

Flood Protection Infrastructure Program		Project Proponent	Project Title	Provincial Funding Amount
2005/06: BC Natural Hazard Mitigation Fund	City of Chilliwack	East Dyke Upgrades, Phase 3		\$150,000.00
	Nicomen Island Diking District	Fraser River Bank Protection Rehabilitation		\$138,005.44
	Number of Projects	2	Sub-Total	\$288,005.44
2007: Freshet Urgent Flood Mitigation Program	City of Abbotsford	Matsqui Prairie Diking systems		\$1,000,000.00
	City of Abbotsford	Matsqui (Abbotsford Dike)		\$1,000,000.00
	City of Chilliwack	Upgrade East Dike - Critical Sections		\$1,000,000.00
	City of Chilliwack	East Dike, Tower Road to Cartmill Road		\$876,500.00
	Dewdney Area Improvement District	Dewdney Dike Improvements		\$875,000.00
	Dewdney Area Improvement District	Dewdney Dike Improvements		\$10,269.00
	District of Kent	Kent (Harrison Mills) Dike Repair		\$42,550.00
	District of Kent	Harrison Mills Dike		\$235,000.00
	District of Mission	Silverdale Dike Improvements		\$132,500.00
	District of Mission	Mission Industrial Area Dike		\$105,000.00
	Nicomen Island Improvement District	Nicomen Island Dike Erosion Protection		\$109,500.00
	Nicomen Island Improvement District	Nicomen Island Dike Repair		\$28,125.00
	Nicomen Island Improvement District	Nicomen Island Dike System		\$300,000.00
	Nicomen Island Improvement District	Nicomen Island Dike System		\$109,500.00
	Village of Harrison Hot Springs	Rip rap on Dike in front of Harrison Hotel		\$37,500.00
	Number of Projects	15	Sub-Total	\$5,861,444.00
2007/08: BC Flood Protection Program	City of Abbotsford	Vedder River Dike Survey Control Installation		\$16,400.00
	City of Abbotsford	Sumas Prairie Interceptor Dike Repairs		\$40,000.00
	City of Abbotsford	Ridgedale Bank Armouring		\$1,400,000.00
	City of Chilliwack	Camp Hope Improvement Project - Intake Erosion Protection		\$163,917.77
	City of Chilliwack	Camp Hope Improvement Project - Intake Relief Wells Installation		\$212,771.25
	City of Chilliwack	West Dike Relief Wells		\$783,310.98
	City of Chilliwack	McGillivray Drainage Pump Station Floodbox Upgrade and Repair.		\$150,000.00
	Fraser Basin Council	Fraser River Debris Trap Contribution		\$10,000.00
	Fraser Valley Regional District	Cascade Creek Gravel Removal		\$282,000.00
	Fraser Valley Regional District	Deroche Creek Gravel Removal		\$452,000.00
	District of Kent	Duncan-Bateson Pump Station Upgrade		\$630,000.00
	District of Mission	Mission City Dike raising - Raceway Gate to CPR Bridge		\$530,552.00
	Nicomen Improvement District	Removal of Flood Box 168		\$250,000.00
	Number of Projects	13	Sub-Total	\$4,920,952.00
2008/09: BC Flood Protection Program	City of Chilliwack	City of Chilliwack: Installation of West Dike Relief Wells		\$115,000.00
	Fraser Basin Council	Fraser River Debris Trap Contribution		\$10,000.00
	District of Kent	District of Kent: Duncan Bateson Flood Control Pump Station Upgrade		\$435,000.00
	District of Mission	District of Mission: Mission City Dike Improvements		\$316,550.00
	Nicomen Island Improvement District	Nicomen Island Improvement District: Athey Road Bank Stabilization		\$109,500.00
	Number of Projects	5	Sub-Total	\$986,050.00
2009/10: BC Flood Protection Program	City of Chilliwack	East Dike Upgrades, Greyell Section		\$576,950.00
	City of Chilliwack	West Dike Upgrades, Left Bank		\$1,085,000.00
	Fraser Basin Council	Fraser River Debris Trap Contribution		\$22,500.00
	District of Hope	Silverhope Creek Riprap Bank Protection		\$50,716.00
	Number of Projects	4	Sub-Total	\$1,735,166.00
Total Number of Projects		39	TOTAL	\$13,791,617.44

Sediment Management Program		Bar Site (Sediment Removal Projects)	Work Conducted	Provincial Funding Amount
2005/06: Gravel Extraction by Private Industry	Herring Bar, Big Bar, Hamilton Bar, Gill Bar	The financial cost of environmental monitoring and assessment was the responsibility of the contractor doing the work prior to 2007		unknown*
2006/07: Gravel Extraction by Private Industry	Spring Bar	The financial cost of environmental monitoring and assessment was the responsibility of the contractor doing the work prior to 2007		unknown*
2007/08: Lower Fraser River Sediment Management Program	Spring Bar, Hamilton Bar	Environmental Monitoring, Professional Surveys, Hydraulic Engineering		\$381,000.00
		Spring Bar Bridge		\$564,000.00
			Sub-Total	\$945,000.00
2008/09: Lower Fraser River Sediment Management Program	Tranmer Bar, Harrison Bar, Powerline Bar	Environmental Monitoring, Professional Surveys, Hydraulic Engineering		\$802,000.00
		Tranmer Bar Bridge		\$298,000.00
		Harrison Bar Bridge		\$100,000.00
			Sub-Total	\$1,200,000.00
2009/10: Lower Fraser River Sediment Management Program	Little Big Bar, Hamilton Bar, Gill Bar	Environmental Monitoring, Professional Surveys, Hydraulic Engineering		\$440,000.00
TOTAL				\$2,585,000.00

* Please note, these projects were carried out with industry as the lead. Therefore all costs were covered by the proponent.
