Commission of Inquiry into the Decline of Sockeye Salmon  
in the Fraser River  
2800 – 650 West Georgia Street  
Vancouver, British Columbia  
V6B 4N7

**Attention: Brian Wallace, Q.C.**

Dear Sir:

**Re: FRASER River Sockeye Salmon - Commission of Inquiry - DFO  
Socio-Economic Reports Regarding Fraser River Sockeye  
Our File: 2-272052**

---

Amy Mar, Manager of Policy Analysis at DFO, has provided us with the enclosed list of socio-economic reports. This list includes reports that provide guidance on the consideration of socio-economic information, broad economic studies that may include Fraser sockeye as an aggregate with other species, as well as specific socio-economic studies on other species that could be relevant in terms of methodology and approach towards socio-economic considerations of Fraser sockeye. We understand that Ms. Mar may be called as a witness in the Wild Salmon Policy (Part II) hearings. Ms. Mar can identify this collection of documents and speak to them at that time.

If a document has been previously produced to the Commission via Ringtail, we have provided a production number. If a document has not already been produced, we have provided a PDF copy. All documents which have not been previously produced to the Commission via Ringtail will be included in an upcoming production(s).

We anticipate that this disclosure will be of assistance to the other participants and request that this be shared with them.

Please note the enclosed list is not exhaustive and we may, at a future date, provide you with additional reports that Ms. Mar is able to speak to.

If you have any questions, please do not hesitate to contact us.

Yours truly,

on behalf of: Mitchell R. Taylor, Q.C.  
Senior General Counsel

Enclosure
