Dear Sirs

As an ordinary Canadian Citizen, concerned about proper, honest dealings in government and the preservation and concern of my tax dollars by government officials I would like to appear before this commission.

I feel that it is the responsibility of our prime minister to uphold the most stringent standards of the law of our land, and in this regard I would like to enquire why there was no proper business registered for this "commercial venture", no partnership agreement made, and no records kept. These are fundamental requirements of the country in setting up any new venture and would be basic knowledge for any lawyer. I would like to ask these simple questions as an ordinary businessman and citizen.

There would be minimal costs for me to appear before the commission, as I am a very frugal person in all my travel.

Thank you for considering me.

Sincerely,
