Dear Mr. Probert:

I wish to thank you for your recent letter.

My office has received many letters voicing similar concerns regarding current negotiations between the Nishga Indians and the Federal Government, of which you have brought to my attention. As someone deeply concerned with the fishing industry, I feel obligated to express to the Government the full extent and substance of your objections. This, I have done, and shall continue to do.

As I believe that the Minister of Indian and Northern Affairs, The Honourable Bill McKnight, and the Honourable Tom Siddon, Minister of Fisheries and Oceans, each should be made aware of this situation, I have taken the liberty of forwarding a copy of your letter to both Ministers.

Thank you for bringing your views to my attention. You may be assured that every consideration will be given to your concerns.

Sincerely,

Honourable John A. Fraser
Speaker of the House of Commons
and Member of Parliament for
Vancouver South
