

## APPENDIX II

### Agreement - Canadian Fertilizer Quality Assurance Program

Application for participation in the Canadian Fertilizer Quality Assurance Program is hereby made by:

Company Name:		
Blending/Manufacturing Location:		
Street Address (Mailing):		
City:	Province:	Postal Code:
Telephone:	Facsimile:	Contact Person:

I understand that this will require:

- (a) taking a minimum number of fertilizer samples in accordance with:
  - i ) sampling directives as issued by the Crop Inputs Division; and
  - ii ) a recognized sampling plan derived from ISO 2859;
- (b) submitting the official designated samples to a laboratory accredited by the Canadian Food Inspection Agency for analysis; and
- (c) agreeing with all results from samples taken under the program be released by the laboratory to the Canadian Food Inspection Agency.

The Canadian Food Inspection Agency is authorized to:

- (a) assess these results;
- (b) assign a product compliance rating based upon this data; and
- (c) publish the rating in the "Canadian Fertilizer Quality Assurance Report".

The Canadian Food Inspection Agency is absolved of all responsibility for errors or omissions in the listing.
