clinic

We invite submissions from clinicians - for example, from therapists, counsellors, social workers, and case managers - who work with problem gamblers and their families. We would like to hear what you have learned in your practice that can help other clinicians to better serve their clientele. If you are thinking about beginning an article for us, please see the '[Invitation to Contributors](#).' All submissions will be peer-reviewed in confidence by at least two clinicians and mediated by the editor for their soundness and value to practicing clinicians.

If you have questions, please contact the editor:
