**Subject:** RE: Meeting with RCMP, DFO and the BC Salmon Farmers Association and Industry members.

---

mike - suggest either brian atagi or gary miller coordinate and develop a deck that captures where c&p is at the moment; and likely where we will be come the change in jurisdiction. I have been a little out of the loop, however, am willing to assist any way I can. Cheers,

John Lewis, Area Chief

Subject: Meeting with RCMP, DFO and the BC Salmon Farmers Association and Industry members.

As a result of Alex Morton's Walk across Vancouver Island and a number of other minor issues at some of the Fish Farms, I felt it was time for all of the parties to meet so that the RCMP can explain its role and mandate when it comes to dealing with criminal incidents at the farms and/or protests in and around the farms, processing plants and hatcheries.

Although DFO has not yet taken on its new mandate, I have invited them in anticipation of their new role so as industry can better understand the difference in our mandates.

I will complete an agenda in the next week but I would welcome your thoughts on any specific agenda items. From an RCMP perspective, we will explain our mandate and role in reference to protestors and activities they may engage in near the farms, hatcheries or processing plants.

Mary Ellen:

It would be helpful if you or someone from the industry could give a small presentation on the industry and some of the concerns you have with uninvited guests to your farms.

Please RSVP to myself ASAP.

Location and the time of the of meeting:

Monday, June 14, 2010 (0930-1200)

South Coast Area HQ for DFO
