I, the undersigned Official Veterinarian, duly authorized by the Government of Canada, hereby certify that, after due enquiry and to the best of my knowledge and belief, the birds described below meet the following requirements:

1. The birds originate from a region in Canada that is free from Velogenic Newcastle Disease and Notifiable Avian Influenza.
2. That the premises of origin of the birds were kept free from Avian Chlamydiosis.
3. That the birds were hatched in Canada and have never left the country.
4. That the birds are captive bred.
5. The birds were kept in quarantine approved by the Canadian Food Inspection Agency since hatching or for at least twenty one (21) days immediately prior to shipment and showed no clinical signs of infection with diseases including Newcastle Disease, Avian Influenza, West Nile Virus and Avian Chlamydiosis. Quarantines must be mosquito proof during the vector season.
6. That Psittacine birds were kept under veterinary supervision for forty-five days prior to shipment and were treated against Avian Chlamydiosis using an approved tetracycline.
7. The birds were subjected to a diagnostic test (PCR) seven to fourteen (7-14) days prior to shipment to demonstrate freedom from infection with Notifiable Avian Influenza virus.
8. The birds have not been vaccinated against Avian Influenza.
9. Within 5 days of shipment, the bird(s) were examined and showed no clinical signs of infectious and contagious diseases including Newcastle Disease, Avian Influenza, West Nile Virus and Avian Chlamydiosis.
10. The birds are to transported in new clean containers on a direct flight to Trinidad and Tobago.
11. Identification of birds. Number shipped: \_\_\_\_\_
