

## **MARC TRUDEL, Ph.D.**

### **OBJECTIVES**

To conduct applied and fundamental research in fisheries science in a dynamic research institute. To manage a team of scientists, technicians, and students to perform innovative research.

### **SUMMARY OF QUALIFICATIONS**

- Aquatic and fisheries scientist with significant experience in environmental toxicology.
- Supervised project teams in field and laboratory settings on marine and freshwater fishes.
- Excellent skills in communication and collaboration.
- Strong quantitative skills in statistics and modelling.
- Broad research interests.

### **SKILLS AND ACCOMPLISHMENTS**

#### **Technical**

Fish biologist with more than 15 years of field experience on marine and freshwater ecosystems, and in environmental toxicology. Perform innovative research involving field surveys, laboratory experiments, theoretical models, and literature reviews. Use a highly interdisciplinary approach based on the integration of ecology, physiology, evolution, genetics, toxicology, chemistry and mathematics to conduct research. Received extensive training in statistics, modelling, and on the application of chemical tracers and isotopes in ecology.

#### **Communication**

Possess effective written and oral communication skills. Published frequently cited papers in peer-reviewed journals, as well as non-peer reviewed manuscripts. Presented numerous lectures at international, national, and regional conferences and workshops, including as a guest lecturer. Assisted university professors in teaching courses in biometry, ecology, and experimental design. Gave lectures on introductory and advanced statistics and stable isotope ecology to undergraduate and graduate students.

#### **Administration and Leadership**

Successfully secured and administered external funding, scholarships and fellowships to conduct research. Supervised undergraduate and graduate students, technicians and project teams in field and laboratory settings. Organized special symposiums at international conferences. Regularly solicited as an external reviewer for scientific journals, government and funding agencies, and participated in regional, national, and international committees to provide advice on scientific research conducted in the Pacific Ocean. Worked in collaboration with scientists from government agencies, the industry and university.

**PROFESSIONAL APPOINTMENTS**

2009-Present

Adjunct Assistant Professor, Département des sciences fondamentales, Université du Québec à Chicoutimi, Chicoutimi, QC

2006-Present

Adjunct Assistant Professor, Department of Biology, University of Victoria, Victoria, BC

2004-Present

Program Head, High Seas Salmon Program, DFO, Nanaimo, BC

2002-Present

Research Scientist, DFO, Nanaimo, BC

2000-2002

Post-Doctoral Fellow, DFO, Nanaimo, BC

**EDUCATION**

2000 Ph. D. Biology, McGill University, Montréal, Québec, Canada

1994 M. Sc. Biology, Université de Montréal, Québec, Canada

1991 B. Sc. Biology, Université de Montréal, Québec, Canada

**TRAINING**

2006 First Aid Level 1. Fisheries and Oceans Canada, Nanaimo, British Columbia

2005 Management and Development Level 1 course. Fisheries and Oceans Canada, Nanaimo, British Columbia

2003 Certified Effective Management and Leadership of R&amp;D Personnel. Stargate Consultants Limited, Nanaimo, British Columbia, Canada

2000 Certified Marine Emergency Duties (MED) level A1, Nanaimo, British Columbia, Canada

1991 Certified for scuba diving (ACUC), Montréal, Québec, Canada

**OTHER INFORMATION****Awards**

Received 12 scholarships and fellowships

**Languages**

Fluent in French and English

**Professional Affiliation**

American Fisheries Society (AFS)

American Society of Limnology and Oceanography (ASLO)

North Pacific Anadromous Fish Commission (NPAFC)

**A. RECOGNITION AND AWARDS**

12. 2000-2002. Visiting Fellowship in a Canadian Government Laboratory. Total value: \$75,000.
11. 2000-2002. Fonds pour la Formation de Chercheurs et l'Aide à la Recherche. Total value: \$60,000.
10. 1997-1998. Max Bell Fellowship in Canadian and Northern Studies, Ph.D. Scholarship. Total value: \$15,000.
9. 1997. J.W. McConnell Memorial Fellowship, Ph.D. Scholarship. Total value: \$10,000.
8. 1996. Fonds pour la Formation de Chercheurs et l'Aide à la Recherche, Ph.D. Scholarship. Total value: \$13,000.
7. 1994-1997. Arthur Wiley Scholarship (McGill University Scholarship). Ph.D. Scholarship. Total value: \$16,000.
6. 1994-1995. Natural Sciences and Engineering Research Council of Canada, Ph.D. Scholarship. Total value: \$34,000.
5. 1991-1993. Natural Sciences and Engineering Research Council of Canada, M.Sc. Scholarship. Total value: \$24,000.
4. 1991. Summer Natural Sciences and Engineering Research Council of Canada, B.Sc. Scholarship. Total value: \$3,200.
3. 1990. Summer Natural Sciences and Engineering Research Council of Canada, B.Sc. Scholarship. Total value: \$3,200.
2. 1988-1991. Canada Scholarship, B.Sc. Scholarship. Total value: \$6,000.
1. 1988-1991. United Technology Scholarship, B.Sc. Scholarship. Total value: \$2,300.

**B. RESEARCH SUPPORT**

9. 2008-2012. Modeling foodweb dynamics and growth of juvenile Pacific salmon in the coastal marine ecosystems of BC. NSERC Strategic Grant. Awarded to A. Mazumder, J. Dower, and **M. Trudel**. Total value: \$425,000.
8. 2008-2011. **Trudel, M.**, Tucker, S., Mazumder, A., Mackas, D., Sweeting, R., and Perry, I. Prey quality and food web interactions in the Strait of Georgia. DFO Strait of Georgia Ecosystem Research Initiative. Total value: \$55,000.
7. 2006-2011. Salmon Shelf Survival Study. Bonneville Power Administration. Awarded to **M. Trudel**. Total value: \$2,100,405 USD.
6. 2006-2008. Assessing growth and survival of juvenile Chinook and coho salmon off the West coast of Vancouver Island. Southern Endowment Fund. Awarded to B. Beckamn and **M. Trudel**. Total value: \$85,030 USD.

5. 2006. A pilot study to discriminate non-anadromous morphs (kokanee and residual sockeye) of *Oncorhynchus nerka* using maternal trace element signatures. Species at Risk (SARA). Awarded to L. Godbout, **M. Trudel**, J. Irvine, and C. Wood. Total value: \$12,700.
4. 2005-2006. The effects of parasite dose and host nutritional status on the susceptibility of juvenile Pacific salmon (*Oncorhynchus spp.*) to the salmon louse, *Lepeophtheirus salmonis*. Awarded to S.R.M. Jones, **M. Trudel**, S. Johnson, M. Fast, D. Groves, B. Beckman, and D. Groman. Total value: \$93,625.
3. 2004-2006. Salmon Shelf Survival Study. Bonneville Power Administration. Awarded to **M. Trudel**. Total value: \$500,000 USD.
2. 2003-2004. Origin of Sea Lice Infection on Juvenile Salmon in the Broughton Archipelago. Science Council of British Columbia. Awarded to **M. Trudel**, S.R.M. Jones, J.N.C. White, and K.P. Ang. Total value: \$20,000.
1. 2002-2003 Bering-Aleutian International Salmon Survey. National Marine Fisheries Service. Awarded to **M. Trudel**. Total value: \$10,000.

11. 2008. Global climate change and marine fishery resources. Capilano-College, Vancouver, British Columbia, January 2008.
10. 2007. Impacts of climate change on Pacific salmon: the good, the bad, and the ugly. Capilano-College, Vancouver, British Columbia, February 2007.
9. 2006. Response of coastal ecosystems to global warming. Guest lecture in Marine Ecology, Department of Fisheries and Aquaculture. Malaspina-University College, Nanaimo, British Columbia, April 2006.
8. 2006. Assessing the response of coastal ecosystems to climate change and global warming: the importance of long-term research and monitoring programs. Guest Lecture in Advanced Aquatic Ecology, Department of Biology, University of Victoria, Victoria, British Columbia, April 2006.

7. 2004. Using chemical tracers in aquatic food web ecology . Guest lecture in Limnology , Department of Fisheries and Aquaculture. Malaspina-University College, Nanaimo, British Columbia, October 2004.
6. 1998. Planned and unplanned statistical comparisons. Guest Lecture in Advanced Biometry. Department of biology, McGill University, Montreal, Quebec.
5. 1998. Teaching Assistant in Ecology . Department of biology , McGill University , Montreal, Quebec.
4. 1997. Application of statistics in ecology . Guest Lecture in Introduction to Biometry . Department of biology, McGill University, Montreal, Quebec.
3. 1997. Teaching Assistant in Biometry . Department of biology, McGill University, Montreal, Quebec.
2. 1992. Teaching Assistant in Experimental Design. Département de sciences biologiques, Université de Montréal, Montreal, Quebec.
1. 1990-1993. Teaching Assistant in Biometry. Département de sciences biologiques, Université de Montréal, Montreal, Quebec.

## I. SUPERVISORY EXPERIENCE

### Post-Doc:

Rana El-Sabaawi. 2010-. Department of biology, University of Victoria. **Research project:** “Food web quality and juvenile salmon production”

Strahan Tucker. 2008-2011. Fisheries and Oceans Canada. **Research project:** “Juvenile salmon migration and bioenergetics”

M.Sc. Dan Bevan. 2009-. Department of biology, University of Victoria (supervisory committee). **Thesis Title:** “Regional variation in prey quality for juvenile salmon”

Erica Jenkins. 2009-. Department of biology, University of Victoria (co-supervisor).

**Thesis Title:** “Trophic variability within and among juvenile salmon species in years of contrasting ocean conditions”

Jérôme Plourde. 2008-2011. Département de sciences appliquées, Université du Québec à Chicoutimi (co-supervisor). **Thesis Title:** “Bioenergetics of rainbow smelt in Lac St-Jean”

Katherine Middleton. 2008-2011. Department of biology, University of Victoria (co-supervisor). **Thesis Title:** “Factors affecting the early marine growth and survival of juvenile Chinook salmon on the west coast of Vancouver Island, BC”

Alison Edwards. 2005-. Department of biology, University of Victoria (supervisory committee). **Thesis Title:** “Mercury accumulation in marine fish”

Ivano Pazzia. 2000. Department of biology, McGill University (co-supervisor). **Thesis Title:** “The influence of food web structure on the growth and bioenergetics of lake trout (*Salvelinus namaycush*)”

- B.Sc. Rachel Saraga. 2009. Department of fisheries and aquaculture, Vancouver Island University. **Project Title:** “An analysis of simple regression models as a means to predict daily food consumption rates in fishes”
- Lisa Hartford. 1999. Department of biology, McGill University (co-supervisor). **Thesis Title:** “Estimating the assimilation efficiency of protein and mercury in wild fish”
- Rosalie Allen. 1997. Department of biology, McGill University (co-supervisor). **Thesis Title:** “Modelling the elimination of PCBs in fish”

## J. PROFESSIONAL ROLES AND SERVICES

### 1. International, National, and Regional Committees

2008-2011. Associate Editor for the Canadian Journal of Fisheries and Aquatic Sciences.

2007-2011. College of Reviewers, Industrial Research and Development Program, Natural Science and Engineering Council of Canada.

2007-2011. Strait of Georgia Ecosystem Research Initiative. Member of the Steering Committee, Fisheries and Oceans Canada, Nanaimo, British Columbia.

2005. Sea Lice Working Group, Group, Member of the Committee on Scientific Research, University of British Columbia, Vancouver, British Columbia.

2004. Pacific Scientific Advice Review Committee, Fisheries and Oceans Canada, Nanaimo, British Columbia.

2003. North Pacific Anadromous Fish Commission, Member of the Committee on Salmon Marking.

2002-2004. North Pacific Anadromous Fish Commission, Member of the Committee on Scientific Research for the Bering-Aleutian Salmon International Survey (BASIS).

2002-2004. Sea Lice Working Group, Member of the Committee on Scientific Research, Fisheries and Oceans Canada, Nanaimo, British Columbia.

2000-2001. Pacific Salmon Commission. Member of the Committee on Scientific Research for the Early Migration of the Late-Run Sockeye Salmon.

### 2. Reviewed manuscripts submitted for publication in

*[1] Aquatic Living Resources; [2] Bulletin of the North Pacific Anadromous Fish Commission; [3] Canadian Journal of Fisheries and Aquatic Sciences; [4] Deep Sea Research; [5] Ecological Applications; [6] Environmental Science and Technology; [7] Estuarine, Shelf and Coastal Research; [8] Fisheries Oceanography; [9] Fishery Bulletin; [10] Global Change Biology; [11] Hydrobiologia; [12] Limnology and Oceanography; [13] Journal of Environmental Radioactivity; [14] Journal of Fish Biology; [15] North American Journal of Fisheries Management; [16] Pacific Scientific Advice Review Committee; [17] Progress in Oceanography; [18] Transactions of the American Fisheries Society; [19] Water, Air and Soil Pollution.*

### 3. Reviewed grant applications for

*[1] Arctic-Yukon-Kuskokwin Sustainable Salmon Initiative; [2] DFO Strait of Georgia Ecosystem Research Initiative; [3] DFO Subvention Research Grants Pilot Program; [4] Natural Sciences and Engineering Research Council of Canada; [5] University of Wisconsin Sea Grant Program.*

### 4. Conferences and Workshops

2010. Co-Chair of the Pink and Chum Salmon Workshop. Nanaimo, British Columbia, March 2010.

2009-2010. Co-Chair of the Salmon Ocean Ecology Workshop. Juneau (Alaska) and Santa Cruz (California).

2008. Chair of the Salmon Ocean Ecology Workshop. Nanaimo, British Columbia, May, 2008.

2007. Chair of the Regional DFO Science Symposium – Pacific Region. Fisheries and Oceans Canada, Sidney, May 2007.

2006. Freshwater and marine processes regulating salmon productivity, Session Co-Chair. American Society of Limnology and Oceanography Summer Meeting, Victoria, British Columbia, June 2006.

2004. Member of the Organizing Committee of the Bering-Aleutian Salmon International Survey Workshop. North Pacific Anadromous Fish Commission, Sapporo, Japan, October 2004.

2003. Ocean ecology of Pacific salmon, Session Co-Chair. Western Division of the American Fisheries Society Annual Symposium, San Diego, California, April 2003.
