapsing authority from Parliament to make payments out of the Consolidated Revenue Fund for working capital, capital acquisitions and temporary financing of accumulated operating deficits, the total of which at any time is not to exceed \$5,000,000.

The Fund's mandate is to produce geomatics products, services, and expertise that can be exploited commercially. Revenue-generating activities further build on this work to produce saleable products or services for specific clients in the federal government, Canadian industry, Canadian public, provinces, territories, and other countries.

### 2. Significant accounting policies

#### (a) Basis of accounting

The financial statements have been prepared in accordance with the reporting requirements of the Receiver General for Canada for revolving funds. The basis of accounting used in these financial statements differs from Canadian generally accepted accounting principles for the public sector because:

- the net debt indicator and the statement of change in net debt are not presented in the financial statements
- expenses are reported by type in the statement of operations and net liabilities and not by function or major program
- budgeted expenses are not reported in the statement of operations
- services received without charge from other government departments are not reported as expenses
- no liability is recorded for sick leave
- contractual rights are not disclosed in the notes to financial statements

#### (b) Use of estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. The most significant estimates used in the preparation of the financial statements are the amount of certain accrued liabilities, the estimated useful lives of tangible capital assets, the allowance for doubtful accounts, the provision for inventory obsolescence and the estimates related to the obligation for employee future benefits. Actual results could differ from these estimates. These estimates are reviewed annually and as adjustments become necessary, they are recorded in the financial statements in the period in which they become known.

#### (c) Revenues

Revenues are recognized when products are sold or services rendered.

#### (d) Expenses

Unless otherwise disclosed, expenses are recorded in the period they are incurred. Internal service costs of Natural Resources Canada incurred on behalf of the Fund are recorded in these financial statements as corporate and sector service costs.

#### (e) Accounts receivable

Accounts receivable are stated at amounts expected to be ultimately realized; a provision is made for receivables when a recovery is considered uncertain.

#### (f) Inventory

The inventory of maps is valued at the lower of cost or net realizable value, with cost being determined using the weighted average cost of each title.

**Geomatics Canada Revolving Fund—continued**

Notes to the financial statements for the year ended March 31, 2018—continued

## (g) Tangible capital assets

Tangible capital assets purchased by the Fund since April 1, 1994 are recorded at cost. These assets are amortized on a straight-line basis over their estimated useful lives, commencing with the month subsequent to acquisition. The estimated useful lives of these assets are as follows:

Machinery and equipment	5 to 10 years
Informatics hardware	4 years
Computer software	4 years
Other equipment	10 years
Motor vehicles	5 to 7 years

## (h) Pension benefits

The *Public Service Superannuation Act* and the *Supplementary Retirement Benefits Act* cover employees of Natural Resources Canada whose salaries and other benefits are paid by the Fund. The Government's portion of the pension cost is included in the employee benefits expenses assessed against the Fund. Actual pension payments are made from the Public Service Superannuation and Supplementary Retirement Benefits Accounts. The Fund is not required under present legislation to make contributions with respect to actuarial deficiencies of the Public Service Superannuation Account and/or with respect to charges to the Consolidated Revenue Fund for the indexation of payments under the *Supplementary Retirement Benefits Act*.

## (i) Vacation pay

Vacation pay is expensed as the benefits accrue to employees under their respective terms of employment.

## (j) Employee severance benefits

Employees of the Fund are entitled to specified severance benefits, calculated based on salary levels in effect at the time of termination as provided for under collective agreements and conditions of employment. The costs for benefits earned, as these accrue to employees, are recorded in the accounts.

## (k) Sick leave

Employees are permitted to accumulate unused sick leave. However, such leave entitlements do not vest and may only be used in the event of illness. Payments of sick leave benefits are expensed as incurred and no amount has been accrued in these financial statements.

The asset classes of the Fund were reclassified effective April 1, 2017 for presentation purposes to align with Receiver General financial reporting accounts.

**Geomatics Canada Revolving Fund—concluded**

Notes to the financial statements for the year ended March 31, 2018—concluded

**6. Accounts payable and accrued liabilities**

	2018	2017
	(in thousands of dollars)	
Other government departments and agencies .....	269	562
Outside parties .....	755	488
	<b>1,024</b>	<b>1,050</b>

**7. Net assets (liabilities)**

The accumulated net charge against the Fund's authority is the non-lapsing authority amount that has been used since the inception of the Fund.

The accumulated surplus is an accumulation of each year's surpluses and deficits including the absorption of the opening net assets upon establishment of the Fund.

Contributed capital represents the value of capital assets financed from capital contributions at the inception of the Fund.

	2018	2017
	(in thousands of dollars)	
Contributed capital.....	1,438	1,438
Accumulated net charge against the Fund's authority .....	(3,559)	(3,450)
Transfer of the transition payments for implementing salary payments in arrears .....	(20)	(20)
Accumulated surplus.....	1,279	959
<b>Net assets (liabilities).....</b>	<b>(862)</b>	<b>(1,073)</b>

**8. Contingencies**

In the normal course of its operations, the Fund may become involved in various legal actions. Some of these potential liabilities may become actual liabilities when one or more future events occur or fail to occur. To the extent that the future event is likely to occur or fail to occur, and a reasonable estimate of the loss can be made, an estimated liability is accrued and an expense is recorded in the financial statements. As at March 31, 2018, there were no claims outstanding against the Fund.

**9. Related party transactions**

Through common ownership, the Geomatics Canada Revolving Fund is related to all Government of Canada departments, agencies and Crown corporations. The Fund enters into transactions with such entities in the normal course of business which have been recorded at the exchange amount.

**10. Comparative figures**

Comparative figures have been reclassified to conform to the current year's presentation.

## National Film Board

### Statement of management responsibility including internal control over financial reporting

Responsibility for the integrity and objectivity of the accompanying financial statements for the year ended March 31, 2018, and all information contained in these statements rests with the management of the National Film Board (the "Board"). These financial statements have been prepared by management using the Government's accounting policies, which are based on Canadian Public Sector Accounting Standards. They have been approved by the Board of Trustees.

Management is responsible for the integrity and objectivity of the information in these financial statements. Some of the information in the financial statements is based on management's best estimates and judgment, and gives due consideration to materiality. To fulfill its accounting and reporting responsibilities, management maintains a set of accounts that provides a centralized record of the Board's financial transactions. Financial information submitted in the preparation of the *Public Accounts of Canada*, and included in the Board's *Departmental Performance Report*, is consistent with these financial statements.

Management is also responsible for maintaining an effective system of internal control over financial reporting (ICFR) designed to provide reasonable assurance that financial information is reliable, that assets are safeguarded and that transactions are properly authorized and recorded in accordance with the *Financial Administration Act* and other applicable legislation, regulations, authorities and policies.

Management seeks to ensure the objectivity and integrity of data in its financial statements through careful selection, training and development of qualified staff; through organizational arrangements that provide appropriate divisions of responsibility; through communication programs aimed at ensuring that regulations, policies, standards, and managerial authorities are understood throughout the Board and through conducting an annual risk-based assessment of the effectiveness of the system of ICFR.

The system of ICFR is designed to mitigate risks to a reasonable level based on an ongoing process to identify key risks, to assess effectiveness of associated key controls, and to make any necessary adjustments.

The Board is subject to periodic Core Control Audits performed by the Office of the Comptroller General and uses the results of such audits to comply with the Treasury Board *Policy on Internal Control*.

A Core Control Audit was performed in 2016–2017 by the Office of the Comptroller General of Canada (OCG). The Audit Report and related Management Action Plan are posted on the departmental web site at [www.onf.gc.ca](http://www.onf.gc.ca).

The Office of the Auditor General, the independent auditor for the Government of Canada, has expressed an opinion on the fair presentation of the financial statements of the Board which does not include an audit opinion on the annual assessment of the effectiveness of the Board's internal controls over financial reporting.

### Independent Auditor’s Report

To the Minister of Canadian Heritage

#### Report on the Financial Statements

I have audited the accompanying financial statements of the National Film Board, which comprise the statement of financial position as at 31 March 2018, and the statements of operations and departmental net financial position, statement of change in departmental net debt and statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

#### Management’s responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards, and for such internal controls as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor’s responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with Canadian generally accepted auditing standards. Those standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity’s preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

#### Opinion

In my opinion, the financial statements present fairly, in all material respects, the financial position of the National Film Board as at 31 March 2018, and the results of its operations, changes in its net debt, and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

#### Report on other legal and regulatory requirements

In my opinion, the transactions of the National Film Board that have come to my notice during my audit of the financial statements have, in all significant respects, been in accordance with the *National Film Act* and the by-laws of the National Film Board.

## National Film Board—continued

Notes to the financial statements for the year ended March 31, 2018

### 1. Authority and purposes

The National Film Board was established in 1939 under the *National Film Act* and is the agency responsible for administering the Act.

The National Film Board (the "Board") is a cultural agency named in Schedule I.1 of the *Financial Administration Act* reporting to the Minister of Canadian Heritage. It is administered by a Board of Trustees appointed by the Governor in Council and chaired by the Government Film Commissioner.

The Board's legislative mandate is to initiate and promote the production and distribution of films in the national interest and, in particular:

- to produce and distribute and to promote the production and distribution of films designed to interpret Canada to Canadians and to other nations
- to represent the Government of Canada in its relations with persons engaged in commercial motion picture film activity in connection with motion picture films for the Government or any department thereof
- to engage in research in film activity and to make available the results thereof to persons engaged in the production of films
- to advise the Governor in Council in connection with film activities
- to discharge such other duties relating to film activity as the Governor in Council may direct it to undertake

The Board is not subject to income taxes.

### 2. Significant accounting policies

These financial statements have been prepared using the Government's accounting policies stated below, which are based on Canadian Public Sector Accounting Standards. The presentation and results using the stated accounting policies do not result in any significant differences from Canadian Public Sector Accounting Standards.

Unless otherwise specified, the figures presented in the financial statements are stated in thousands of Canadian dollars.

Significant accounting policies are as follows:

#### (a) Parliamentary authorities

Operations are funded through a permanent authority from Parliament (Revolving Fund) and Parliamentary authorities voted annually.

The Revolving Fund allows the Board to make payments out of the Consolidated Revenue Fund for working capital, interim financing of operating costs and capital assets acquisitions. This authority requires that the aggregate of admissible working capital and net book value of capital assets does not exceed \$15 million.

The Board is also financed in part by the Government of Canada through Parliamentary authorities voted annually. Financial reporting of authorities provided to the Board do not parallel financial reporting according to Generally Accepted Accounting Principles since authorities are primarily based on cash flow requirements. Consequently, items recognized in the Statement of operations and departmental net financial position and in the Statement of financial position are not necessarily the same as those provided through authorities from Parliament. Note 4 provides reconciliation between the two bases of reporting.

The planned results amounts presented in the "Expenses" and "Revenues" sections of the Statement of operations and departmental net financial position are the amounts reported in the Future-oriented statement of operations included in the *2017–2018 Departmental Plans*. The planned results amounts in the "Government funding and transfers" section of the Statement of operations and departmental net financial position and in the Statement of change in departmental net debt were prepared for internal management purposes and have not been previously published.

## National Film Board—*continued*

### Notes to the financial statements for the year ended March 31, 2018—*continued*

Every year, the Board presents information on planned expenditures to Parliament through the tabling of Estimates publications. These estimates result in the introduction of supply bills (which once passed into legislation, become appropriation acts) in accordance with the reporting cycle for government expenditures. The Board exercises expenditure initiation processes such that unencumbered balances of budget allotments and appropriations are monitored and reported on a regular basis to help ensure sufficient authority remains for the entire period and appropriations are not exceeded.

Liquidity risk is the risk that the Department will encounter difficulty in meeting its obligations associated with financial liabilities. The Board's objective for managing liquidity risk is to manage operations and cash expenditures within the appropriation authorized by Parliament or allotment limits approved by the Treasury Board.

Consistent with section 32 of the *Financial Administration Act*, the Board's policy to manage liquidity risk is that no contract or other arrangement providing for a payment shall be entered into with respect to any program for which there is an appropriation by Parliament or an item included in estimates then before the House of Commons to which the payment will be charged, unless there is a sufficient unencumbered balance available out of the appropriation or item to discharge any debt that, under the contract or other arrangement, will be incurred during the fiscal year in which the contract or other arrangement is entered into.

The Board's risk of exposure and its objectives, policies and processes to manage and measure this risk did not change significantly from the prior year.

#### (b) Net cash provided by Government of Canada

The Board operates within the Consolidated Revenue Fund (CRF), which is administered by the Receiver General for Canada. All cash received by the Board is deposited to the CRF and all cash disbursements made by the Board are paid from the CRF. The net cash provided by the Government is the difference between all cash receipts and all cash disbursements including transactions between departments of the federal government.

#### (c) Due from or to the Consolidated Revenue Fund

Amounts due from or to the Consolidated Revenue Fund (CRF) are the result of timing differences between when a transaction affects the Board's authorities and when it is processed through the CRF. Amounts due from the CRF represent the net amount of cash that the Board is entitled to draw from the CRF without further authorities to discharge its liabilities. This amount is not considered to be a financial instrument.

#### (d) Expense recognition

Expenses are recorded on an accrual basis. Expenses related to audiovisual production include the costs of activities for the development and production of audiovisual works of all kinds. Expenses related to accessibility and audience engagement include activities necessary to make the Board's productions accessible, including the preservation and conservation of the collection as well as the promotion and distribution of the works. Internal services are expenses incurred to meet the Board's programming and other general obligations.

Vacation pay is expensed, as the benefits are earned by employees under their respective terms of employment.

#### (e) Revenues

Partnerships and pre-sales and revenues from audiovisual products other than royalty revenues are recognized when amounts are due.

Royalty revenues are recognized once all of the Board's obligations have been fulfilled and its expenses have been accounted for, regardless of when the acquirer actually uses the work.

Other revenues are accounted for in the period in which the underlying transaction or event that gave rise to the revenue takes place.

## National Film Board—continued

### Notes to the financial statements for the year ended March 31, 2018—continued

(f) Accounts receivable

Accounts receivable are stated at amounts expected to be ultimately realized. A provision is recorded for external parties' accounts receivable where recovery is considered uncertain.

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. The Board is not exposed to significant credit risk. The Board provides services to other government departments and agencies and to external parties in the normal course of business. Accounts receivable are due on demand. The Board's maximum exposure to credit risk is equal to the carrying value of its accounts receivable.

(g) Inventory

Materials and supplies are valued at cost.

Film prints and other forms of visual presentation held for sale are valued at the lower of cost or net realizable value.

(h) Tangible capital assets

All tangible capital assets having an initial cost of \$5,000 or more and leasehold improvements of \$10,000 or more are recorded at their acquisition cost.

Amortization of tangible capital assets is done on a straight-line basis over the estimated useful life of the assets, as follows:

<u>Asset class</u>	<u>Amortization period</u>
Technical equipment	from 4 to 10 years
Software and data-processing equipment	from 5 to 10 years
Office furniture, equipment and other	from 5 to 10 years
Leasehold improvements	terms of the leases

Amounts related to projects in progress are transferred to the appropriate tangible capital assets category when the project is complete and amortized according to the Board's policy.

The Board has a collection of nearly twenty thousand audiovisual works produced since 1895. This inestimable collection is not intended for sale and does not have a measurable value. It has, however, been assigned a nominal value of \$1 in the financial statements, appearing on the Statement of financial position and in note 9 as tangible capital assets to ensure that the reader is aware of its existence. The Board does not capitalize other intangibles that have cultural, aesthetic or historical value.

The Board enters into operating lease agreements to acquire the exclusive use of certain tangible capital assets over the term of the lease. These rental fees are charged to operations in the year to which they apply. The Board also enters into capital lease agreements by which substantially all the benefits and risks inherent to ownership of the assets are transferred to the Board. The Board then records an asset and an obligation corresponding to the present value of the minimum lease payments, excluding the portion thereof relating to executory costs. The assets recorded from a capital lease agreement are amortized on the same basis as other assets owned by the Board and the obligations are amortized over the lease term.

(i) Other financial assets and financial liabilities

Financial instruments of the Board are stated at cost or amortized cost. Financial assets consist of assets that could be used to reimburse existing liabilities or finance future operations.

The Board has the following financial assets:

- Accounts receivable related to the sale of audiovisual products to external parties or other departments and agencies (net of allowances for doubtful accounts)
- Deposits related to production abroad

Financial liabilities consist of accounts payable and accrued liabilities, and accrued salaries.

**National Film Board—continued**

Notes to the financial statements for the year ended March 31, 2018—continued

## (j) Employee Future Benefits

## Pension benefits

Eligible employees participate in the Public Service Pension Plan, a multiemployer pension plan administered by the Government. The Board's contributions to the Plan are charged to expenses in the year incurred and represent the Board's total obligation to the Plan. The Board's responsibility with regard to the Plan is limited to its contributions. Actuarial surpluses or deficiencies are recognized in the financial statements of the Government of Canada, as the Plan's sponsor.

## Severance benefits

Employees are entitled to severance benefits as provided under collective agreements or conditions of employment. In 2012, the program for all employees was eliminated and, consequently, the severance benefits ceased to accumulate. The cost of severance was recorded in the periods in which the benefits were earned by employees. The obligation under severance benefits is calculated at present value using the most probable management assumptions regarding wage, the discount rate and the timing of retirement. These assumptions are reviewed annually.

## Compensated absences

Employees are entitled to sick leave and workers' compensation benefits as provided in their collective agreements or conditions of employment. Sick leave days accumulate but do not vest, enabling employees to be paid during their absence due to illness in recognition of prior services rendered. As the employees render services, the value of the compensated sick leave attributed to those services is recorded as a liability and expense. The Board records the cost of workers' compensation benefits to be paid when the event giving rise to the obligation occurs. Management uses assumptions and its best estimates, such as the discount rate, age of retirement, utilization rate of days in excess of the leave granted annually, probability of departure and salary review rate to calculate the present value of the compensated absences obligation. These assumptions are reviewed annually.

## (k) Contingent liabilities

Contingent liabilities are potential liabilities which may become actual liabilities when one or more future events occur or fail to occur. To the extent that the future event is likely to occur or fail to occur, and a reasonable estimate of the loss can be made, an estimated liability is accrued and an expense recorded. If the likelihood is not determinable or an amount cannot be reasonably estimated, the contingency is disclosed in the notes to the financial statements.

## (l) Measurement uncertainty

The preparation of these financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses reported in the financial statements. At the time of preparation of these statements, management believes the estimates and assumptions to be reasonable. The most significant items where estimates are used are the allowance for doubtful accounts, contingent liabilities, the liability related to employee future benefits and the useful life of tangible capital assets. Actual results could significantly differ from those estimated. Management's estimates are reviewed periodically and, as adjustments become necessary, they are recorded in the financial statements in the year they become known.

**3. Adoption of new accounting standards**

The Public Sector Accounting Board (PSAB) issued five new accounting standards effective for fiscal years beginning on April 1, 2017. On April 1, 2017, the Board adopted section PS 3380 "Contractual Rights", which defines and establishes disclosure requirements on contractual rights. The adoption of this section resulted in the addition of note 15 on contractual rights.

The Board also adopted the new accounting standards for Related Party Disclosures (PS 2200), Assets (PS 3210), Contingent Assets (PS 3320) and Inter-Entity Transactions (PS 3420). The adoption of these standards did not result in a significant impact on the results and the financial position of the Board nor on the disclosure included in the Board's financial statements.

**National Film Board—continued**

Notes to the financial statements for the year ended March 31, 2018—continued

**4. Parliamentary authorities**

The Board receives most of its funding through annual Parliamentary authorities. Items recognized in the Statement of operations and departmental net financial position and the Statement of financial position in one year may be funded through Parliamentary authorities in prior, current or future years. Accordingly, the Board has different net results of operations for the year on a government funding basis than on an accrual accounting basis. The differences are reconciled in the following tables:

**(a) Reconciliation of net cost of operations to current year authorities used**

	2018	2017
	(in thousands of dollars)

**National Film Board—continued**

Notes to the financial statements for the year ended March 31, 2018—continued

**5. Accounts payable and accrued liabilities**

Accounts payable and accrued liabilities are measured at cost and are due, mainly, within six months following the closing date.

The following table presents details of the Board's accounts payable and accrued liabilities:

	2018	2017
	(in thousands of dollars)	
Accounts payable—Other government departments and agencies.....	3,256	755
Accounts payable—External parties.....	3,612	2,792
<b>Total accounts payable .....</b>	<b>6,868</b>	<b>3,547</b>
Accrued liabilities .....	–	142
<b>Total accounts payable and accrued liabilities .....</b>	<b>6,868</b>	<b>3,689</b>

**6. Lease obligation for tangible capital assets**

The Board has an agreement to lease technical equipment under two capital leases. The assets were capitalized using an implicit interest rate of 4% for the 2015–2016 contract and 3% for the 2016–2017 contract. The corresponding bonds will be repaid during the term of the 3-year lease for both contracts. Payments for the year ended March 31, 2018 totalled \$138 (2017—\$172). Interest of \$5 (2017—\$5) is charged to operations.

	2018	2017
	(in thousands of dollars)	
2018.....	–	143
2019.....	72	72
<b>Total future minimum lease payments .....</b>	<b>72</b>	<b>215</b>
Less: imputed interest .....	(1)	(6)
<b>Balance of lease obligation for tangible capital assets.....</b>	<b>71</b>	<b>209</b>

**7. Employee future benefits****Pension benefits**

The Board's eligible employees participate in the Public Service Pension Plan, which is sponsored and administered by the Government of Canada. Pension benefits accrue up to a maximum period of 35 years at a rate of 2% per year of pensionable service, times the average of the best five consecutive years of earnings. The benefits are integrated with Canada/Quebec Pension Plans benefits and are indexed to inflation.

Both the employees and the Board contribute to the cost of the Plan. Due to the amendment of the *Public Service Superannuation Act* following the implementation of provisions related to *Economic Action Plan 2012*, employee contributors have been divided into two groups: Group 1 relates to existing plan members as of December 31, 2012 and Group 2 relates to members joining the Plan as of January 1, 2013. Each group has a distinct contribution rate.

In 2018, the expense amount for Group 1 and Group 2 members of \$3,278 (2017—\$3,263). For the member of the group 1, the charges represent approximately 1.01 times the employee contributions and for the group 2, the charges represent approximately 1.00 times the employee contributions. In 2017, for the member of the group 1, the charges represent approximately 1.12 times the employee contributions and for the group 2, the charges represent approximately 1.08 times the employee contributions.

The Board's responsibility with regard to the Plan is limited to its contributions. Actuarial surpluses or deficiencies are recognized in the financial statements of the Government of Canada, as the Plan's sponsor.

**National Film Board—continued**

## Notes to the financial statements for the year ended March 31, 2018—continued

## Severance benefits and compensated absences

## Severance benefits

The Board provides severance benefits to its employees based on eligibility, years of service and salary at termination of employment. These severance benefits are not pre-funded. Benefits will be paid from future authorities.

As part of collective agreement negotiations and conditions of employment, the accumulation of severance benefits under the employees' severance pay program ceased commencing in 2012. Employees subject to these changes had, until December 31, 2013, the option to be immediately paid the full or partial value of benefits earned to date or collect the full or remaining value of benefits on termination from the public service.

As at March 31, 2018, to calculate the obligation of the remaining portion, the Board uses a rate of compensation increase of 0.96% (2017—0.96%), an estimated discount rate of 2.18% (2017—1.94%) and a horizon of retirement estimated at 60 years old.

## Compensated absences

The Board provides its employees with sick leave benefits based on their salary and the entitlements accumulated over their years of service. These entitlements are accumulated but do not vest. The Board has also recognized a workers' compensation obligation.

To calculate the obligation for sick leaves, the Board uses an average daily wage of \$288 (2017—\$280), a rate of salary increase of 0.96% (2017—0.96%), an average annual utilization rate of 2.6% (2017—2.6%), a discount rate of 2.18% (2017—1.94%), a 5.18% (2017—5.18%) probability of employee departure and a retirement age assumption of 60 or 65 years old, depending on the beginning of employment.

To calculate the workers' compensation obligation, the Board uses the provisions of the applicable workers' compensation plan and a discount rate of 2.18%.

Information about the severance and compensated absence benefits, measured as at March 31, 2018, is as follows:

	Severance benefits	Compensate Absences	Total
(in thousands of dollars)			
<b>Balance as at March 31, 2016</b> .....	<b>853</b>	<b>1,798</b>	<b>2,651</b>
Expenses for the year .....	269	(104)	165
Benefits paid during the year .....	(77)	(27)	(104)
<b>Balance as at March 31, 2017</b> .....	<b>1,045</b>	<b>1,667</b>	<b>2,712</b>
Expenses for the year .....	(48)	550	502
Benefits paid during the year .....	(26)	(27)	(53)
<b>Balance as at March 31, 2018</b> .....	<b>971</b>	<b>2,190</b>	<b>3,161</b>

**8. Accounts receivable**

The following table presents details of the Board's accounts receivable:

<sup>1</sup> Board's collection has a symbolic value of \$1.

The above assets include equipment under capital leases for a total cost of \$414 (2017—\$414) less accumulated amortization of \$192 (2017—\$103). Current year amortization expense relating to property under capital leases amounts to \$89 (2017—\$74).

Disposals and write-offs of \$48 (2017—\$876) for the year are related to the abandonment of obsolete material.

## 10. Contractual obligations

The nature of the Board's activities can result in multi-year contracts and obligations whereby the Board will be obligated to make future payments for the acquisition of goods or services. Significant contractual obligations that can be reasonably estimated are summarized as follows:

	2019	2020	2021	2022	2023-2032	Total
(in thousands of dollars)						
Premises.....	4,574	1,793	792	788	6,871	14,818
Other goods and services .....	8,028	2,505	85	5	–	10,623
<b>Total.....</b>	<b>12,602</b>	<b>4,298</b>	<b>877</b>	<b>793</b>	<b>6,871</b>	<b>25,441</b>

The agreements for leased premises in the amount of \$14,818 were signed with Public Services and Procurement Canada (PSPC). An agreement with PSPC of \$9,098 for the Montreal headquarters move is included in Other goods and services.

**National Film Board—continued**

Notes to the financial statements for the year ended March 31, 2018—continued

**11. Contingent liabilities**

Various legal proceedings arising from the normal course of business are pending against the Board. Management believes that should Board be found liable pursuant to one or more of these proceedings, the aggregate liabilities resulting from such proceedings would not be material.

**12. Expenses by major object and types of revenues**

The following table presents the expenses committed and revenues generated by main expenditures objects and type of revenues.

**(a) Expenses**

	2018	2017

**National Film Board—concluded**

Notes to the financial statements for the year ended March 31, 2018—concluded

**13. Related party transactions**

The Board is related, as a result of common ownership, to all government departments, agencies and Crown corporations as well as its key management personnel, close family members of these and the entities subject of the control of these individuals. The Board enters into transactions with these entities in the normal course of business and on normal trade terms. These transactions are recognized at their exchange amount with the exception of unrecognized services in the Statement of operations and departmental net financial position.

The Government has centralized some of its administrative activities for efficiency, cost-effectiveness purposes and economic delivery of programs to the public. As a result, the Government uses central agencies and common service organizations so that one department performs services for all other departments and agencies without charge. The costs of these services, such as the payroll and cheque issuance services provided by PSPC and audit services provided by the Office of the Auditor General, are not included in the Board's Statement of operations and departmental net financial position.

	2018	2017
	(in thousands of dollars)	
Accounts receivable—Other government departments and agencies .....	463	173
Accounts payable—Other government departments and agencies .....	3,256	755
Expenses—Other government departments and agencies .....	15,995	15,380
Revenues—Other government departments and agencies .....	2,191	322

During the year ending March 31, 2018, the Board leased premises from Public Services and Procurement Canada (PSPC) in the amount of \$4,501 (2017—\$4,871). This amount is included in the Expenses—Other government departments and agencies. The Expenses—Other government departments and agencies includes a capitalized amount of \$1,545.

**14. The Documentary Channel**

Since 2002, the Board owns a permanent share of 14% (14 x \$1 units) of the specialized television channel The Documentary Channel. Pursuant to the investment agreement, the Board's obligations with respect to debts, liabilities, and other obligations are limited to the capital invested.

Revenues from portfolio investments are recognized only to the extent that they are received or eligible and they are presented under miscellaneous revenues in the income statement in the amount of \$0 (\$0 in 2017).

**15. Contractual rights**

By their nature, the activities of the Board may give rise to rights to economic resources arising from contracts or agreements that will result in assets and income in the future over a number of years. During the year, the Board entered into an agreement with a collaborator valued at \$1,540, of which \$1,377 remains to be cashed in subsequent years.

## Optional Services Revolving Fund

### Statement of management responsibility

We have prepared the accompanying financial statements of the Optional Services Revolving Fund as required by the Treasury Board *Directive on Charging and Special Financial Authorities* in accordance with the Receiver General reporting requirements. These financial statements were prepared by the management of the Fund in accordance with the significant accounting policies set out in note 2 of the financial statements, on a basis consistent with that of the preceding year.

Responsibility for the integrity and objectivity of these financial statements rests with the management of the Fund. The information included in these financial statements is based on management's best estimates and judgment with due consideration given to materiality. To fulfill its accounting and reporting responsibilities, management maintains a set of accounts which provides a centralized record of the Fund's financial transactions. Financial information submitted to the *Public Accounts of Canada* and included in the *Departmental Performance Report* is consistent with these financial statements.

Management develops and disseminates financial management and accounting policies and issues specific directives which maintain standards of accounting and financial management. Management maintains systems of financial management and internal control which give due consideration to costs, benefits and risks. They are designed to provide reasonable assurance that transactions are properly authorized, are executed in accordance with prescribed regulations, and are properly recorded to maintain accountability of Government funds and safeguard the assets under the Fund's administration. Financial management and internal control systems are augmented by the maintenance of internal audit programs. Management also seeks to ensure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

Management has presented the financial statements to the independent external auditor, who audited them and has provided an independent opinion, which is appended to these financial statements.

## Optional Services Revolving Fund—continued

### Independent auditor's report

To the Deputy Minister, Public Services and Procurement Canada

We have audited the accompanying financial statements of the Optional Services Revolving Fund (the "Fund"), which comprise the statement of financial position as at March 31, 2018, and the statements of operations and net liabilities and of cash flow for the year then ended, and a summary of significant accounting policies and other explanatory information. The financial statements have been prepared by management of the Fund based on the financial reporting provisions for revolving funds described by the Receiver General for Canada under the *Directive on Charging and Special Financial Authorities*.

### Management's responsibility for the financial statements

Management is responsible for the preparation of these financial statements in accordance with the financial reporting provisions for revolving funds described by the Receiver General for Canada under the *Directive on Charging and Special Financial Authorities*, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Opinion

In our opinion, the financial statements of the Fund for the year ended March 31, 2018 are prepared, in all material respects, in accordance with the financial reporting provisions for revolving funds described by the Receiver General for Canada under the *Directive on Charging and Special Financial Authorities*.

### Basis of accounting and restrictions on use

Without modifying our opinion, we draw attention to note 2 to the financial statements, which describe the basis of accounting. The financial statements have been prepared to assist the Fund to meet the financial reporting requirements the financial reporting provisions for revolving funds described by the Receiver General for Canada under the *Directive on Charging and Special Financial Authorities*. As a result, the financial statements may not be suitable for another purpose. Our report is intended solely for the Fund and the Treasury Board of Canada and should not be used by parties other than the Fund and the Treasury Board of Canada.

## Optional Services Revolving Fund—continued

Notes to the financial statements for the year ended March 31, 2018

### 1. Authority and purpose

The Optional Services Revolving Fund (the "Fund") provides specialized services to federal departments, agencies and provincial and territorial governments. The Fund procures vaccines and drugs, provides travel and relocation-related services, as well as communication procurement services. The Fund was established under *Appropriation Act No. 4, 1991-1992* which was repealed in 1996 and replaced by section 5.5 of the *Revolving Funds Act*.

The Fund has a continuing non-lapsing authority from Parliament to make payments out of the Consolidated Revenue Fund for the purposes of working capital, capital acquisitions and the temporary financing of accumulated operating deficits, the total of which is not to exceed \$35,000,000 at any time.

The Fund received authorization from Treasury Board to access its unused authority for a total amount of up to \$10,000,000 to temporarily fund transitory cash elements at year end.

### 2. Significant accounting policies

These financial statements have been prepared in accordance with the significant accounting policies set out below to comply with the reporting requirements for revolving funds described by the Receiver General for Canada under the Treasury Board of Canada's *Directive on Charging and Special Financial Authorities*. The basis of accounting used in these financial statements differs from Canadian public sector accounting standards because:

- no liability is recorded for sick leave
- the net debt indicator and statement of changes in net debt are not presented in the financial statements
- contractual rights and inter-entity transactions and related parties disclosures are not presented in the financial statements

The significant accounting policies are as follows:

#### (a) Revenue recognition

Vaccine and drug revenues are recognized using a blended rate established by fixed price contracts and based on the proportion of total goods delivered at year end. Any losses on the fixed price contracts are recognized during the period in which they are identified.

Travel and relocation related services revenue consists of rebates, commissions, and fees and is recognized when services are incurred.

Revenue earned on communication procurement services is recognized using the completed contract method.

#### (b) Accounts receivable

Accounts receivable are stated at amounts expected to be ultimately realized. An allowance is made on receivables where recovery is considered uncertain.

#### (c) Expense recognition

All expenses are recorded on an accrual basis.

Vacation pay and compensatory leave are accrued as the benefits are earned by employees under their respective terms of employment.

#### (d) Employee future benefits

Pension benefits

Eligible employees of the Fund participate in the Public Service Pension Plan (the "Plan"), a multiemployer pension plan administered by the Government of Canada. The Fund's contributions to the Plan are charged to expenses in the year incurred and represent the total Fund obligation to the Plan. The Fund's responsibility with regard to the Plan is limited to the contributions paid. Actuarial surpluses or deficiencies are recognized in the financial statements of the Government of Canada, as the Plan's sponsor.

**Optional Services Revolving Fund—continued**

Notes to the financial statements for the year ended March 31, 2018—continued

## Severance benefits

Eligible employees of the Fund were entitled to severance benefits under labour contracts or conditions of employment. These benefits are earned as the services necessary to earn them were rendered. The obligation relating to the benefits earned by employees is calculated using information derived from the results of the actuarially determined liability for employee severance benefits for the Government as a whole.

## (e) Sick leave

Employees are permitted to accumulate unused sick leave. However, such leave entitlements may only be used in the event of an illness. As per current government practice, unused sick leave upon employee termination is not payable to the employee. Accordingly, no liability has been accrued in these financial statements. Payments of sick leave benefits are included in current operations as incurred.

## (f) Measurement uncertainty

The preparation of these financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenue and expenses reported in the financial statements. At the time of preparation of these financial statements, management believes the estimates and assumptions to be reasonable. The most significant items where estimates are used are the liability for vacation pay and compensatory leave, and the liability for employee severance benefits. Actual results could significantly differ from those estimates. Management's estimates are reviewed periodically, and as adjustments become necessary, they are recorded in the financial statements in the year they become known.

**3. Accounts receivable**

<b>Total accounts payable and accrued liabilities .....</b>	<b>12,365</b>	<b>15,197</b>

## Optional Services Revolving Fund—continued

Notes to the financial statements for the year ended March 31, 2018—continued

### 5. Employee severance benefits

The Fund provides severance benefits to its employees based on eligibility, years of service and salary at termination of employment. These severance benefits are not pre-funded. Benefits will be paid by future authorities.

Commencing in 2012, as part of collective agreement negotiations and changes to conditions of employment, the accumulation of severance benefits under the employee severance pay program ceased. The employees were given the option to be immediately paid the full or partial value of benefits earned to date or to collect the full or remaining value of benefits on termination from the public service. These changes have been reflected in the calculation of the outstanding severance benefit obligation.

Information about the severance benefits, measured as at March 31, is as follows:

	2018	2017
	(in thousands of dollars)	
Employee severance benefit obligation, beginning of year.....	38	66
Expense for the year.....	5	(2)
Benefits paid during the year.....	–	(26)
<b>Employee severance benefit obligation, end of year.....</b>	<b>43</b>	<b>38</b>

### 6. Net liabilities

The accumulated surplus is the accumulation of each fiscal year's surplus net of deficits since the inception of the Fund.

The accumulated net charge against the Fund's authority (ANCAFA) represents the cumulative receipts and disbursements over the life of the Fund.

	2018	2017
	(in thousands of dollars)	
Accumulated surplus, beginning of year .....	8,620	7,191
Net results .....	299	1,429
<b>Accumulated surplus, end of year .....</b>	<b>8,919</b>	<b>8,620</b>
Accumulated net charge against the Fund's authority, beginning of year.....	(17,502)	(16,165)
Net financial resources used (provided) and change in the accumulated net charge against the Fund's authority during the year .	4,370	(1,337)
<b>Accumulated net charge against the Fund's authority, end of year .....</b>	<b>(13,132)</b>	<b>(17,502)</b>
<b>Net liabilities, end of year .....</b>	<b>(4,213)</b>	<b>(8,882)</b>

### 7. Contractual obligations

The nature of the Fund's activities can result in some large multi-year contracts and obligations whereby the Fund will be obligated to make future payments when the goods and services are received. Estimated future payments are as follows:

	(in thousands of dollars)
Year ending March 31	
2019.....	649
2020.....	365
2021.....	–
2022.....	–
2023 and thereafter .....	–
<b>Total contractual obligations.....</b>	<b>1,014</b>

**Optional Services Revolving Fund**—*concluded*

Notes to the financial statements for the year ended March 31, 2018—*concluded*

**8. Related party transactions**

Through common ownership, the Fund is related to all Government of Canada departments, agencies, and Crown corporations. The Fund enters into transactions with these entities in the normal course of business and on normal trade terms.

---

## Passport Canada Revolving Fund

### Statement of management responsibility

We have prepared the accompanying financial statements of the Passport Canada Revolving Fund as required by and in accordance with the Treasury Board *Directive on Charging and Special Financial Authorities* and the reporting requirements and standards of the Receiver General for Canada. These financial statements were prepared by the management of the Fund in accordance with the significant accounting policies set out in note 2 of the financial statements, on a basis consistent with that of the preceding year except for the restatement described in note 3. Some previous year's figures have been reclassified to conform to the current year's presentation.

Responsibility for the integrity and objectivity of these financial statements rests with the management of the Fund. To ensure maximum objectivity and freedom from bias, the financial data contained in these financial statements is examined by the Departmental Audit Committee in conjunction with their review of the departmental financial statements. The information included in these financial statements is based on management's best estimates and judgment with due consideration given to materiality. To fulfill its accounting and reporting responsibilities, the Fund maintains a set of accounts which provides a centralized record of the Fund's financial transactions. Financial information submitted to the *Public Accounts of Canada* and included in the department's *Departmental Results Report* is consistent with these financial statements.

The Fund's financial management develops and disseminates financial management and accounting policies and issues specific directives which maintain standards of accounting and financial management. The Fund maintains systems of financial management and internal control which gives due consideration to costs, benefits and risks. The systems are designed to provide reasonable assurance that transactions are properly authorized by Parliament, are executed in accordance with prescribed regulations, and are properly recorded to maintain accountability of Government funds and safeguard the assets under the Fund's administration. Financial management and internal control systems are augmented by the maintenance of internal audit programs. The Fund also seeks to ensure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

## Passport Canada Revolving Fund—continued

Notes to the financial statements (unaudited) for the year ended March 31, 2018

### 1. Authority and purpose

The Passport Canada Revolving Fund (the "Fund") was established in 1969 to provide for the issue of appropriate passport and other travel document services in Canada and at posts abroad. The *Revolving Funds Act* authorized the operation of the Fund.

Effective July 2, 2013, the accountability for the passport program and the Fund transferred from the Department of Global Affairs Canada (GAC) to Immigration, Refugees and Citizenship Canada (IRCC). In addition, the Fund transferred its passport delivery and processing services to Employment and Social Development Canada (ESDC) on July 2, 2013.

The Fund has a continuing non-lapsing authority from Parliament, in the amount of \$1, to make payments out of the Consolidated Revenue Fund for working capital and tangible capital acquisitions.

### 2. Significant accounting policies

Significant accounting policies are as follows:

#### (a) Basis of accounting

These financial statements have been prepared in accordance with the significant accounting policies stated below to comply with the requirements of the Treasury Board of Canada *Directive on Charging and Special Financial Authorities* and the reporting requirements for revolving funds prescribed by the Receiver General for Canada. The basis of accounting used in these financial statements differs from Canadian Generally Accepted Accounting Principles (GAAP) since the revenues from passport service fees are recognized upon receipt of payment and verification of an application for completeness as stated in the Regulations prescribing fees for passport services. In addition, the funding for tangible capital assets received from Treasury Board is recorded as contributed capital and not as a reduction of the cost of capital assets.

#### (b) Revenue recognition

Revenues from passport fees are recognized upon request for a passport service, which is upon receipt of payment and verification of the passport application for completeness.

#### (c) Inventories

Inventories of materials and supplies are carried at the lower of cost using the average cost and net realizable value.

#### (d) Tangible capital assets

Tangible capital assets are recorded at cost and amortized on a straight-line basis over their estimated useful lives, as follows:

<u>Asset class</u>	<u>Amortization period</u>
Office furniture	10 years
Vehicles	8 years
Informatics hardware	5 years
Software (purchased and developed)	3 to 10 years
Machinery and equipment	15 years
Leasehold improvements	Lesser of the remaining term of the lease or estimated useful life of the improvement

Assets under construction are recorded in the applicable capital asset class in the year that they become available for use and are not amortized until they become available for use.

## Passport Canada Revolving Fund—continued

Notes to the financial statements (unaudited) for the year ended March 31, 2018—continued

(e) Employee future benefits

Pension benefits

Eligible employees of the Fund participate in the Public Service Pension Plan, a multiemployer pension plan administered by the Government. The Fund's contributions to the Plan are charged to expenses in the year incurred and represent the Fund's total obligation to the Plan. The Fund's responsibility with regard to the Plan is limited to its contributions. Actuarial surpluses or deficiencies are recognized in the financial statements of the Government of Canada, as the Plan's sponsor.

Severance benefits

Severance benefits provided to the Fund's employees were previously based on an employee's eligibility, years of service and salary at termination of employment. However, since 2011 the accumulation of severance benefits for voluntary departures progressively ceased for substantially all employees. Employees subject to these changes were given the option to be paid the full or partial value of benefits earned to date or collect the full or remaining value of benefits upon departure from the public service. By March 31, 2017, all settlements for immediate cash out were completed.

### 3. Restatement of financial statements

In the context of the modernization initiative, the Passport program is transitioning to the IRCC Global Case Management System (GCMS) and the Integrated Payment Revenue Management System (IPRMS) for the processing of passport applications. The expenses allocated to this initiative are capitalized in the financial statements of IRCC, which owns and presents these systems as capital assets. IRCC charges an annual usage fee to the Fund to account for its use of the systems.

A review of the accounting treatment for the modernization initiative was performed during fiscal year 2017–2018. It was then determined that the expenditures for the modernization initiative should be considered as prepaid expenses in order to adequately present the contribution of the Fund to this initiative, as well as the services received from IRCC. The approach adopted in previous years did not properly reflect the situation and the Fund corrected the accounting accordingly, resulting in a retroactive restatement of prior years' balances.

As a result of this restatement, the cumulative balance of prepaid expenses has increased by \$16.5 million (\$10.9 million in 2015–2016). Consequently, the opening balance of net assets increased by \$10.9 million and the net assets balance at the end of the year increased by \$16.5 million in the Statement of Operations and Change in Net Asset (Liabilities).

An amount of \$7.2 million previously reported as an investment in modernization initiative in the Statement of Cash Flows has been restated under the prepaid expenses, while the usage charge of \$1.6 million related to this initiative is presented in reduction of prepaid expenses, resulting in a net decrease of \$5.6 million in prepaid expenses in 2016–2017.

In addition, an adjustment was made to the opening balance of the Accumulated net charge against the Fund's authority, in order to reflect an initial investment made in the modernization initiative in 2014–2015.

### 4. Accounts receivable and advances

The following table presents details of the Fund's accounts receivable and advances:

	2018	2017
	(in thousands of dollars)	
Accounts receivable and advances		
Accounts receivable—Government of Canada	11,741	14,306
Accounts receivable—Outside parties	185	194
	<b>11,926</b>	<b>14,500</b>

**Passport Canada Revolving Fund—continued**

Notes to the financial statements (unaudited) for the year ended March 31, 2018—continued

**5. Inventories**

The following table presents details of the inventory, measured at the lower of cost using the average cost and net realizable value:

	2018	2017
	(in thousands of dollars)	
Inventories		
Inventories held for consumption .....	3,041	3,444
Inventories held for resale .....	10,465	9,415
	<b>13,506</b>	<b>12,859</b>

The inventories held for consumption are mainly composed of prepaid envelopes and informatics hardware. The inventories held for resale are passport booklets.

The cost of consumed inventory recognized as an expense in the Statement of Operations and Fund's net assets (liabilities) is \$63,680,681 for 2017–2018 (\$61,234,359 for 2016–2017).

**6. Prepaid expenses**

The following table presents details of the Fund's prepaid expenses:

	2018	2017 Restated (Note 3)
	(in thousands of dollars)	
Prepaid expenses		
Prepaid expenses—Modernization initiative .....	17,937	16,548
Prepaid expenses—Other .....	448	734
	<b>18,385</b>	<b>17,282</b>

In the context of the modernization initiative, the Passport program is transitioning to the IRCC Global Case Management System (GCMS) and the Integrated Payment Revenue Management System (IPRMS) for the processing of passport applications. The expenses allocated to this initiative are recorded as prepaid expenses in the financial statements of the Fund. The prepaid expenses are gradually recognized as expenses to reflect the usage of IRCC's systems by the Fund.

**Passport Canada Revolving Fund—continued**

Notes to the financial statements (unaudited) for the year ended March 31, 2018—continued

**8. Accounts payable and accrued liabilities**

The following table presents details of the Fund's accounts payable and accrued liabilities:

	2018	2017
	(in thousands of dollars)	
Accounts payable and accrued liabilities		
Accounts payable—Government of Canada.....	31,457	30,079
Accounts payable—Outside parties.....	6,107	8,056
Accrued liabilities—Outside parties.....	8,029	6,548
Contractors' holdbacks—Outside parties.....	323	257
	<b>45,916</b>	<b>44,940</b>

**9. Net assets (liabilities)**

The accumulated net charge against the Fund's authority represents the cumulative receipts and disbursements over the life of the Fund.

The accumulated surplus is an accumulation of each fiscal year's surplus net of deficits since the inception of the Fund.

The contributed capital is a financing arrangement approved by Treasury Board, to finance the acquisition of tangible capital assets in substitute of the Fund's authority. In the current year, there were no additional capital contributions from Treasury Board to finance the Fund's capital project.

	2018	2017 Restated (Note 3)
	(in thousands of dollars)	
Net assets (liabilities)		
Accumulated surplus.....	1,206,928	975,809

Net financial resources provided and change in the accumulated net charge against the Fund's authority during the year.....	(236,260)	(297,675)
Accumulated net charge against the Fund's authority, end of year.....	<b>(1,285,115)</b>	<b>(1,048,855)</b>
Contributed capital.....	80,474	80,474
Net assets, end of year.....	<b>2,287</b>	<b>7,428</b>

**10. Contractual obligations**

Because of the nature of its activities, the Fund is engaged in contractual obligations for the purchase of goods and other services.

Below are the expected future maximum payments under contract for its supplier of blank passports, rent of office premises and other operating expenses:

	(in thousands of dollars)
2019.....	51,088
2020.....	27,064
2021.....	26,963
2022.....	4,420
2023.....	4,393
	<b>113,928</b>

**Passport Canada Revolving Fund—concluded**

Notes to the financial statements (unaudited) for the year ended March 31, 2018—concluded

**11. Related party transactions**

Through common ownership, the Fund is related to all Government of Canada created departments, agencies and Crown corporations. Payments for passport operations at missions abroad, passport delivery and processing service throughout Canada, accommodation and legal services, and the employers' contributions to the health and dental insurance plans are made to related parties in the normal course of business. All related party transactions are accounted for at the exchange amount, which represents the consideration agreed to by both parties.

As part of its operations, the Fund collects Consular fees on behalf of the GAC. These fees are not recorded as revenues in the Statement of operations and net assets (liabilities). In 2017–2018, the Fund collected and remitted to GAC \$98,831,700 (\$101,001,725 in 2016–2017) in consular fees.

Expenses reported as professional and special services in the Statement of operations and net assets (liabilities) include the following transactions with Shared Services Canada (SSC) and Employment and Social Development Canada (ESDC):

	2018	2017
	(in thousands of dollars)	
Related party transactions		
Information technologies services (SSC) .....	22,467	14,685

	(in thousands of dollars)	
Expenses—Other Government departments.....	28,212	27,264

## **Real Property Services Revolving Fund**

### Statement of management responsibility

We have prepared the accompanying financial statements of the Real Property Services Revolving Fund as required by the Treasury Board *Directive on Charging and Special Financial Authorities* in accordance with the Receiver General reporting requirements. These financial statements were prepared by the management of the Fund in accordance with the significant accounting policies set out in note 2 of the financial statements, on a basis consistent with that of the preceding year.

Responsibility for the integrity and objectivity of these financial statements rests with the management of the Fund. The information included in these financial statements is based on management's best estimates and judgment with due consideration given to materiality. To fulfill its accounting and reporting responsibilities, management maintains a set of accounts which provides a centralized record of the Fund's financial transactions. Financial information submitted to the *Public Accounts of Canada* and included in the *Departmental Performance Report* is consistent with these financial statements.

Management develops and disseminates financial management and accounting policies and issues specific directives which maintain standards of accounting and financial management. Management maintains systems of financial management and internal control which give due consideration to costs, benefits and risks. They are designed to provide reasonable assurance that transactions are properly authorized, are executed in accordance with prescribed regulations, and are properly recorded to maintain accountability of Government funds and safeguard the assets under the Fund's administration. Financial management and internal control systems are augmented by the maintenance of internal audit programs. Management also seeks to ensure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

Management has presented the financial statements to the independent external auditor who audited them and has provided an independent opinion, which is appended to these financial statements.

## Real Property Services Revolving Fund—*continued*

### Independent auditor's report

To the Deputy Minister, Public Services and Procurement Canada

We have audited the accompanying financial statements of the Real Property Services Revolving Fund (the "Fund"), which comprise the statement of financial position as at March 31, 2018, and the statements of operations and net liabilities and of cash flow for the year then ended, and a summary of significant accounting policies and other explanatory information. The financial statements have been prepared by management of the Fund based on the financial reporting provisions for revolving funds described by the Receiver General for Canada under the *Directive on Charging and Special Financial Authorities*.

### Management's responsibility for the financial statements

Management is responsible for the preparation of these financial statements in accordance with the financial reporting provisions for revolving funds described by the Receiver General for Canada under the *Directive on Charging and Special Financial Authorities*, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Opinion

In our opinion, the financial statements of the Fund for the year ended March 31, 2018 are prepared, in all material respects, in accordance with the financial reporting provisions for revolving funds described by the Receiver General for Canada under the *Directive on Charging and Special Financial Authorities*.

### Basis of accounting and restriction on use

Without modifying our opinion, we draw attention to note 2 to the financial statements, which describe the basis of accounting. The financial statements have been prepared to assist the Fund to meet the financial reporting requirements the financial reporting provisions for revolving funds described by the Receiver General for Canada under the *Directive on Charging and Special Financial Authorities*. As a result, the financial statements may not be suitable for another purpose. Our report is intended solely for the Fund and the Treasury Board of Canada and should not be used by parties other than the Fund and the Treasury Board of Canada.

## Real Property Services Revolving Fund—continued

Notes to the financial statements for the year ended March 31, 2018

### 1. Authority and purpose

The Real Property Services Revolving Fund (the "Fund") is the funding mechanism for the Real Property Services (RPS) program. This program provides three types of real property services: project delivery services, property and facility management services, and advisory services. These services are provided to the real property portfolios of Public Services and Procurement Canada (PSPC) and to other government departments (OGDs). Pursuant to the *Revolving Funds Act*, the program may spend any revenue received in respect of these services and, subject to Treasury Board approval, the aggregate of expenditures shall not at any time exceed the revenues received by more than \$150,000,000.

The Fund received authorization from the Treasury Board to access its unused authority for a total amount of up to \$10,000,000 to temporarily fund transitory cash elements at year end.

### 2. Significant accounting policies

These financial statements have been prepared in accordance with the significant accounting policies set out below to comply with the reporting requirements for revolving funds described by the Receiver General for Canada under the Treasury Board of Canada's *Directive on Charging and Special Financial Authorities* and the reporting requirements for revolving funds prescribed by the Receiver General for Canada. The basis of accounting used in these financial statements differs from Canadian public sector accounting standards because:

- no liability is recorded for sick leave
- the net debt indicator and statement of change in net debt are not presented in the financial statements
- contractual rights, contingent assets and inter-entity transactions and related parties disclosures are not presented in the financial statements

The significant accounting policies are as follows:

#### (a) Revenue recognition

Revenues are recognized when professional and technical services are rendered. The recovery of disbursements made on behalf of other government departments, agencies, and outside parties are recognized when costs are incurred by the Fund and collection is reasonably certain.

#### (b) Accounts receivable

Accounts receivable are stated at amounts expected to be ultimately realized. An allowance is made for accounts receivable where recovery is considered uncertain.

#### (c) Expense recognition

All expenses are recorded on an accrual basis.

Vacation pay and compensatory leave are accrued as the benefits are earned by employees under their respective conditions of employment.

#### (d) Employee future benefits

##### Pension benefits

Eligible employees of the Fund participate in the Public Service Pension Plan (the "Plan"), a multiemployer pension plan administered by the Government of Canada. The Fund's contributions to the Plan are charged to expenses in the year in which they are occurred and represent the total Fund obligation to the Plan. The Fund's responsibility with regard to the Plan is limited to the contributions paid. Actuarial surpluses or deficiencies are recognized in the financial statements of the Government of Canada, as the Plan's sponsor.

##### Severance benefits

Eligible employees of the Fund are entitled to severance benefits under labour contracts or conditions of employment. These benefits are earned as services necessary to earn them were rendered. The obligation relating to the benefits earned by employees is calculated using information derived from the results of the actuarially determined liability for employee severance benefits for the Government as a whole.

**Real Property Services Revolving Fund—continued**

Notes to the financial statements for the year ended March 31, 2018—continued

## (e) Sick leave

Employees are permitted to accumulate unused sick leave. However, such leave entitlements may only be used in the event of an illness. As per current government practice, unused sick leave upon employee termination is not payable to the employee. Accordingly, no liability has been accrued in these financial statements. Payments of sick leave benefits are included in current operations as incurred.

## (f) Measurement uncertainty

The preparation of these financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenue and expenses reported in the financial statements. At the time of preparation of these financial statements, management believes the estimates and assumptions to be reasonable. The most significant items where estimates are used are the allowance for doubtful accounts on receivables from outside parties, the amount of certain liabilities, the liability for vacation pay and compensatory leave, and the liability for employee severance benefits. Actual results could significantly differ from those estimates. Management's estimates are reviewed periodically, and as adjustments become necessary, they are recorded in the financial statements in the year they become known.

**Real Property Services Revolving Fund—continued**

Notes to the financial statements for the year ended March 31, 2018—continued

**6. Employee severance benefits**

The Fund provides severance benefits to its employees based on eligibility, years of service and salary at termination of employment. These severance benefits are not pre-funded. Benefits will be paid by future authorities.

Commencing in 2012, as part of collective agreement negotiations and changes to conditions of employment, the accumulation of severance benefits under the employee severance pay program ceased. The employees were given the option to be immediately paid the full or partial value of benefits earned to date or to collect the full or remaining value of benefits on termination from the public service. These changes have been reflected in the calculation of the outstanding severance benefit obligation.

Information about the severance benefits, measured as at March 31, is as follows:

	2018	2017
	(in thousands of dollars)	
Employee severance benefit obligation, beginning of year.....	11,083	13,895
Expense for the year.....	2,831	(1,921)
Benefits paid during the year.....	(1,259)	(891)
<b>Employee severance benefit obligation, end of year.....</b>	<b>12,655</b>	<b>11,083</b>

**7. Net liabilities**

The accumulated surplus is the accumulation of each fiscal year's surplus net of deficits since the inception of the Fund.

The accumulated net charge against the Fund's authority (ANCAFA) represents the cumulative receipts and disbursements over the life of the Fund.

	2018	2017
	(in thousands of dollars)	
Accumulated surplus, beginning of year .....	55,176	30,702
Net results .....	6,290	24,474
<b>Accumulated surplus, end of year.....</b>	<b>61,466</b>	<b>55,176</b>
Accumulated net charge against the Fund's authority, beginning of year.....	(239,910)	(167,894)
Net financial resources provided and change in the accumulated net charge against the Fund's authority, during the year .....	(24,832)	(72,016)
<b>Accumulated net charge against the Fund's authority, end of year.....</b>	<b>(264,742)</b>	<b>(239,910)</b>
<b>Net liabilities, end of year .....</b>	<b>(203,276)</b>	<b>(184,734)</b>

**8. Contractual obligations**

The nature of the Fund's activities can result in some large multi-year contracts and obligations whereby the Fund will be obligated to make future payments when the goods and services are received. Estimated future payments are as follows:

	(in thousands of dollars)
2019.....	714,691
2020.....	272,221
2021.....	28,717
2022.....	14,986
2023 and thereafter .....	34,741
<b>Total contractual obligations.....</b>	<b>1,065,356</b>

## **Real Property Services Revolving Fund—concluded**

Notes to the financial statements for the year ended March 31, 2018—concluded

### **9. Contingent liabilities**

In connection with its operations, the Fund is a defendant in certain litigation. It is estimated that pending and threatened litigation amount to \$13.4 million (\$12.3 million in 2016–2017). Settlement, if any, that may be made with respect to these actions, is expected to be accounted for as a charge against income of the applicable years.

### **10. Related party transactions**

Through common ownership, the Fund is related to all Government of Canada departments, agencies, and Crown corporations. The Fund enters into transactions with these entities in the normal course of business and on normal trade terms.

## **Translation Bureau Revolving Fund**

### Statement of management responsibility

We have prepared the accompanying financial statements of the Translation Bureau Revolving Fund as required by the Treasury Board *Directive on Charging and Special Financial Authorities* in accordance with the Receiver General reporting requirements. These financial statements were prepared by the management of the Fund in accordance with the significant accounting policies set out in note 2 of the financial statements, on a basis consistent with that of the preceding year.

Responsibility for the integrity and objectivity of these financial statements rests with the management of the Fund. Information included in these financial statements is based on management's best estimates and judgment with due consideration given to materiality. To fulfill its accounting and reporting responsibilities, management maintains a set of accounts which provides a centralized record of the Fund's financial transactions. Financial information submitted to the *Public Accounts of Canada* and included in the *Departmental Performance Report* is consistent with these financial statements.

Management develops and disseminates financial management and accounting policies and issues specific directives which maintain standards of accounting and financial management. Management maintains systems of financial management and internal control which give due consideration to costs, benefits and risks. They are designed to provide reasonable assurance that transactions are properly authorized, are executed in accordance with prescribed regulations, and are properly recorded to maintain accountability of Government funds and safeguard the assets under the Fund's administration. Financial management and internal control systems are augmented by the maintenance of internal audit programs. Management also seeks to ensure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

Management has presented the financial statements to the independent external auditor, who audited them and has provided an independent opinion, which is appended to these financial statements.

## Translation Bureau Revolving Fund—*continued*

### Independent auditor's report

To the Deputy Minister, Public Services and Procurement Canada

We have audited the accompanying financial statements of the Translation Bureau Revolving Fund (the "Fund"), which comprise the statement of financial position as at March 31, 2018, and the statements of operations and net liabilities and of cash flow for the year then ended, and a summary of significant accounting policies and other explanatory information. The financial statements have been prepared by management of the Fund based on the financial reporting provisions for revolving funds described by the Receiver General for Canada under the *Directive on Charging and Special Financial Authorities*.

### Management's responsibility for the financial statements

Management is responsible for the preparation of these financial statements in accordance with the financial reporting provisions for revolving funds described by the Receiver General for Canada under the *Directive on Charging and Special Financial Authorities*, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Opinion

In our opinion, the financial statements of the Fund for the year ended March 31, 2018 are prepared, in all material respects, in accordance with the financial reporting provisions for revolving funds described by the Receiver General for Canada under the *Directive on Charging and Special Financial Authorities*.

### Basis of accounting and restrictions on use

Without modifying our opinion, we draw attention to note 2 to the financial statements, which describe the basis of accounting. The financial statements have been prepared to assist the Fund to meet the financial reporting requirements the financial reporting provisions for revolving funds described by the Receiver General for Canada under the *Directive on Charging and Special Financial Authorities*. As a result, the financial statements may not be suitable for another purpose. Our report is intended solely for the Fund and the Treasury Board of Canada and should not be used by parties other than the Fund and the Treasury Board of Canada.

## Translation Bureau Revolving Fund—continued

Notes to the financial statements for the year ended March 31, 2018

### 1. Authority and purpose

The Translation Bureau Revolving Fund (the "Fund") is a Special Operating Agency that provides, on a cost recovery basis, translation, technolinguistic and other linguistic services to the judiciary and federal departments and agencies and, upon request, to other governments in Canada and international organizations. Although the Translation Bureau has existed since 1934, when the *Translation Bureau Act* came into effect, it was not until April 1993 that the Treasury Board approved the establishment of the Bureau as a Special Operating Agency, effective April 1, 1995. The Translation Bureau also became a revolving fund on April 1, 1995.

The Fund has a continuing non-lapsing authority from Parliament to make payments out of the Consolidated Revenue Fund for the purposes of working capital, capital acquisitions and the temporary financing of accumulated operating deficits, the total of which is not to exceed \$20,000,000 at any time.

### 2. Significant accounting policies

These financial statements have been prepared in accordance with the significant accounting policies set out below to comply with the reporting requirements for revolving funds described by the Receiver General for Canada under the Treasury Board of Canada's *Directive on Charging and Special Financial Authorities*. The basis of accounting used in these financial statements differs from Canadian public sector accounting standards mainly because:

- no liability is recorded for sick leave
- the net debt indicator and statement of change in net debt are not presented in the financial statements
- contractual rights and inter-entity transactions and related parties disclosures are not presented in the financial statements

The significant accounting policies are as follows:

#### (a) Revenue recognition

Revenues from translation services performed by the Fund for other government departments and agencies and external clients are recognized using the percentage-of-completion method based on the proportion of services provided at year end.

Revenues from the terminology standardization program, interpretation services, and other services are recognized as services are rendered.

#### (b) Accounts receivable

Accounts receivable are stated at amounts expected to be ultimately realized. An allowance is made for receivables where recovery is considered uncertain. Accounts receivable include the estimated amount of revenue earned for services rendered but not billed at year end.

#### (c) Expense recognition

All expenses are recorded on an accrual basis.

Vacation pay and compensatory leave are accrued as the benefits are earned by employees under their respective conditions of employment.

#### (d) Tangible capital assets

Tangible capital assets are amortized from the year of acquisition on a straight-line basis over their estimated useful life as follows:

<u>Category</u>	<u>Estimated useful life</u>
Computer hardware	3 to 5 years
Computer software	3 years
Leasehold improvements	Lesser of the remaining term of the occupancy instrument or useful life of the improvement
Assets under construction	Once in service, in accordance with asset class

**Translation Bureau Revolving Fund—continued**

Notes to the financial statements for the year ended March 31, 2018—continued

## (e) Employee future benefits

## Pension benefits

Eligible employees of the Fund participate in the Public Service Pension Plan (the "Plan"), a multiemployer pension plan administered by the Government of Canada. The Fund's contributions to the Plan are charged to expenses in the year which they are incurred and represent the total Fund obligation to the Plan. The Fund's responsibility with regard to the Plan is limited to the contributions paid. Actuarial surpluses or deficiencies are recognized in the financial statements of the Government of Canada, as the Plan's sponsor.

## Severance benefits

Eligible employees of the Fund are entitled to severance benefits under labour contracts or conditions of employment. These benefits were earned as services necessary to earn them were rendered. The obligation relating to the benefits earned by employees is calculated using information derived from the results of the actuarially determined liability for employee severance benefits for the Government as a whole.

## (f) Sick leave

Employees are permitted to accumulate unused sick leave. However, such leave entitlements may only be used in the event of an illness. As per current government practice, unused sick leave upon employee termination is not payable to the employee. Accordingly, no liability has been accrued in these financial statements. Payments of sick leave benefits are included in current operations as incurred.

## (g) Measurement uncertainty

The preparation of these financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenue and expenses reported in the financial statements. At the time of preparation of these financial statements, management believes the estimates and assumptions to be reasonable. The most significant items where estimates are used are the allowance for doubtful accounts on receivables from outside parties, the estimated useful lives of tangible capital assets, the amount of certain liabilities, the liability for vacation pay and compensatory leave, and the liability for employee severance benefits. Actual results could significantly differ from those estimates. Management's estimates are reviewed periodically, and as adjustments become necessary, they are recorded in the financial statements in the year they become known.

**3. Accounts receivable**

## Translation Bureau Revolving Fund—continued

Notes to the financial statements for the year ended March 31, 2018—continued

### 7. Employee severance benefits

The Fund provides severance benefits to its employees based on eligibility, years of service and salary at termination of employment. These severance benefits are not pre-funded. Benefits will be paid by future authorities.

Commencing in 2012, as part of collective agreement negotiations and changes to conditions of employment, the accumulation of severance benefits under the employee severance pay program ceased. The employees were given the option to be immediately paid the full or partial value of benefits earned to date or to collect the full or remaining value of benefits on termination from the public service. These changes have been reflected in the calculation of the outstanding severance benefit obligation.

Information about the severance benefits, measured as at March 31, is as follows:

	2018	2017
	(in thousands of dollars)	
Employee severance benefit obligation, beginning of year.....	4,160	6,002
Expense for the year.....	643	(1,401)
Benefits paid during the year.....	(616)	(441)
<b>Employee severance benefit obligation, end of year.....</b>	<b>4,187</b>	<b>4,160</b>

### 8. Net liabilities

The accumulated surplus is the accumulation of each fiscal year's surplus net of deficits since the inception of the Fund.

The accumulated net charge against the Fund's authority (ANCAFA) represents the cumulative receipts and disbursements over the life of the Fund.

	2018	2017
	(in thousands of dollars)	
Accumulated surplus, beginning of year .....	21,649	13,123
Net results .....	1,522	8,529
Transfer of the transition payments for implementing salary payments in arrears .....	(3)	(3)
<b>Accumulated surplus, end of year .....</b>	<b>23,168</b>	<b>21,649</b>
Accumulated net charge against the Fund's authority, beginning of year.....	(28,229)	(20,333)
Net financial resources used (provided) and change in the accumulated net charge against the Fund's authority, during the year .....	1,755	(7,896)
<b>Accumulated net charge against the Fund's authority, end of year .....</b>	<b>(26,474)</b>	<b>(28,229)</b>
<b>Net liabilities, end of year .....</b>	<b>(3,306)</b>	<b>(6,580)</b>

### 9. Contractual obligations

The nature of the Fund's activities can result in some large multi-year contracts and obligations whereby the Fund will be obligated to make future payments when the goods and services are received. Estimated future payments are as follows:

	(in thousands of dollars)
Year ending March 31	
2019 .....	4,633
2020 .....	494
2021 .....	314
2022 .....	277
2023 and thereafter .....	1,254
<b>Total contractual obligations.....</b>	<b>6,972</b>

**Translation Bureau Revolving Fund—concluded**

Notes to the financial statements for the year ended March 31, 2018—concluded

**10. Related party transactions**

Through common ownership, the Fund is related to all Government of Canada departments, agencies, and Crown corporations. The Fund enters into transactions with these entities in the normal course of business and on normal trade terms.

## Debts, obligations and claims written off or forgiven

The types of approval/authority for the write-off or forgiveness (including waiver and remission) of debts, obligations and claims are as follows:

### i. Ministerial approval

Ministerial approval represents authority given to Ministers under the *Financial Administration Act* (FAA) or other Acts of Parliament as follows:

- Section 25(1) of the FAA gives Ministers, through Treasury Board regulations, general authority to approve the write-off of any debt, obligation or claim other than accountable advances or overpayments of salaries, wages, or employment-related allowances that would not result in a charge to an appropriation.
- Section 155.1(4) of the FAA gives Ministers, through Treasury Board regulations, authority to waive interest on overdue amounts owing to Her Majesty and to waive administrative charges for dishonoured instruments (e.g. NSF cheques) imposed under section 155.1 of the FAA.
- Other Acts of Parliament (e.g. *Bankruptcy and Insolvency Act*) give Ministers general authority to approve the write-off or forgiveness of specific debts, obligations or claims.

### ii. Treasury Board approval

Section 25(1) of the FAA, through Treasury Board regulations, allows a Minister, with specific Treasury Board approval, to write-off any debt, obligation or claim arising from accountable advances or overpayments of salaries, wages or employment-related allowances that would not result in a charge to an appropriation.

### iii. Governor in Council and Parliamentary authority

- Section 23(2.1) of the FAA states that the Governor in Council may, on the recommendation of the Treasury Board, remit any other debt, including any interest paid or payable thereon, where the Governor in Council considers that the collection of the other debt is unreasonable or unjust or that it is otherwise in the public interest to remit the other debt.
- Section 24.1 of the FAA requires that where a debt or obligation included in the Statement of financial position is to be forgiven, and which would result in a charge to an appropriation, the amount to be forgiven must be authorized pursuant to an Act of Parliament, including an *Appropriation Act*.
- Section 25(2) of the FAA requires that where a debt, obligation or claim included in the Statement of financial position is to be written off, and which would result in a charge to an appropriation, the amount to be written off must be authorized by Parliament as a budgetary expenditure in an *Appropriation Act* or some other Act.

## Professional and special services

The following statement presents the total amount spent in the current fiscal year for each main classification of services allocated by department and agency under each ministry. Amounts reported include both internal and external expenditures. Whereas external expenditures result from transactions between the Government and outside parties, internal expenditures result from transactions involving organizations that are part of the Government of Canada as a reporting entity.

The detailed information is available at <http://www.tpsgc-pwgsc.gc.ca/recgen/cpc-pac/2018/index-eng.html>. This information includes for each Government program:

- the total amount spent in the current fiscal year;
- the total amount spent for each main classification of services;
- a detailed listing, for each main classification of services, of the payments (i.e. cash payments and accrued charges) to an individual or organization aggregating to \$100,000 or over. This detail includes the name and location of the payee, together with the total amount paid;
- the total amount and the total number of payees, for each main classification of services, of payments to an individual or organization aggregating to less than \$100,000.

Acquisition of land, buildings and works .....	174

## Acquisition of land, buildings and works

The following statement presents the total amount spent in the current fiscal year by department and agency under each ministry. Amounts reported include both internal and external expenditures. Whereas external expenditures result from transactions between the Government and outside parties, internal expenditures result from transactions involving organizations that are part of the Government of Canada as a reporting entity.

The detailed information is available at <http://www.tpsgc-pwgsc.gc.ca/recgen/cpc-pac/2018/index-eng.html>. This information includes for each Government program:

- the total amount spent in the current fiscal year;
- details for contracts of \$250,000 or over (\$25,000 or over for cost plus contracts). Such details include the name and location of the contractor, a brief description and location of the project, the amount contracted, the current year's expenditures (i.e. cash payments and accrued charges) and the total expenditures to date;
- the total amount of the current year's expenditures for contracts less than \$250,000 (cost plus contracts of less than \$25,000) with the total number of contractors.

## Transfer payments

### Table of contents

	<i>Page</i>
Transfer payments .....	188

## Transfer payments

The following statement presents the total amount spent as transfer payments in the current fiscal year, by department and agency, under each ministry. A transfer payment is a grant, contribution or other payment made by the Government for which no goods or services are received. Amounts reported include both internal and external expenditures. Whereas external expenditures result from transactions between the Government and outside parties, internal expenditures result from transactions involving organizations that are part of the Government of Canada as a reporting entity.

The detailed information is available at <http://www.tpsgc-pwgsc.gc.ca/recgen/cpc-pac/2018/index-eng.html>. This information includes for each Government program:

- the total amount spent in the current fiscal year
- the total amount paid for each class of recipients
- a detailed listing for each class of recipients of the aggregate of all payments (i.e. cash payments and accrued charges) to a recipient that totals \$100,000 or over. Details include the name and location of the recipient together with the total amount paid
- the total amount and the total number of recipients, for each class of recipients, of all payments to a recipient aggregating to less than \$100,000

Payments of claims against the Crown .....	204
Ex gratia payments .....	228
Court awards .....	231

## Payments of claims against the Crown

This statement provides, by ministry and by departments and agencies, details for all payments of claims against the Crown of \$1,000 or over. Payments of less than \$1,000 are reported as one amount at the end of each department and agency, together with the total number of such payments. Where the situation warrants non-disclosure, the recipient's name may be withheld from publication.

## Ex gratia payments

This statement provides, by ministry and by department and agencies, details for all ex gratia payments of \$100 or over. Payments of less than \$100 are reported as one amount at the end of each department and agency, together with the total number of such payments. For the purposes of this statement, an ex gratia payment is a discretionary payment, made as an act of benevolence in the public interest, free of any legal obligation, whether or not any value or service has been received. Where the situation warrants non-disclosure, the recipient's name may be withheld from publication.

## Federal-provincial shared-cost programs

This statement presents, by province and territory, and for each federal-provincial shared-cost program, the current year and previous year expenditures and the expenditures from inception of the program. Programs are reported year after year until completion, even if there is no expenditure in a given year. An (f) adjacent to the total expenditures from inception indicates the programs completed in the current year. An (a) adjacent to the total expenditures from inception indicates that an amount from the previous year's *Public Accounts of Canada* has been amended. In this statement, amounts in roman type represent current year expenditures, amounts in **bold face** type represent previous year expenditures and amounts in *italic* type represent expenditures from inception.

The Commission was established by Order in Council (Privy Council (P.C.) number 2016-0736 dated August 2, 2016) pursuant to Part I of the <i>Inquiries Act</i> . The Commission is committed to launching an inquiry to identify and examine the systemic causes of violence against Indigenous women and girls in Canada and to make recommendations for effective action.					

<sup>1</sup> For details related to current year expenditures, refer to the following statement called "Travel and living costs by commission".

## Travel and living costs by commission

The following statement presents the total travel and living costs paid to each commission's member.

### Travel and living costs by commission

(in dollars)

Name of members	Amount
<b>Privy Council</b>	
Privy Council Office	
National Inquiry into Missing and Murdered Indigenous Women and Girls	
Audette M T (Commissioner) .....	68,256
Hon M R Buller (Chief Commissioner) .....	89,638
Eyolfson B (Commissioner) .....	53,650

Robinson E Q (Commissioner) .....	42,430
	<u>268,880</u>

## Education costs

This statement provides details of education costs incurred in the current year. For the purpose of this statement, an education cost represents the cost of any long-term education activity. A long-term education activity is any training or development activity given to a Government employee and conducted at an educational institution outside of the Public Service that amounted or will amount to a total of 65 working days or more over a maximum period of three (3) years, or that involved or will involve total expenditures in excess of \$25,000 (including salary).

## Return on investments

This statement provides details for the current year of the category of other revenues called return on investments. Return on investments consists mainly of interest from loans and advances, dividends from investments, and transfer of profits, as recorded by departments before any adjustments are made. For the purposes of presentation in the financial statements, amounts shown here for foreign exchange accounts and enterprise Crown corporations have been respectively reclassified to net foreign exchange revenues and enterprise Crown corporations and other government business enterprises in Sections 2 and 3 of Volume I and Table 4a of Volume II.

## Expenditures of ministers' offices

On December 12, 2006, the *Federal Accountability Act* amended the *Access to Information Act* to require the head of a department or a ministry of state for the Government of Canada to publish an annual report of all expenses incurred by his or her office and paid out of the Consolidated Revenue Fund. Expenditures presented below are those charged to the Minister's budget (budget totaling \$62,841,833) in accordance with the Policies for Ministers' Offices. This table does not include civilian termination benefits and statutory expenditures such as the Minister's salary and motor vehicle allowance, employer contributions to superannuation and certain benefit plans and other items as specified in these policies.

For further guidance on which expenditures are included in the ministers' offices budgets see Appendix E of these policies.

## Expenditures of ministers' offices

<sup>1</sup> In previous years, Ministers' Offices expenditures included amounts pertaining to Ministers' Regional Offices (MROs), for those ministers who were assigned responsibility of a specific region. In the current year, responsibility for all MROs fall under the Minister of Public Services and Procurement Canada (PSPC). As a result, all related expenditures are represented under the PSPC portfolio.

## Travel expenditures of ministers and parliamentary secretaries

This statement provides details of the travel expenditures of ministers and parliamentary secretaries incurred in the current year, where the travel is required for departmental operational or program purposes, whether domestic or international, whether charged to the ministers' office budget or any other fund centre within the minister's department or agency.

For the purpose of this statement, travel expenditures include transportation, accommodation, meals and other expenditures. The following items are excluded from this statement:

- travel expenditures of ministers' staff, or other persons travelling with ministers and parliamentary secretaries
- hospitality costs extended on behalf of the Government where it is considered to be essential, as a matter of courtesy, or to facilitate the conduct of Government business
- travel expenditures of Members of the House of Commons serving on various parliamentary committees
- moving, transportation and travel expenditures paid for by the House of Commons on behalf of its Members. These expenses are reported in a separate statement in Section 11 of this volume entitled "House of Commons—Statement of sessional allowances and travel expenditures paid in 2017–2018"
- Department of National Defence charges for the use of government aircrafts
- travel expenditures of Members of the House of Commons for Canadian representation at international conferences and meetings. These expenditures are reported in a separate statement in Section 11 of this volume entitled "Foreign Affairs, Trade and Development—Travel expenditures for Canadian representation at international conferences and meetings"

## International travel expenditures of ministers, parliamentary secretaries and ministers' staff

This statement presents the international travel expenditures incurred by ministers, parliamentary secretaries, and ministers' staff where the travel is required for departmental operational or program purposes only. These expenditures are charged to a special fund centre, created from existing reference levels, within the minister's department or agency. These costs are not charged to the ministers' office therefore are not included on the expenditure of ministers' offices table.

<b>Net expenditures<sup>4</sup> .....</b>	<b>27,400,356</b>	<b>6,049,363</b>	<b>33,449,719</b>

<sup>1</sup> These payments and expenditures are charged to a statutory spending authority called “Payments of compensation respecting Government employees (*Government Employees Compensation Act*) and merchant seamen (*Merchant Seamen Compensation Act*)” (refer to Ministry Summary, section 5 of Volume II).

<sup>2</sup> Includes the net payments of compensation respecting:

(a) government employees (*Government Employees Compensation Act*);

(b) merchant seamen (*Merchant Seamen Compensation Act*); and

(c) employees of mines operated by Enterprise Cape Breton Corporation who contracted silicosis prior to acquisition of mines by the Corporation.

<sup>3</sup> Represents the federal government’s net share of administration expenditures of provincial boards.

The claims of federal employees eligible for compensation are dealt with and paid by the provincial workers’ compensation boards from funds advanced by the federal government.

Claims of employees resident in the Yukon, Northwest Territories and Nunavut are processed by the Workers’ Compensation Board of Alberta.

<sup>4</sup> Net expenditures agree with the Payments of compensation respecting Government employees and merchant seamen.

## Global Affairs Department of Foreign Affairs, Trade and Development

### Expenditures for Canadian representation at international conferences and meetings

This statement presents expenditures such as hospitality and conference fees covered under the department of Foreign Affairs, Trade and Development International Conference Allotment that is approved by Cabinet to fund the protocol activities of the Governor General and the Prime Minister of Canada during official visits abroad. The allotment also supports the participation of the department of Foreign Affairs, Trade and Development Portfolio ministers and their official delegations in major multilateral international conferences defined as a congress, convention, briefing seminar or other formal gathering in one location outside Canada that deals with topics related to Government of Canada objectives.

## Global Affairs

### Department of Foreign Affairs, Trade and Development

#### Travel expenditures for Canadian representation at international conferences and meetings

This statement presents the travel expenditures covered under the International Conference Allotment. This allotment is described in the statement of "Expenditures for Canadian representation at international conferences and meetings" found in section 11 of this Volume.

Generally, the International Conference Allotment does not support the expenses of ministers and staff from other government departments, provincial and territorial representatives, private sector advisors or academic observers. These expenses are usually self-funded and not chargeable to the International Conference Allotment. Therefore, this statement only includes costs charged to the International Conference Allotment by the department of Foreign Affairs, Trade and Development. Delegates from other government departments are listed for information purposes only.

Costs charged to the International Conference Allotment are part of the operating budget of the department of Foreign Affairs, Trade and Development and, therefore, are not included in the statements in section 10 of this Volume titled "Travel expenditures of ministers and parliamentary secretaries" and "International travel expenditures of ministers, parliamentary secretaries and ministers' staff".

<sup>1</sup> This column excludes:

- the travel expenses of ministers and parliamentary secretaries while on official departmental business. These expenses are reported in a separate statement in Section 10 of this volume, entitled "Travel expenses of ministers and parliamentary secretaries"
- the travel expenses of Members serving on various parliamentary committees
- any charges for the use of Government aircraft by the department of National Defence
- any travel expenses of Members for Canadian representation at international conferences and meetings. These expenses are reported in a separate statement in this section entitled "Foreign Affairs, Trade and Development—Travel expenses for Canadian representation at international conferences and meetings".

<sup>2</sup> Relocation, winding-up, resettlement and other expenses.

## Parliament Senate

### Statement of sessional and expense allowances, travel and research expenses paid in 2017–2018—concluded

(in dollars)

Honourable Members of the Senate	Sessional allowance	Travel expenses <sup>1</sup>	Research assistance, staff and other expenses
Wells D M, Newfoundland and Labrador .....	147,700	111,339	–
<i>Chair Caucus of the Opposition</i> .....	5,900	–	187,064
Wetston H, Ontario .....	147,700	47,734	134,196
White V D, Ontario .....	147,700	4,528	101,867
<i>Committee Deputy Chair</i> .....	3,753	–	–
Woo Y P, British Columbia <sup>3</sup> .....	147,700	103,454	–
<i>Facilitator of the Independent Senators Group</i> <sup>6</sup> .....	–	–	564,874
<b>Total</b> .....	<b>14,748,545</b>	<b>5,384,764</b>	<b>19,422,130</b>

<sup>1</sup> Includes living expenses in the Parliamentary District.

<sup>2</sup> Senators who were appointed, have resigned, retired or passed away during fiscal year 2017–2018.

<sup>3</sup> As of April 1, 2017 the research assistance, staff and other expenses of the House Officers and the Independent Senators Group facilitator have been consolidated with Senators' office expenses (and where applicable with the caucus expenses).

<sup>4</sup> The sessional allowance includes a salary indemnity adjustment from a prior year following a retroactive revision.

<sup>5</sup> Senator Elaine McCoy was the Facilitator of the Independent Senators Group until September 24, 2017.

<sup>6</sup> Senator Yuen Pau Woo was nominated as the Facilitator of the Independent Senators Group starting September 25, 2017.

**Privy Council  
Privy Council Office**

**Salaries and allowances to ministers of State**

The purpose of the following statement is to present information about salaries and allowances to ministers of State. However, there is no salaries and allowances to ministers of State for this fiscal year.

## Privy Council Office of the Chief Electoral Officer
