## Readership Survey

We want to publish an e-journal that continues to examine the gambling issues that are of interest to you, our readers. So we are asking you what you like, what you dislike and what changes you would like to see in the *Electronic Journal of Gambling Issues: eGambling (EJGI)*. One part of giving you, our readers, what you want is knowing who reads the *EJGI*. So we are also asking you about your specific interests in gambling, your year of birth and your gender. We would appreciate if you answer all of the questions so that we have a better picture of who you are and what you are looking for in our e-journal.

## Confidentiality

**Your responses are completely anonymous.** Our Webmaster has designed this survey so that no information other than what you enter is captured. (Please note that e-mail responses to the editor from other sections of the *EJGI* are not similarly anonymised - they carry your e-mail address.) You may also print out and mail your responses.

## The Questions

## Statement of Purpose

The *Electronic Journal of Gambling Issues: eGambling (EJGI)* offers an Internet-based forum for developments in gambling-related research, policy and treatment as well as personal accounts about gambling and gambling behaviour. Through publishing peer-reviewed articles about gambling as a social phenomenon and the prevention and treatment of gambling problems, it is our aim is to help make sense of how gambling affects us all.

The *EJGI* is published by the [Centre for Addiction and Mental Health](#) and is fully funded by the Ontario Substance Abuse Bureau of the Ministry of Health and Long-Term Care. We welcome manuscripts submitted by researchers and clinicians, people involved in gambling as players, and family and friends of gamblers.
