

**VETERINARY HEALTH CERTIFICATE
EXPORT OF PORCINE SEMEN TO THE UNITED STATES OF AMERICA**

SECTION I

- i) **Country of origin:** **CANADA**
- ii) **Issuing Authority:** **CANADIAN FOOD INSPECTION AGENCY
GOVERNMENT OF CANADA**
- iii) **Name of Consignor:** _____
Address: _____

- iv) **Name of Consignee:** _____
Address: _____

SECTION II

- i) **Name of A.I. Centre (where semen collected):** _____

- Address:** _____

SECTION III

I, the undersigned Veterinarian, duly authorized by the Government of Canada, do hereby certify that:

1. Canada is free from rinderpest, foot and mouth disease, swine vesicular disease, African swine fever, classical swine fever, pseudorabies and brucellosis and tuberculosis in the domestic swine population.
2. The semen production centre is officially free of tuberculosis and brucellosis with dates of the last herd test conducted prior to the collection of the semen shown as follows:
 - a) tuberculosis _____
 - b) brucellosis _____ with tests performed at _____ (name of federal laboratory).
3. The semen was collected from a donor boar which was resident in an approved artificial insemination centre which is under official veterinary supervision.
4. The donor boar and all other animals maintained at the semen production centre were subjected to testing for the following diseases with negative results within the six (6) months preceding collection of the semen:
 - i) tuberculosis - intradermal PPD bovine tuberculin
 - ii) brucellosis - serum agglutination test and complement fixation test
 - iii) leptospirosis - microagglutination lysis test for serotypes L. pomona and L. sejroe
 - iv) transmissible gastroenteritis - serum neutralization test or ELISA test
 - v) Aujeszky's disease - serum neutralization or ELISA test
5. The donor boar and all other animals resident at the semen production centre were clinically healthy and free of evidence of infectious or contagious disease the day of collection and had not been exposed to communicable disease to which the species is susceptible during the sixty (60) days preceding the collection.
6. All health tests referred to in this certificate were conducted by veterinary officers of the Canadian Food Inspection Agency and all diagnostic tests were performed at approved federal laboratories.
