- Note: 1. These data reflect total Aboriginal Fisheries Strategy agreement amounts and amounts budgeted for catch monitoring contained in agreements.
2. Compiling these data required manual examination of over 170 agreements and was therefore done for the most recent 3 years only, to understand the character of the funding allocated for this purpose. Additional years could be provided upon request.
3. South Coast includes all First Nations in Johnstone Strait, the Strait of Georgia and the West Coast of Vancouver Island.
